White Bouquet, New for 1957

The First White Rose to Win An All America Award

C 199 WHITE BOUQUET (P. P. 1415) is the first white Rose ever to win the AARS award, the greatest prize a rose can win. This grand floribunda proved by exhaustive tests in trial gardens all over America that it is the Number One Rose for 1957. The Gardenia-like flowers are large, often measuring 4 to 5 inches across, a sparkling pure white

which contrasts beautifully with the healthy, luxuriant dark green foliage. Makes a bushy plant 1½ to 2 feet tall and almost as wide, covered with spicy-sweet fragrant blooms from June until Frost. Ideal for solid beds, borders, a low hedge or for planting in front of picture windows. From perfect ivory buds to snow white open flowers, White Bouquet will enchant you this season and for many years to come. POSTPAID.

WHITE BOUQUET
NEW 1957
ALL AMERICA
AWARD WINNER

Cardinal Shrub THE SHRUB OF THE CENTURY

\$150 CARDINAL SHRUB (Weigela Vanicek). Since we first called your attention to this unique new shrub, we have grown and sold nearly one million plants. It is rapidly becoming the most widely planted new hardy shrub in America. The reason is simply that it is truly All-American, thriving in the East, the West, the North (except coldest states), the South. Blooms spring, summer and fall. Plants set out this Spring **WILL BLOOM THIS SEASON.**

We wish that you could see them blooming here. In May-June each one is simply covered from top to bottom with hundreds and hundreds of the lovely rosy-red flowers.

They are trumpet-shaped, 1 to 1¼ inches across. After this first big display, there are some scattering blooms throughout the season. If you cut off sprays of flowers and use them for bouquets, the plant will flower even more freely than if you left them on.

At Hamburg, the Cardinal Shrub has withstood 15 below zero without injury. It is so easy to grow, not particular as to soil.

Thrives in full sun or part shade. Makes a shapely bush 6 feet or so tall with excellent foliage. It is the best hardy new shrub which we have ever tested. Also makes a fine untrimmed hedge. Just one in a neighborhood will make those

who see it, want it. Look over your yard, whether large or small. You will find a spot where it will fit in. We ship them to you **POSTPAID**, trimmed ready for planting.

How to Order

In the comfort and privacy of your own home, you can look through this catalog and select Inter-State's Guaranteed Nursery Stock and Seeds.

1. Write your order for Nursery Stock and Bulbs on the order blank on the back of this page.

2. Write your order for Seeds on the order blank at the back of the catalog between pages 82 and 83.

If you run out of our order blanks you can use any sheet of paper, but be sure to put your orders for Seeds and orders for Nursery Stock on separate sheets of paper. You can mail both orders in the same envelope. This will help us both since our Seeds are handled in a separate department and are shipped at once while Nursery Stock is shipped at the proper planting time *in your locality*.

3. Print or Write name, and address on all orders.

In making out your orders please write or print very plainly, giving your full name and complete address, street or rural route. Also list your nearest express office if it is different from your post office as we sometimes ship by *prepaid express* instead of parcel post unless you object. All members of the same family, living at the same address, please order under one name.

4. Order all items by catalog number.

This helps us give you better service and helps avoid mistakes. List quantity, variety and size of items wanted.

5. You can send us money order, draft or check.

If you send currency or cash, wrap it carefully and register your letter. A money order is a better way to send payment.

Please do not ask us to ship C.O.D. The post office and express companies make an extra charge for this service, which makes your cost greater.

Sales Tax

Customers living in Iowa will add 2½% to the amount of their order, which the Iowa Law requires us to collect.

Mail Your Order Early

On page 3 is a list of premiums you get for ordering early. Be sure to list the premiums you wish on your order so all can be sent in one shipment. When you are through with your Spring Catalog, perhaps your neighbor would like to see it. Thank you.

Favorite Glad Special

Elizabeth the Queen, most beautiful and most popular of all lavenders.

June Bells, large, ruffled, snow-white, the florists' favorite white.

Spic and Span, the greatest and most popular of all Glads. Perfectly formed, ruffled flowers of rich pink.

Spotlight Yellow, by far the most popular yellow.

Valeria, marvelous spikes of glowing red, the florists' favorite red.

10 Elizabeth the Queen
10 June Bells

YY1 All 50 Fine Bulbs for only \$1.95 Postpaid

20 Elizabeth the Queen
20 June Bells
20 Spic and Span
20 Spotlight Yellow
20 Valeria

YY2 All 100 Fine Bulbs for only \$3.45 Postpaid

Here are five of the greatest Glads of all time, each the most popular of its color. When you see them blooming in your garden this summer, and when you use them in bouquets and arrangements, you will know why these are the favorites of the florists and everybody else. Lovely colors on graceful spikes, 6 to 8 glorious flowers open at once and every remaining bud will open perfectly right out to the tip. They are fully described on pages 71, 72. We also assure you that they are beautiful, large flowers, exquisitely ruffled.

We send you first quality, fine bulbs 1 to 1¼ inches across (diameter). We can offer them at this special price only because we sell millions of Glads. Each variety is labeled and sacked separately. **GUARANTEED TO PLEASE YOU WHEN YOU GET THE BULBS AND ALSO WHEN THEY BLOOM THIS SUMMER.**

PLEASE HELP US CORRECT OUR MAILING LIST

If your name or address as shown on the catalog envelope is wrong or if you have moved please write below BOTH the right and the wrong.

USE THIS ORDER BLANK FOR NURSERY STOCK AND BULBS ONLY

Seeds will be shipped separately from nursery stock.

FREE! Be sure to put on your order the Premiums you select for sending in your order **EARLY**. See page 3.

Get these valuable gifts for ordering early!

If you send us your order for Nursery Stock EARLY (seeds are not included), you may select Free Premiums as follows:

On Nursery orders of \$5.00 select ONE of these seven Premiums.

On Nursery orders of \$10.00 select TWO premiums, alike or different.

On Nursery orders of \$15.00 select THREE premiums, alike or different.

With each additional \$5.00 select one more premium.

The Premiums you select MUST BE WRITTEN ON THE ORDER, or none will be sent, even if you notify us later. However, if you send us another order, then you can include Premiums you overlooked on a previous order of the same season.

IMPORTANT—If we run short on some items, we reserve the privilege of changing premiums, sending you stock of equal or greater value.

No. 1—25 Superfection Ever-bearing Strawberry, worth **\$2.00**.

No. 2 5 Improved Regal Lilies, large bulbs, worth **\$1.66**.

No. 3—4 Tuberous Begonias, large bulbs, worth **\$1.20**.

No. 4—3 New Phlox, our choice, all different, worth **\$1.45**.

No. 5—3 Fancy-leaved Caladium, large bulbs, worth **\$1.35**.

No. 6—18 Glad bulbs, large size, our choice, worth **\$1.45** or more.

No. 7—1 Everblooming Rose, worth **\$1.10** or more.

Inter-State's Guarantee

1. We guarantee our stock to be true to name. If it proves otherwise, we will replace free or refund the amount you paid us for it.
2. We guarantee our stock to be first quality and to reach you in good, live, growing condition. Examine it carefully upon arrival, and, if you are not entirely satisfied, return it at once and we will replace it free or refund your money.

3. Our stock is carefully handled, and under ordinary conditions should grow for you. But if it does not, owing to the weather and other conditions over which we have no control, we will replace at half price the following season, you to notify us not later than October 1st, 1957, accompanying your report with remittance of one-half original purchase price.

We want you to be satisfied. If anything is wrong, we want you to write to us.

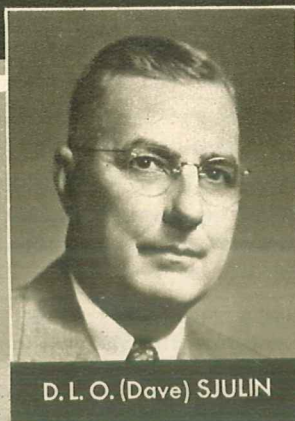

AND THE MEN BEHIND IT

CARL O. (Billy) SJULIN

L. R. (Les) SJULIN

D. L. O. (Dave) SJULIN

The Inter-State Nurseries are owned and operated by three brothers, Carl O., Leslie R., and David L. O. Sjulin (this is a Swedish name and is pronounced "Shoe-lin"). Practically born and raised in the nursery business, we have grown to be the Largest Direct-to-You Nurseries in America, with hundreds of thousands of customers. We have 1600 acres of the finest soil in the world, ideal for growing nursery stock.

What you should know about Inter-State Nurseries

The most important facts are that back of this firm are life-times of nursery experience, plus the best nursery soil, and a sincere desire and effort to please and satisfy our customers.

Our soil, called Loess by the geologists, is very rare, occurring in only a few places throughout the entire world. Even in Iowa, famous for its rich soil, this Loess is rated something very special and super-excellent. We have a long growing season, time to make the husky plants you like to set out. And our winters are cold enough (sometimes 20 below zero) to assure hardness. Normally rainfall is ample. But we have nearly 300 acres under irrigation where we grow perennials and such stock as needs more regular watering. In one of these fields we grew over a million Phlox, the very plants listed on Page 55. They are big plants, the finest we ever grew.

We three brothers, Carl, Les, and Dave worked for a large nursery on Saturdays and school vacations. In 1919 we moved to Hamburg, establishing our own nursery, growing and selling at wholesale to other nurseries. In 1931 we decided that as long as we were growing the nursery stock, we should sell it Direct-To-You, the final customer. So we issued our first catalog Spring 1931.

Now as the years have gone by, we are aided by our sons, who have grown up in the business, and an exceptionally fine organization, many have been with us since our first catalog and even before.

Our new storage

Last year we built a completely new storage, exclusively for roses. Visitors have told us it is America's finest. The temperature and humidity are controlled so that rose plants keep dormant and in perfect planting condition as far into late spring and summer as we wish and providing they are not sold sooner. We also refrigerated

completely our large regular storage for trees, shrubs, etc. This stock will stay dormant and in perfect planting condition until late in the season. **This means we can serve you better than ever before.**

About this catalog

It is not just a sales book, but a Guide to Better Planting. After you look it through, you will agree it is our finest Catalog. We have tried hard to make it more helpful, better illustrations (but it is absolutely impossible to reproduce on paper the real beauty of nature, the texture, the sheen, the glowing colors). You will find New Roses such as White Bouquet on page 1 and Golden Showers on page 47. Perennials that are not only new but better, such as Pink Princess and Penstemon Seeba Hybrids on Page 65. For many years we have devoted much time and effort on the best methods of producing Dwarf Fruit Trees. No nursery in America has a finer selection of these **Amazing Little Giants**, small trees, giant fruits. You will find them on pages 18 and 19.

Finally

This then is a short story about the Inter-State Nurseries, a national institution, the largest of its kind. It has helped to make America More Beautiful, More Fruitful. Its proudest possessions are the thousands of voluntary letters telling about the greater enjoyment, better health, more beauty, and the satisfaction of making homes better places in which to live.

And please, we welcome your suggestions, telling us how we can serve you better.

Important Information

Helpful Planting Guide *Free!*

With every nursery stock order, we send Free a Planting Guide. It tells in a clear, simple way how to plant so that even if you have never done any planting, you can have success. It tells, also, how to prune, water, care for plants over winter, how far apart to plant, etc.

AMERICA'S LARGEST DIRECT-TO-YOU NURSERIES

Because we grow and sell direct-to-you more nursery stock than any other nursery, we can sell first quality stock at reasonable prices. Our soil is rated the finest in all America for growing nursery stock. It produces wonderful roots and fine tops. If you have never planted any of our seeds, order some this year. They are guaranteed to grow.

CENTRALLY LOCATED

We are located near the geographical center of the United States, with railroad facilities that enable us to ship promptly in all directions, North, South, East and West.

SALES TAX

The Iowa law requires us to collect a sales tax of 2½% on all orders sent to us BY PEOPLE LIVING IN IOWA. Iowa customers will please add this amount to their orders. BUT PEOPLE NOT LIVING IN IOWA DO NOT SEND ANY SALES TAX.

How to Order—See back of order blank opposite page 2.

It's Easy to Order by Mail From Inter-State

You can relax in the comforts of your home while you order by mail from Inter-State Nurseries. Pick out the items you want to plant this spring from the 84 colorful pages of this catalog. Write your order for Nursery Stock on the order blank opposite page 2 or use the one opposite page 83 if you order Seeds. Fill in your full name and complete address and enclose your remittance either by money order, check, bank draft or currency. If you send currency, please register your letter. Mail to us and when the proper planting time comes for your locality, we will ship your order Direct-to-You. Plant the stock, watch it grow and enjoy the added beauty and fruitfulness of your home.

We Pay Postage except large trees are shipped express collect

Please note that most items in this catalog are DELIVERED TO YOU, POSTPAID. This means that you pay no postage or handling charges on those items. Some Fruit and Shade Trees listed "Not Postpaid" are too large to go by parcel post. They are shipped by express, you pay the express charges. **We include extra stock to help pay the express.**

In some orders there are trees which must go by express and also some stock (shrubs and roses) which would go parcel post. To avoid making two separate shipments of trees, shrubs and roses (see below), we send these entire orders by express. For this privilege, we include extra stock which has a greater value than the additional express charges amount to.

Nursery Stock is shipped at proper planting time.

Nursery Stock and Seeds are not shipped together. Seeds and Supplies are shipped at once. Nursery stock is shipped at proper planting time in your locality. We are equipped so that we can start shipping to southern states early in the year. As the season advances, we keep shipping farther north until in May we are shipping to the most northern states. If you want your order shipped on a particular date, please write this on your order.

Separate Shipments—Please read this carefully

Trees (both fruit and shade), shrubs, hedging, small fruit plants, vines (excepting Clematis) and roses are shipped first, because they should be planted first as they can stand late frosts and cold snaps after being planted. But perennials, bulbs, clematis, should not be planted as early, therefore they are shipped separately often 2 or 3 weeks later. So your order may be sent in several separate shipments in order that you get your stock at the best planting time and give you the best results. For example, if you have ordered roses, shrubs or trees and also perennials or bulbs, you will get the roses, shrubs or trees first and the perennials or bulbs later. After you get the roses, shrubs, you need not write us about not getting perennials or bulbs as we will ship them a little later on.

New Method of Wrapping

We are now using a new product, Polyethylene or Polyethylene-coated kraft paper, which retains the natural moisture of plants for several days yet allows them to "breathe". Exhaustive tests by leading colleges and universities and practical use have proven this to be the best method of shipping nursery stock. It means that your nursery stock will arrive in perfect condition EVEN WITHOUT MOSS OR OTHER PACKING MATERIAL. If shipment arrives during a spell of bad weather, you can leave it in the package for several days. Of course, you should plant as soon as you can because the sooner you get it in the ground, the sooner it starts growing and the quicker you get flowers or fruit.

INTER-STATE NURSERIES, INC., Hamburg, Iowa
MEMBER—American Association of Nurserymen

Send Living Gifts That Will Be Cherished for Years

For Christmas, Birthdays, Mother's Day, Easter, Anniversaries, Any Occasion

Each year more and more people wish to send their friends and loved ones Living Gifts. It is very easy to do.

You select from our catalog whatever you wish us to send. With your remittance, give us the name and complete address to whom

you want it shipped. We will send this party a suitable Gift Certificate giving your name as donor and listing the stock you selected (without prices). It will be shipped at the proper planting time. *We guarantee satisfaction to you and to those receiving the gifts.*

FRIENDS OF THE GARDENER

... for Healthier Plants,
Lovelier Flowers, and Better Fruits

HERE ARE SOME
USEFUL SUPPLIES
CARRIED IN STOCK AT
ALL TIMES, AVAILABLE
FOR IMMEDIATE SHIPMENT

USE PEAT MOSS AS A SOIL CONDITIONER FOR BETTER GROWTH

This is a special Horticultural All-Purpose Peat which can be used for Azaleas, Blue Hydrangeas, also Roses, Shrubs, Perennials, Trees, etc. Especially fine for lawns and gardens. It is almost 100% humus. Mix $\frac{1}{4}$ of this Peat with soil when planting. Helps soil hold moisture and is a wonderful soil conditioner, as it stimulates bacterial growth. In our own work, we have found Peat Moss to be far more effective than a chemical soil conditioner.

K 15 1 Bushel Peat Moss for \$2.95 Postpaid
K 14 $\frac{1}{2}$ Bushel Peat Moss for \$1.95 Postpaid

USE HUDSON DUSTERS

for applying Rose Dust or
Bug-Dust-O-Cide

K 48 1 Hudson "Admiral"®
Duster for \$2.95

America's best known hand duster. Ideal for use in home gardens and yards. Easy to use, large capacity—holds 1 pound of dust which eliminates constant refilling. Long, 21-inch extension with all-angle swivel nozzle makes it easy to reach out-of-the-way places. Each duster is factory-tested and guaranteed. Healthy plants mean better flowers. Dust regularly with Inter-State's Rose Dust and Bug-Dust-O-Cide and the Admiral Duster. Postpaid.

Hudson Admiral pictured above

K 49 1 Hudson "Adjutant"®
Duster for \$1.50

An economical duster for the home garden. Holds 1 pound of dust. Complete with 20-inch extension tube and 2 interchangeable nozzles for a variety of dusting jobs. Every duster tested at factory and guaranteed. Postpaid.

BUG-DUST-O-CIDE

For Insects and Plant Diseases

1. **NON-POISONOUS TO HUMANS AND DOMESTIC ANIMALS WHEN USED AS DIRECTED.**
2. **MULTI-PURPOSE**—Has a triple action on certain insects—as a stomach poison, a contact poison and as a repellent.
3. **EFFECTIVE**—Satisfied users everywhere recommend Bug-Dust-O-Cide.
4. **EASY-TO-USE**—ready to apply—no mixing, no fuss or bother.

FORCE'S MOLE KILLER

KILLS THE MOLES IN THE GROUND

No Traps • No Gas • No Exposed Poison

Compounded from the mole's natural food and made in pellet form, ready to use. It also contains a poison deadly to moles, killing them right where they live, in the ground.

Guaranteed to Kill Moles or Money Refunded

Use according to the simple instructions with each package. Guaranteed to kill the moles or purchase price will be refunded. To quickly eradicate the entire family of moles, place these Pellets in all visible runways, at intervals of two feet. Moles readily seek these Pellets, eat them and die. These Pellets if placed around the edge and throughout a freshly made flower bed, will eliminate the loss of bulbs or plants. Keep an ample supply of Force's Mole Killer Pellets on hand at all times to treat new runways as soon as they appear. POSTPAID.

For More and Larger
Berries

K 18 3 Oz. Pkt. for
\$1.00 Postpaid

BERRY-SET makes berries grow much larger (often 50 to 100% larger), meatier, sweeter and more luscious tasting than untreated plants. Yields are also greatly increased by a longer bearing season. Strawberries will have fewer seeds.

EASY TO USE AND
THOROUGHLY TESTED

All you do is mix Berry-Set (a Hormone Powder) with water and spray it on the blossoms of your Strawberry, Raspberry or Blackberry plants. It will reward you with greater yield and value from your berry patch. Berry-Set has been tested by leading universities whose results prove that it greatly increases the size of the fruit and yield. Try Berry-Set this Spring. Complete instructions on every package. POSTPAID.

RA-PID-GRO

COMPLETE PLANT FOOD

For Better Flowers, Better Lawns,
Better Shrubs and Trees, Better Gardens

K 160 1 Pound for \$1.35, Postpaid

We wish everybody would use Ra-Pid-Gro. It will greatly increase the enjoyment you will receive from your lawn, garden, roses, trees and shrubs. RA-PID-GRO is a concentrated, complete plant food (23-21-17 plus trace elements). Easy to use, all you do is mix with water. Economical, 1 pound makes 22 gallons of quick-acting fertilizer. Dual Purpose, use for foliage feeding and around plants. Effective, you will get more and larger flowers and fruit and better growth from all of your plants when you use RA-PID-GRO.

USE RA-PID-GRO WHEN PLANTING

When Planting, you simply put 4 level teaspoonfuls of RA-PID-GRO in 1 gallon of water (8 level teaspoonfuls in 2 gallons of water, etc.). Soak the roots of roses, shrubs, and trees 3 to 4 minutes; just dip perennial roots and strawberry plants for a second or two. Small fruits should be soaked for 1 minute. Plant immediately, protecting all roots from sun and wind, and pour the solution around the newly planted stock and water well.

USE RA-PID-GRO EVERY 2 OR 3 WEEKS

Use RA-PID-GRO every 2 or 3 weeks throughout the season for the best results from both new and old plantings. Water thoroughly after fertilizing. It is marvelous for invigorating lawns. For use on lawns and large areas, we have a special nozzle attachment for your hose which automatically measures the correct amount of RA-PID-GRO. It costs \$1.75, Postpaid. You do not need this nozzle for ordinary garden use. Try RA-PID-GRO at our risk. If you are not entirely satisfied, your money will be refunded. Instructions on every package.

NEW IMPROVED HOME ORCHARD SPRAY

K 80 1 Pound for \$1.95, Postpaid

K 81 3 Pounds for 4.95, Postpaid

This amazing new home orchard spray contains three of the newest and most potent insecticides and fungicides, Captan, Malathion and Methoxychlor, all scientifically combined in one Multi-Purpose Spray. You merely add water. One pound makes 12 gallons of spray. It is ideal for home fruit growing as this one spray controls insects and diseases in one spray material. It controls such insects as curculio, codling Moth, Oriental Fruit Moth, Japanese Beetle, Leaf Rollers, Aphids, etc.; and diseases like scab, blotch, brown rot, cedar rust, leaf spot, etc. It also can be used as a dormant spray. Home fruit growing can be made pleasant and profitable. Simple directions on the package. This Multi-Purpose Spray does three things:

1. Contact insecticide killing many insects by contact.
2. Fungicide for diseases.
3. Control for chewing insects.

And it can be used right up to harvest.

NEW "ARTOX" KILLS CRAB GRASS

K 60 3 ounce can for \$1.00, Postpaid

Artox contains Sodar, the new formulation which KILLS Crab Grass. You can have a beautiful lawn without digging, raking or hard work to get rid of the No. 1 lawn pest, Crab grass. Just mix ARTOX with water and spray it on. ARTOX kills Crab grass, both young and old plants, without damaging the regular lawn grasses. Economical, the 12-oz. size covers up to 3,600 square feet depending on the amount of Crab grass. Complete instructions on the can.

ROSS ROOT FEEDER

Root Feeding for Improved Plant Growth

K 26 Each \$5.95 Postpaid

with one dozen regular fertilizing cartridges included

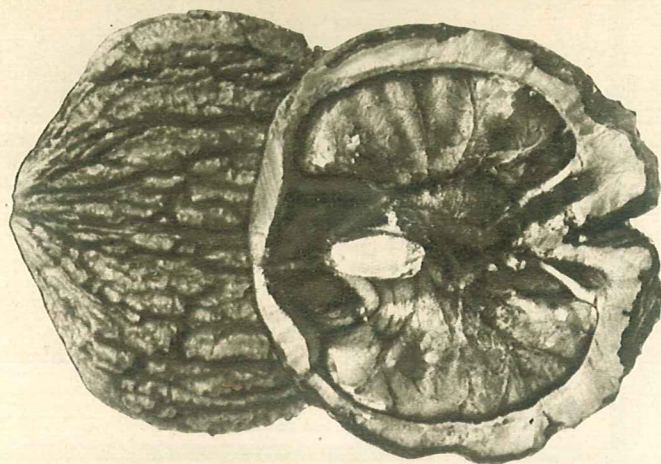

The Ross Root Feeder puts the fertilizer and water directly to the roots. Produces healthier and more vigorous growth. Especially fine for roses, shrubs and trees. You can fertilize and water at same time or you can just water. Needed all season. In the spring it is a quick booster for old and new plantings. In the summer insures food and water during dry spells. In the fall very necessary to put moisture down at the roots to prevent winter damage. Simple, easy to use, nothing to get out of order and lasts for years. For watering, just attach to hose. For fertilizing, place cartridge in the chamber, attach to hose and water.

Keep a supply of cartridges on hand. Postpaid

K 27 12 Regular cartridges (8-16-8) used for most plants, shrubs, roses, trees. \$1.00.
K 28 12 Acid cartridges (10-20-20) used for evergreens and acid loving plants like Azaleas, Blue Hydrangea, etc. \$1.00.
K 24 12 Rose cartridges (15-25-10) develops outstanding blooms and gives foliage a healthier, dark green color. Contains chelated Iron. \$1.00.

Plant Nut Trees for profit, beauty, shade and food

Thomas Black Walnut, Actual Size

THOMAS BLACK WALNUT

N 1 When the long cold evenings of winter come, what a pleasure it is to crack some Black Walnuts to eat or for fudge, or for mother. She can use them in so many different ways and what a delicious flavor they add. Everybody likes Black Walnuts, but the common Black Walnut is small and it is hard to get out the meats.

Now you can have the Thomas grafted Black Walnut, which is giant size with kernels much larger, better flavor and much easier to get out. Thomas is fast growing and produces very large nuts. It is the greatest nut tree of the country. You should plant it because—

1. It bears very young, often second year after planting. A mature tree will produce 15 to 40 bushels of giant size nuts which sell for \$4.00 or more per bushel.
2. The nuts are immense size as pictured above. They crack easily so the meats come out in halves and quarters. A bushel of nuts cracks out 10 to 12 pounds of meats.
3. The nuts are delicious flavor and because they are so large and plump and come out in halves and quarters they sell for \$1.25 or more a pound.
4. It will grow in almost every state in America. It is not particular as to soil.
5. Plant a tree or two for your own use. If you have room, plant more for profit. Plant 50 feet apart and 2 or 3 inches deeper than they stood in the nursery.
6. In time the tree will grow large and walnut logs are becoming scarce. If you wished you could sell the trees for lumber at a good price. These are grafted trees and grow rapidly.

Newly planted Walnut, Pecan and Chestnut trees are slow to start. After digging hole, fill it with water, twice is better than once, to thoroughly soak the sub-soil. After planting, water again. Then if weather is dry, water every 2 weeks. When you water, do it thoroughly. The moisture must get down to the roots. We have found that using Ra-Pid-Gro (page 7) when planting and several times during the summer is beneficial. It is a quick acting fertilizer, stimulating growth.

HIRSCHI HARDY PECAN

Hardy, Thin Shelled, High Quality, Bears Young and Heavily

N 40 Hirschi Pecan is a new variety found near Kansas City by Mr. A. G. Hirschi, the eminent authority on Nuts, specializing on Walnuts and Pecans. Unlike most Pecans, the Hirschi starts bearing very young, bears regularly and heavily. The nuts are good size, very thin shelled and crack easily into full halves. The quality is very high, having the rich full flavor of the native pecan.

We have it growing at Hamburg but it will be several years before we know exactly how far north it can be grown. We know that it lives, bears and matures its nuts fully near Kansas City. We do not advise planting the Hirschi farther north than Hamburg until we learn more. The tree with its rich green foliage, perfect form, is attractive enough to plant in your front yard.

We believe this is the best hardy, high quality, thin-shell Pecan. Mr. Hirschi informs us that it not only extends the Pecan area hundreds of miles farther north, but that tests have shown it to be remarkably successful in the regular Pecan sections of the south. So few trees are available that we will sell only 1 tree to a customer as we want to get them distributed as widely as possible.

CHINESE CHESTNUTS

*Blight Resistant
Large, Sweet Nuts
Bear Very Young*

N 17 These Chinese Chestnuts are seedling trees from selected parents which have been found to be superior. They start bearing very young, the larger sizes bear generally just a year or two after planting. The nuts are large, sweet, fine flavor. They develop into rather large, handsome trees, attractive enough to plant in your lawn

as a shade tree. They are entirely hardy with us but we do not recommend planting them where temperature regularly falls to more than 15 below zero. Yields will be larger if you plant two trees so they can cross-pollinize.

HARDY ENGLISH WALNUTS Carpathian

N 30 You know what the popular English Walnuts are which are grown on the west coast. These Carpathian English Walnuts are just like them, thin-shelled, fine flavor but the Carpathians are far hardier. They will live and bear in all but the most extreme cold states like Minnesota, Dakotas, etc. Our trees are propagated by grafting from a selected tree which started bearing young, heavily, regularly and has proven hardy. They develop into quite large specimen trees, magnificent in the lawn or back yard.

Fresh from Your Own Garden!

WONDERFUL, TASTY

Rhubarb

Rhubarb is the earliest spring vegetable. Some list it as a fruit because once planted it lasts a lifetime, coming up year after year without special care or attention. Plant 3 to 4 feet apart, covering the crown with 2 inches of soil.

We do not list the common Rhubarb because these two kinds are so far superior. In the first place they are much larger, far better flavor, sweeter and the skin of both is so tender that they need not be peeled. Also you can use them for many weeks, spring and summer. Both are very productive with large, tender, juicy stalks. Ordinarily these are seedless but if a seed stalk should develop, cut it off at once as it takes strength from the plant. POSTPAID.

A 65 Chipman's Canada Red—This new rhubarb has large stalks that are red from top to bottom, even the flesh is red. It does not lose this rich color in cooking. Juicy and sweetest of all, takes less sugar. Seedless. Skin is so tender you need not peel it. Very productive, you can pull the stalks all spring and summer.

Each \$1.00, 3 for \$2.65, 6 for \$4.85

A 61 MacDonald Red—A tremendous producer of giant size stalks all spring and summer. Stalks are 18 to 24 inches tall, many half as thick as your wrist. Seedless. It is 2 to 3 times larger than common rhubarb, far more tender, delicious and sweeter. Its bright red skin and tender flesh makes very attractive and fine tasting sauce and pies. Skin so tender it needs no peeling.

Each \$1.00, 3 for \$2.65, 6 for \$4.85

NEW EXTRA CHOICE GRAPES

Many homes have Concord grapes only. You do not know what you are missing. You should try some of these new kinds. They are just as hardy as Concord. They bear regularly and heavily and they have an entirely different flavor.

A 108 Caco—My, such great big red grapes, so rich and sugary with an unusually sweet flavor. A strong grower, bears young, heavily and regularly.

A 110 Portland—Ripens very early, a few days before Fredonia. Fruit is large, attractive amber-white. And it has the most delicious, rich, spicy flavor. Bring in a bowl-full and you will have to go back for more and more. Vigorous and productive.

A 112 Van Buren—This new grape ripens a few days before Portland. Fruit is large, blue-black, sweet, juicy, delicious. Hardy and productive. It is fruiting for us and we rate it very highly. Plant at least one for the first ripe grapes of the summer.

LUSCIOUS *Black Raspberries*

They ripen after strawberries and just ahead of red raspberries. Plant them 3 to 4 feet apart in the row and the rows 6 to 7 feet apart. You can plant a row across the back of your garden. Our Planting Guide, sent with all orders, gives you easy-to-follow instructions about taking care of them. If you make a mulch of lawn rakings or a mixture of straw and leaves and put around the plants in the spring, you will have almost no weeding and hoeing to do and besides this mulch helps hold moisture so the plants produce better. They do fine in part shade, especially afternoon shade.

BRISTOL BLACK RASPBERRY

A 94 Many believe Bristol to be the best midseason black raspberry. A tremendous producer of large, luscious, glossy jet-black berries even in thin soils where other varieties are failures. The delicious berries are not only sweet and juicy but have an unusually rich black raspberry flavor. They are almost seedless which makes them especially fine for making juice and for freezing. We receive reports from over a wide territory telling of the success of Bristol even in southern states where other varieties fail. Set out a large patch and enjoy the fresh, home-grown berries, so much better than those you buy. POSTPAID.

Blueberries, below

Gooseberries For pies, jams, sauce, jelly

A 159 Pixwell—Pictured at right, this new gooseberry is by far the best we have ever grown. It is a tremendous bearer of medium large, good quality berries. Moreover they hang down on the underside of the branches so they are easy to pick. The plant also is not nearly as thorny as other kinds. It bears very young, the next year after planting. The berries pictured actual size averaging 1/2 inch. Color is light green, turning pink when fully ripe. Plant 3 to 4 feet apart. Read NOTICE BELOW AT THE RIGHT.

Big 2-Year No. 1 Plants
Each \$1.00, 3 for \$2.85, Postpaid

Currants For the finest Jelly and Jam

A 148 Red Lake—This new variety is rapidly replacing the older kinds. We think that it is the most productive, the best quality of all currants. Pictured actual size, the berries are very large, the clusters are long and filled out right to the end. The color is a bright glossy red and makes the most beautiful and finest flavored jelly. They grow in ordinary garden soil. Plant them 3 to 4 feet apart. Please read NOTICE AT RIGHT. They bear regularly. Our big 2-Year No. 1 plants will start bearing next year after planting.

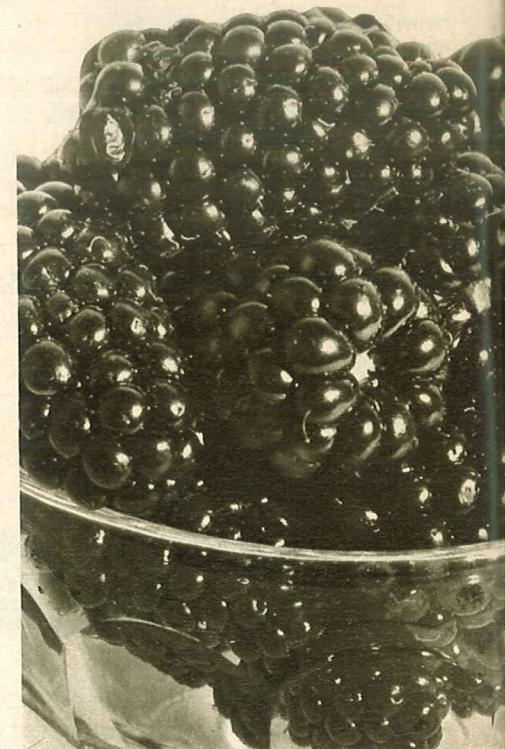

Each 65c, 3 for \$1.65, Postpaid

Thornless Boysenberries

IMMENSE SIZE • DELICIOUS

A 140 Thornless Boysenberry—We have seen berries fully 2 inches long. The fruit ripens over a period of almost 2 months. Eat them fresh for weeks, use them for pies, sauce, preserves and fruit juice. Just like the original Boysenberry but absolutely Thornless. They are almost seedless and a very deep maroon, almost black color when ripe. Plant 8 to 10 feet apart each way. In cold sections it requires winter protection. POSTPAID.

**Each 35c, 5 for \$1.35, 10 for \$2.45,
25 for \$4.45**

IMPORTANT NOTICE

On account of federal regulations we ship Currants and Gooseberries only to the following states—Alabama, Ariz., Arkansas, Colo., Florida, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Mississippi, Missouri, Nebraska, Nevada, N. Mex., N. Dak., Oklahoma, S. Car., S. Dak., Texas, Utah, Wyo.

Blueberries, GROW THEM YOURSELF

These are the popular cultivated Blueberries with large berries. Eat them fresh or for pies and wonderful for freezing. The bushes themselves are attractive with white flowers in the spring and waxy green foliage which colors red in the fall. Many folks plant them in their front yard with the shrubs. We sell only the three varieties together because they must be planted in a cluster, 4 to 6 feet apart, so they can cross-pollinate. We have selected the 3 most popular varieties. Branched 3-year-old plants, almost 2-feet tall that will bear next year after planting.

With each collection we include Free, 1 pound of Aluminum Sulphate. Mix 1 tablespoon per gallon of water when watering after planting and again in the summer. This will make your soil acid, the type of soil in which Blueberries do best.

LARGE, JUICY Strawberries

FRESH FROM YOUR OWN GARDEN

From Inter-State's Virus Free Plants

Every home should have a strawberry patch. It does not require much space and there is nothing better than delicious, home-grown fruit. All the varieties on page 13 are June-Bearers, the New, Virus-Free Strains developed originally by the U. S. Department of Agriculture. This is the greatest advance ever made in strawberries. Tests prove that the **PLANTS LIVE LONGER, BEAR MORE HEAVILY AND THE BERRIES ARE LARGER.** Set out some this spring. They will make lots of new plants this summer and next spring you will pick many quarts of luscious berries in your own garden instead of buying them. For home use set the plants 12 to 24 inches apart in the row and the rows 3½ feet apart. **ALL STRAWBERRIES ARE POSTPAID.** Exhaustive tests have proven that using Polyethylene bags or Polyethylene coated paper is by far the best way to ship them. It holds their natural moisture and they reach you in perfect condition.

NEW EARLY PREMIER

Postpaid		100 for \$3.75
25 for \$1.35	50 for \$2.25	
200 for 5.95	500 for 12.50	1000 for \$22.50

A 5 Premier is by far the most popular extra early strawberry. It is our first variety to ripen. Very productive and produces berries for many days. Berries are very large, firm, rich red color and good quality. Because the blossoms are frost-resistant, it is a sure bearer. Plant some for the first ripe strawberries, for eating fresh and for canning or preserving. Self-pollenizing.

DUNLAP, MIDWEST'S FAVORITE

Postpaid		100 for \$3.25
25 for \$1.25	50 for \$1.95	
200 for 5.45	500 for 11.95	1000 for \$21.50

A 3 Senator Dunlap is generally called "Dunlap" for short. We have sold countless millions of this grand strawberry. It is by far the most popular and widely planted in the middle west. Hundreds of thousands of families, every summer, enjoy the fruit. It is so dependable, seems like it never fails to produce a good crop.

Ripens in midseason and is simply delicious to eat fresh, can, preserve and freeze. The fine berries are bright red, easy to pick, easy to stem and tops in quality. Day after day, you can go out and pick a bowl full. Self-pollenizing so it bears even if planted alone. It has stood the test of time simply because in its make-up, nature favored it with an iron-clad, disease-resistant constitution.

NEW BLAKEMORE

Postpaid		100 for \$3.75
25 for \$1.35	50 for \$2.25	
200 for 5.95	500 for 12.50	1000 for \$22.50

A 4 Blakemore—There are probably more Blakemore sold throughout the United States than any other variety simply because it does so well. Ripens a few days before Senator Dunlap. Especially fine for preserving, canning and freezing because it holds its rich color and shape so well. Best not to let Dad or the children pick them, because they will eat so many right in the patch. The berries are large, firm, attractive red color and good quality. Self-pollenizing so bears well even if planted alone. Very dependable, bears large crops every year.

SEE PAGE 3 FOR FREE PREMIUMS.

25 for \$1.35	50 for \$2.25	
200 for 5.95	500 for 12.50	1000 for \$22.50

A 11 Robinson is a fairly new variety that you certainly should try out. We have fruited it here at Hamburg for several years and each passing year we think more and more of it. We rate it very highly. First of all, it is such a tremendous producer. Starts ripening just about the time Dunlap is finishing and continues for many days. The berries are very large, just a few fill a box or bowl. They hold this large size right up to the end. The color is such an appetizing bright red, grand for eating fresh and simply grand with sugar and cream. Bears so heavily that you have plenty for preserves or freezing. Self-pollenizing.

MAMMOTH ARMORE

Postpaid		100 for \$3.75
25 for \$1.35	50 for \$2.25	
200 for 5.95	500 for 12.50	1000 for 22.50

A 16 Armore—midseason. The berries are simply huge, bright red, firm and excellent quality. The fruit holds its size right to the last picking. Fruits over a long period of time which means you will have the delicious berries for many days. Productive because the berries are so large they soon fill a box or dish. If the family will let you, save some for company and just listen to their compliments and amazement at size and flavor. Self-pollenizing.

NEW TENNESSEE BEAUTY

Postpaid		100 for \$3.75
25 for \$1.35	50 for \$2.25	
200 for 5.95	500 for 12.50	1000 for 22.50

A 14 Tennessee Beauty—We consider it one of the very best new Strawberries and reports from many states confirm this. Ripens in mid-season. The berries are large, bright red, firm and high quality. Use it Fresh, for Canning, Preserves, Freezing. Fine flavor, holds rich color in sauce, preserves and when frozen, firm and solid. Very productive and holds its size right to the end.

A DELICIOUS TREAT FOR FAMILY AND FRIENDS!

PLANT *Everbearing strawberries* **THIS SPRING AND EAT THEM
THIS SUMMER AND FALL!**

Every home should have a strawberry bed. These Everbearers WILL BEAR THIS SUMMER AND FALL. Tests have shown that they will bear the most if planted 12 inches apart each way in beds of 3 rows. Fertilize the ground with a complete fertilizer like Vigoro, Milorganite, etc. Then mulch the entire bed with sawdust, ground corn cobs, lawn rakings, fine straw, etc. Cut off all runners. In dry weather water thoroughly every 10 days. You can get as much as 12,000 quarts or more per acre. Let your boys and girls make a bed and sell the surplus for their spending money. Here they sell readily at 50c per quart.

Red Rich

The Sensational New Everbearer

All America Is Talking About

**Large Size, Rich Red Color,
Productive, Finest Flavor**

A 8 Red Rich (P.P. 993)—All America is talking about this amazing new everbearing strawberry. The big, beautiful berries make you hungry just to look at them. When you eat them, you will agree that they certainly have that sweet, delicious, real strawberry flavor. Large, firm, red all the way through and so sweet that you need but little sugar. Perfect for preserves and freezing because they hold their color and shape. Plant some this spring. You will have fruit **THIS SUMMER AND FALL.** Next year you will have berries spring, summer and fall. The plants themselves are so attractive with their abundance of large, deep green foliage that some folks who do not have a fruit garden, set the Red Rich plants in the perennial border. You get good foliage, attractive plants, blossoms and wonderful fruit. Be sure and plant some this spring.

Streamliner

Will Bear This Summer and Fall

A7 Never has a new strawberry become so popular as quickly as Streamliner. The reasons are simply that it produces so heavily the big red berries of such fine flavor. PLANTED THIS SPRING IT WILL BEAR THIS SUMMER AND FALL. Then next year it will produce a tremendous crop in June and after a short time it will start in again and keep on right up to freezing. The Berries are Big, Red, Sweet and DELICIOUS. Streamliner is self-pollenizing so can be planted alone. Eat them, preserve them, freeze them. We want to repeat Streamliner has that rich, sweet real strawberry flavor.

← Superfection

THE GREAT NEW EVERBEARING STRAWBERRY
YOU WILL GET A BIG CROP THIS SUMMER AND FALL

Superfection

A9 It is a tremendous bearer. You will have delicious berries this summer and fall. And next year it will bear spring, summer and fall. The berries are big, firm and bright red and red all the way through. Serve them with cream and sugar. For preserves and freezing they are excellent, because they hold their shape and color. It is mighty fine when you can go out in your garden and pick fresh ripe delicious strawberries (saves on the grocery bill, too) spring, summer and fall. Strawberries have always been considered the most delicious of all fruits. Now it has been discovered that they are also very healthful. A couple of rows across your garden will give you lots of berries. Superfection is self-pollenizing. Water well in dry weather.

In the 1951 Iowa State College testing garden at Ames, SUPERFECTION was the heaviest yielder of all Everbearers tested. It produced at the amazing rate of 11,814 quarts per acre during the 1951 season. This was for plants planted in the spring of 1951. They were set 12 inches apart each way in beds of 3 rows. The runners were cut off all season. The beds were summer mulched with ground corn cobs, fertilizing the ground first. You can mulch with lawn rakings, find straw, saw-dust. ALMOST 12,000 QUARTS PER ACRE THE VERY FIRST YEAR PLANTED. At 40c per quart worth almost \$5,000.00.

Black Hawk The Finest Black Raspberry in America

A 95 Black Hawk is a new Black Raspberry originated by Iowa State College, Ames, Iowa and introduced Spring 1955. It has been thoroughly tested at Ames and Council Bluffs, Iowa and has out-yielded all other varieties included in the test. In favorable years it produced as much as 5000 pints per acre at Council Bluffs. The berries are large to very large, many being $\frac{3}{4}$ inch in diameter. The quality is simply grand, sweet, juicy, richest flavor. Eat them fresh, can them, freeze them or in pies or jam. Anyway you use them, they are wonderful eating. At Ames, usually begins ripening first week in July.

The plants are strong, healthy, vigorous growers and tremendous producers. The berries are firm and stand up well in shipping and handling. Plant them 4 feet apart in the row and rows 8 feet apart. Use the richest soil you have and if weather is dry before ripening, water thoroughly every week. You will be richly rewarded. We believe this is the greatest Black Raspberry in America. Just a few plants in your back yard will give you the delicious fruits. But of course, if you have room, plant more.

September GIANT SIZE

THE NEW EVERBEARING RED RASPBERRY WILL BEAR THIS SUMMER AND FALL

A 84 September is a new red raspberry which bears the usual crop in early summer on the old canes. Then the new canes start bearing around mid-September and continue until freezing weather. The berries are simply huge, the largest red raspberries we have ever seen, much larger than pictured. Bright red color, good quality. Eat them fresh, for pies, jams, sauce. Wonderful for freezing. Our large 2-Year plants will produce some berries this season so you will get just a taste of the delicious fruit you will get in future years. Nearly every home has room for some of these. They soon pay for themselves. Just think of the benefit and pleasure of picking these huge delicious berries fresh in your own garden. Last fall they were still bearing here in late October. Plant 3 to 4 feet apart.

INTER-STATE Cherries

Every home should have at least one cherry tree. Bear very young and regularly. You have a handsome tree, lovely flowers and the healthful fruit. We believe that we grow here the finest cherry trees in America, fine branched tops and wonderful roots. Plant 15 to 20 feet apart.

F 76 Black Tartarian—The big, almost black sweet cherry everybody likes. Ripens in late June. Fine for eating fresh, canning and freezing. Plant a Napoleon beside it so they can cross-pollinize and produce much more.

F 84 Napoleon (Royal Ann)—Yellow with a pink blush. Fruit is large, sweet and delicious. Fine for eating, canning and freezing. Ripens in early July. Good pollinizer for Black Tartarian.

F 78 Yellow Glass—The hardiest of all sweet cherries. The fruit is large, bright yellow with the real sweet delicious flavor.

MONTMORENCY *America's Favorite Cherry*

F 81 Montmorency—This is the most popular of all cherries, largely because it is the best of all for canning. And it tastes mighty good to eat fresh right off the tree, especially when fully-ripened, home-grown. The fruit is large, firm, very fine flavor. Ripens about 10 days after Early Richmond. The tree is a rather short grower so the fruit is easily picked. Bears heavily and regularly. Be sure you have at least one tree in your yard. It is handsome enough that many people plant it in their front yard. If you have room for but one cherry, then we recommend this. You simply cannot beat it for eating fresh, for canning, for freezing, for pies, cobbles, preserves. This is the virus-free Gilbert Strain. Self-pollinizing.

METEOR, *New, Finest Pie Cherry*

F 85 Meteor—A new cherry from the Minnesota Experimental Station. The fruit is very large, rich red and excellent flavor. Good for eating fresh, for pies, cobbles, preserves and freezing. Very hardy, it will grow in cold sections where cherries could not be grown heretofore. Healthy, very resistant to leaf spot. The original tree growing near Minneapolis has never failed to bear fruit since it started many years ago. Bears young. Attractive enough to plant right in your front yard. Heavy bearer. Self-pollinizing.

F 82 New McClain—Large fruit, rich red color and delicious flavor. Ripens with Montmorency. Bears young, often next year after planting. Fine for eating fresh, for pies, preserves and freezing. Self-pollinizing.

F 79 Early Richmond—The first cherry to ripen. In June, full of the bright red, juicy, delicious fruit. Starts bearing young. Self-pollinizing.

F 80 English Morello—Last cherry to ripen, 2 weeks after Montmorency. Fruit is large, almost black when fully ripe, sprightly acid. Bears very young and heavily. Self-pollinizing.

Big Delicious Apricots

GROW FRUIT LIKE THIS IN YOUR OWN YARD

Golden
Giant
Apricot

Ripening right after cherries and before the peaches, apricots are one of the most delicious fruits especially when picked fully ripe. They are all free-stone, fine for eating fresh, sauce, preserves, pies and freezing. Plant 20 feet apart.

F 25 Golden Giant (Plant Patent No. 1,053). This is the finest Apricot we have ever seen. The size is immense, 2 inches across and over 2 inches long, even larger than pictured. The color itself is appetizing, golden-orange with a light blush. For flavor we simply tell you that it is the finest you ever ate, sweet, juicy, tender, delicious. Even if picked fairly green, it develops this fine flavor whereas ordinary apricots when picked green taste insipid. It is a tremendous bearer. Has missed only 2 crops in many years at Grand Junction, Colorado, the home of the originator, Dave Moore. It has borne there when all other varieties failed. It makes a large attractive tree so you can plant it in your yard if you are short of room. For eating fresh, for canning, for preserves, for freezing, GOLDEN GIANT is in a class by itself. In apricot fruit districts we recommend that orchardists try some. We believe they will find this is just what they have been looking for. Its huge size, attractive color, fine flavor top the market. Golden Giant is **SOLD ONLY BY INTER-STATE NURSERIES**. Order today to make sure that you get yours this spring.

F 29 Hungarian—Large fruit of the highest quality. Hardy and good bearer. We recommend this highly.

F 24 Manchurian—A very hardy apricot from South Dakota. Especially adapted for extremely cold sections. Medium size, golden-orange fruit.

F 23 Perfection—Fruit is large, beautiful and delicious. Flesh is so firm even if picked nearly ripe, it can be shipped. Hardy, vigorous grower, heavy bearer.

F 26 Superb—This fine variety originated in Kansas and has been largely planted in the middle west. Hardy, productive. Fruit is medium large, orange-yellow, flesh firm, high quality.

6-in-1 Apple Tree

F 72 This 6-in-1 Apple Tree has six different kinds of apples, all on one tree. They are six of our best, most popular kinds, giving you fruit from early summer well into the winter.

Improved Yellow Transparent, for summer.
Wealthy, for fall.

Yellow Delicious, for late fall.

Solid Red Delicious, for early winter.

Bright Red Jonathan, for the holidays.

Winesap, for winter.

Improved Yellow Transparent and Yellow Delicious start bearing young, followed by Wealthy and soon all are bearing, all on the same tree. This is the one tree for those who want several kinds of apples, but do not have much ground available. With its flowers, foliage, fruit, it is attractive enough to plant in front yard.

Specimen Trees, 6 to 8 feet tall

SUMMER APPLES

F 31 Anoka—Generally bears next year after planting. Fruit is yellow streaked red. Ripens in August but can be used a month earlier.

F 32 Beacon—This new apple is much better than Duchess. The fruit is large, a solid bright red of very fine quality. It ripens in August but can be used weeks before. It is very hardy and bears young.

F 35 Early Red Bird—This fine apple ripens a week before Yellow Transparent. It is the best real early red apple we know. The fruit is large, bright red, good quality for both eating and cooking. Hardy and a heavy bearer.

F 37 Improved Yellow Transparent (Lodi)—The favorite early yellow apple. Ripens in July. Bears young, heavily and every year. Fruit is very large, tender, juicy. Fine flavor for eating and cooking. Hardy.

F 33 Red June—Everybody likes this early red apple.

FALL APPLES

F 34 Maiden Blush—An old favorite. Yellow with blush. Mild flavor. Fine for eating fresh or makes fine pies.

F 41 Red Melba—A new, very hardy variety from Canada. It is the most attractive Apple you ever saw, red with pink blush. Also it has the finest, richest flavor you ever tasted. Ripens over a long period in late summer and early fall so you can enjoy it for weeks. Medium large size, bears young and heavily. After you eat Red Melba, other Apples will seem very ordinary.

F 42 Wealthy—The most popular fall apple. It ripens in September but can be used weeks earlier. Fruit is large, red striped, with tender, juicy flesh of fine quality. Very hardy.

CRAB APPLES

F 62 Dolgo—Every year just full of bright red fruit which makes the finest tasting and best looking jelly. Tree itself is attractive enough to plant in your lawn as a flowering crab. Especially fine for pickling. Very hardy.

F 65 Whitney—You can eat it fresh just like an apple. It is not tart. The fruit is medium size, red striped, fine quality. Makes wonderful apple butter and jelly. Bears young.

WINTER APPLES

F 36 Delcon—A new apple from Missouri State Experiment Station. Looks like Red Delicious and tastes even better. A natural semi-dwarf tree.

F 48 Grimes Golden—For many, many years this has been a very popular yellow apple. The fruit is large and highest quality.

F 49 Hawkeye Greening—An attractive greenish-yellow, very large in size and good quality. The only apple we know that is good to use fresh from the tree, and is just as good in late winter. Very hardy, tremendous bearer. Very fine for pies, sauce, baking.

F 51 Jonathan—Almost everybody knows it and likes it. A fine bright red apple of highest quality with crisp, yet tender flesh. Juicy and full of snap.

F 52 Jonathan, New Bright Red—This is like the apple above but it colors a couple of weeks or so earlier and has a richer color. One of America's greatest apples.

F 53 McIntosh, Solid Red—This large red apple is exceedingly popular in the east. Flesh snow-white of very high quality.

APPLE SPECIAL

An ideal selection for those who do not have much room. Each is the best of its season, our most popular varieties.

All 5 for \$4.95 Postpaid

F 56 Red Delicious—This is the original Delicious which originated in Iowa and has been planted from coast to coast for its superb quality and mild juicy flavor.

F 60 Solid Red Delicious—Considered by many to be the finest of all red apples. It bears younger, keeps longer and the fruit colors up several weeks earlier than the common Red Delicious. The fruit is large, solid red and has a delicious flavor.

F 64 Winesap—The most popular long keeping winter apple. This is an improved strain. It has better color, larger size and will keep right through winter into spring.

F 66 Yellow Delicious—The most popular yellow apple. Bears young and heavily. Fruit is large, juicy, fine flavor. Some people who cannot digest other apples, eat this without trouble. It is ready for eating in late fall.

F 67 York Imperial—A large red apple, a little lop-sided but keeps all winter. A heavy bearer and good quality.

FARM HOME COLLECTION

Grown by Yourself!**

Peaches

**Plant several of Inter-State's
dependable trees this spring!
They bear young and heavily.
All are budded
from bearing true-to-name
varieties.**

The peaches are listed in their order of ripening. Tulip ripens here in early July, Yellow Cling in early September. Peaches need but little room, easy to grow. Our Iowa-grown, budded trees are hardy and bear young. Plant them 12 to 15 feet apart. All Inter-State Peaches except J. H. Hale are self-pollenizing.

PEACH SPECIAL

One each of all these 9 varieties, also one Polly and one Sungold, 11 trees in all, giving you fruit July to September. Our largest, quick bearing trees often start bearing year after planting.

FF 18 **All 11 for \$13.95** Not Postpaid (\$18.55 value)

F 12 Tulip—A new variety, the best extra-early peach we know. Large fruit colored rich red and gold. The flesh is golden yellow, solid, firm, with a wonderful sweet delicious flavor, semi-freestone. A regular bearer of high quality peaches.

F 14 Red Haven—This new variety is the leading early yellow peach. The fruit is large, almost a solid red like a Jonathan apple. The yellow flesh is firm, sweetly delicious, high quality. Free-stone. A hardy, vigorous grower and very productive.

F 11 Fairhaven—A new variety that ripens a few days earlier than Hale Haven. It is very productive, hardy, often bearing when other varieties do not. Fruit is large, yellow with red cheek. Flesh is yellow, firm and fine flavor. Free-stone. Self-pollenizing. All the "Haven" peaches have proven superior. This one may be still better.

F 5 Champion—Free-stone. Large creamy-white with red cheek. Flesh is white, juicy, sweet and highest quality. A heavy, regular bearer. Very hardy. Excepting Sungold and Polly, this is probably the hardest peach we grow.

F 9 Hale Haven—Free-stone. This fine new peach is rapidly overtaking Elberta. A heavy producer of large, yellow peaches of high quality. Hardy.

F 6 Early Elberta—Free-stone. Yellow with blush. Fruit is large, yellow flesh, firm, juicy, delicious. Hardy. Increasing rapidly in popularity.

F 10 J. H. Hale—Free-stone. Very large, golden yellow, flushed red with fuzzless skin. Flesh is yellow, solid, tender, very high quality. On the market it always brings a higher price. Plant with other varieties for pollenization to increase yield.

F 7 Elberta—This is the most popular of all peaches and is planted wherever peaches are grown. Large handsome fruit, yellow with blush. Flesh is yellow, firm, good quality, free-stone.

F 15 Yellow Cling—This is a new variety that we selected because the fruits were only medium size, just right for pickling whole and for canning. The yellow flesh is firm, very delicious flavor. Ripens just after Elberta. A heavy bearer. Hardy.

Sungold

Trade Mark

(Sold Only by Inter-State Nurseries)

HARDY YELLOW PEACH

Very Large, Free-Stone
High-Quality, Attractive

F1 **Sungold** is very large, free-stone, beautifully blushed. Flesh is firm, golden yellow, full of juice, fine quality. Extra good for canning. Ripens with Elberta. Heavy, regular bearer. Tree is well-branched, stocky, rather low-growing making it easier to care for and pick. It certainly belongs in every home peach planting. The price of just one bushel of fresh peaches will pay for several trees. Bears young and heavily and often bears when other varieties are damaged by cold weather.

Polly FINEST WHITE PEACH

Hardy, Delicious, Free-Stone, Heavy Bearer

F2 Those who have tasted Polly say that it is the finest flavored peach they ever ate. The fruit is very large, blushed, free-stone. The flesh is white and has that real sweet delicious peach taste. For sauce you simply cannot equal its flavor. Also makes fine preserves. It has repeatedly withstood 15 degrees below zero. It starts bearing young and bears regularly.

F 110 **Allred**—Ornamental as well as fruitful. The tree, the foliage, the flowers, and the fruit are all purple-red. Hardy to Central Iowa.

F 103 **Green Gage**—The sweetest eating and canning plum, it is just full of sweet, sugary flavor. Large, greenish-yellow fruits, freely produced. Ripens in early September. Hardy to Central Iowa.

F 102 **New Damson**—This is an improved strain over the ordinary Damson. The blue plums are medium size of finest quality. Free-stone. A heavy regular bearer. Ripens in August. Hardy to northern Iowa.

F 104 **Pipestone**—The fruit is immense size, the largest plum we have ever grown, red with a golden blush. The flesh is yellow, juicy and excellent quality. Very hardy.

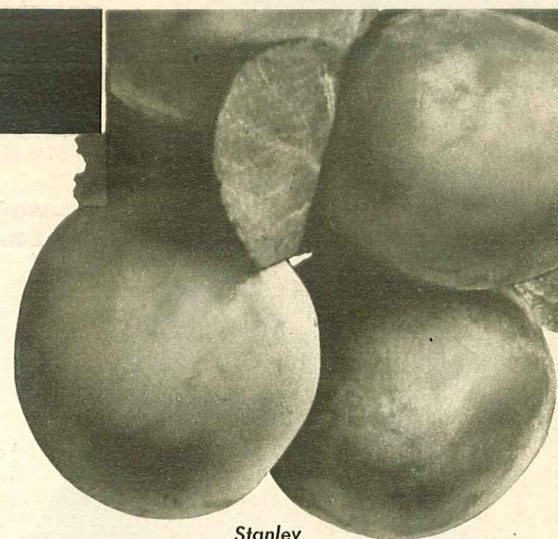

F 113 **Premier**—A new variety originated at Missouri Experiment Station. One of the largest of all Plums, as large as a medium-size apple, up to 2½ inches across. Bright red with firm, juicy yellow flesh. Ripens early August.

F 106 **Stanley**—This prune-plum is the most popular of all plums. Large, dark-blue, prune-shaped fruits. The rich yellow flesh is firm, sweet and delicious flavor. A heavy, regular bearer. Ripens in early September. Free-stone. Hardy up to central Iowa.

F 107 **Superior**—The fruit is large, attractive red color and a rich sweet flavor. It bears very heavily, every year. Ripens in early August. Very hardy. A good pollenizer for other plums.

F 108 **Toka**—The richest flavored of all plums—a sweet, somewhat spicy flavor. The fruit is quite large, a beautiful apricot color with very firm, yellow flesh. Ripens in August. Very hardy.

F 114 **Twilite**—Fruit is large, purple-red with firm red flesh of the highest quality. Perfectly hardy with us and a heavy, regular bearer.

THIS SPRING PLANT INTER-STATE'S

Pears

**Delicious
Easy-to-Grow**

Pears grow in any ordinary soil, even in sod, right in your yard. Plant 20 feet apart. Two trees, alike or different varieties, planted near each other so they can cross-pollenize, will both produce more heavily than if planted alone. To tell when Pears are ready to pick, place the palm of your hand under a Pear, raise it gently and if the stem snaps off easily from the limb, they are ready to pick. Then put them in a cool, dark place to ripen and you will have Pears of the highest quality.

F 90 Bartlett—Most popular summer pear. Fruit is large, yellow with blush, juicy, sweet, high quality. Plant in your poorest ground because the less it grows, the less likely it is to blight.

F 93 Bierschmidt—Hardier than Bartlett and blight resistant. A heavy bearer, ripens a few days after Bartlett. Fruit is large, yellow with blush and very delicious flavor. Eat it fresh, and makes wonderful sauce.

F 89 Duchess—Heavy, regular bearer of juicy, high quality, delicious fruit. Ready for eating in early fall and lasts for weeks. Very fine as a dwarf (see page 18).

F 94 Golden Spice—This new Pear from Minnesota will probably outbear all Pears. Tree is simply loaded with the russet golden fruits. Small size but my how they fill the jars with delicious sauce. Fine for whole pickles. Hardy, grows in the extreme north as well as in the central states. Ripens late summer. Blight resistant.

F 92 Kieffer—The most widely planted winter Pear. A healthy, hardy and vigorous grower which bears young, heavily and regularly. The fruit is large and fills countless jars every season. Pick the fruit when it starts to color and let it ripen in a cool, dark place. Then it is delicious. Blight resistant.

F 95 Patten—Originating in Iowa, this is a very hardy Pear which can be planted in cold sections like northern Iowa, Minnesota, etc. Ripens in August. The fruit is large, yellow with blush, juicy, sweet, luscious flavor. Good bearer. Very blight resistant.

F 96 Seckel—Called the Sugar Pear because of its sweet, delicious flavor. Fruit is not large but the highest quality. Ripens in late summer. Bears young and heavily. Blight resistant.

F 97 Waite—Originated by the U. S. Department of Agriculture. Ripens in the late fall and is rated as a winter pear because it keeps well. The fruit is large, good quality, heavy bearer, very blight resistant. Extremely fine for canning. Hardy as Kieffer.

Cope's SEEDLESS Pear

THE PEAR THAT HAS NO SEEDS, NO CORE

F 88 Cope's New Seedless Pear—A New Fruit Sensation. A Pear That Has No Seeds and No Core. In addition, it has everything else that you could ask for in a pear; great producer, excellent quality, size, beauty, vigor. The fruit is large, a beautiful golden-yellow with a blush. The flesh is tender and sweet, juicy and delicious. Fine to eat fresh and ideal for canning as it has no seeds, no core.

Bears Young—A Delicious Summer Pear

The original tree began bearing when 3 years old, and at 5 years of age it produced 3 bushels of perfect fruit. It ripens about 10 days after Bartlett and ripens evenly without any softening at the center. It is a self-pollenizer but will produce more fruit if two Cope's trees are planted near each other. If there are other varieties close, so they cross-pollenize, then Cope's may have a few small immature seeds.

INTER-STATE'S HARDY Vines

Clematis, COLORFUL, EVERBLOOMING

Clematis are the most colorful and many people think them the most beautiful of all flowering vines. On a porch, pergola, trellis or fence, they are truly a gorgeous sight, so many lovely flowers of purple, white, pink, blue and red, all summer. A location shaded from the hot afternoon sun is ideal. Our potted, growing plants will bloom this summer. Very hardy.

V6 Comtesse de Bouchaud—Lovely large rosy-pink flowers for many weeks in late spring and summer. **Each \$1.00, Postpaid**

V2 Henryi—A chastely pure white flower of unrivaled charm. Immense size, often 7 inches across, and produced all summer. **Each \$1.00, Postpaid**

V3 Jackmani—When you see this plant, covered with hundreds of purple blooms, you will know why it is called the Queen of all Vines. The flowers are large, 4 to 6 inches across and produced freely all summer. The most colorful and attractive of all. **Each \$1.00, Postpaid**

V4 Mme. Ed. Andre—Striking, velvety red flowers produced profusely. June to October. **Each \$1.00, Postpaid**

V5 Ramona—Large light blue flowers, June to October. **Each \$1.00, Postpaid**

W7 One Each of All 5 Above Clematis for \$3.95, Postpaid

GOLDEN CLEMATIS, Golden Flowers All Summer

V8 Golden Clematis (Tangutica)—A rare variety with lantern-like golden yellow flowers all summer. Then in the fall the vine is covered with feathery silvery plumes. Hardy, easy to grow, vigorous grower, 10 to 15 feet. Does best in full sun. Use on trellis, fence, porch, cave or rocks. Lives for years becoming more attractive each passing season. **Each \$1.50, Postpaid**

WISTERIA VINES, Fragrant

Easy to grow from coast to coast excepting in the very coldest states. Long clusters of fragrant flowers in the spring. Our plants are grafted from blooming wood and start blooming much quicker than ordinary Wisteria.

V12 Blue V14 Pink V15 Purple V16 White

Your Choice Heavy 2-Year Plants, Each \$1.45, Postpaid

SILVER LACE, Fastest Growing Hardy Vine

V17 Silver Lace—Often grows 10 to 12 feet the very first season. From mid-summer to late fall, completely covered with thousands of small white flowers. The foliage is glossy green. Ideal for porch, pergola, fence, stumps and banks. **Strong No. 1 Plants, Each \$1.00, 2 for \$1.85, Postpaid**

EUONYMUS VEGETUS, Stays Green All Winter

V30 Euonymus Vegetus—Stays green all winter. The only hardy vine we know that holds its glossy, rich green foliage all winter. Has scarlet berries for many weeks. A marvelous wall cover. Grows in sun or shade. Grows rather slowly but every foot is attractive. Clings to anything. Lasts a lifetime. **2-Year No. 1 Plants, Each \$1.75, Postpaid**

Summer King Honeysuckle, below

SUMMER KING HONEYSUCKLE

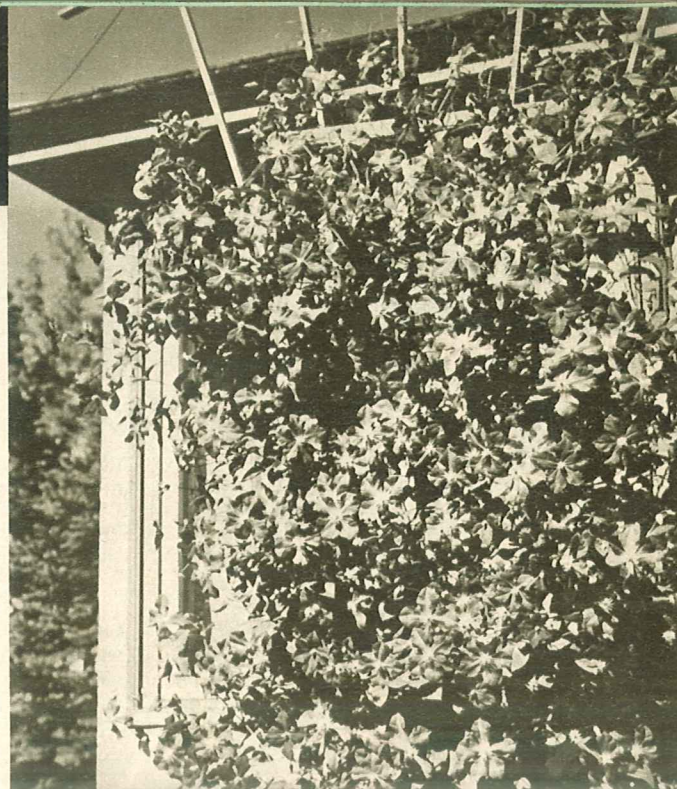

Blooms All Summer

V9 (Heckrotti)—From June until freezing, this magnificent plant is covered with showy clusters of large, fragrant flowers, rose-flame outside and gold inside. The attractive foliage, a rich blue-green, makes a perfect background for the brilliant flowers. Hardy, healthy, easy-to-grow. It can be used in so many places—porch, pergola, fence, fine for covering bank or cave, and especially beautiful for a trellis. **OUR PLANTS WILL BLOOM THIS SUMMER. POSTPAID.**

Boston Ivy CLINGS TO WALLS

V18 Boston Ivy (Amp. Veitchi)—Clings so closely to the walls, they seem to be shingled with leaves. Foliage colors a charming maroon in the fall. Clings without support to even the smoothest surface. Prefers north or east side. **2-Year No. 1 Vines, Each 85c, 2 for \$1.50, Postpaid**

Bittersweet

NEW SURE-TO-FRUIT

Bittersweet

V19 Chinese Bittersweet (Loeseneri)—This is a new, rare species imported from China a few years ago. It is the surest and most prolific fruiting variety known. The foliage is a rich, dark-green. Blooms in June. In autumn the clusters of attractive orange-scarlet berries are so thick they almost cover the entire vine. Just one plant will fruit. But if you plant two in the same hole or close together so they can cross-pollinize, they will bear still more. The berried branches make such fine fall and winter bouquets. Entirely hardy with us, it grows in almost any kind of soil, in full sun or part shade. It will grow in almost full shade but not fruit as heavily. We grow these from cuttings so as to keep the strain pure. **POSTPAID.**

HARDY HEDGES

Bridal Wreath, Above

Winter-Green Hedge, above

HANDSOME

Bridal Wreath

H 3 Bridal Wreath (Spirea Van Houtte)—This photograph shows the beauty of Bridal Wreath, America's most popular and widely planted untrimmed flowering hedge. Millions of small white blooms cover the gracefully arching branches, every spring, without fail. Requires no special care and lasts a lifetime. Perfectly hardy, grows everywhere, in full sun or partial shade. You see it all over America and everywhere it is attractive and thriving. Makes a marvelous natural hedge or screen 5 to 6 feet tall. Plant 2 to 3 feet apart.

AMAZING ROSA MULTIFLORA

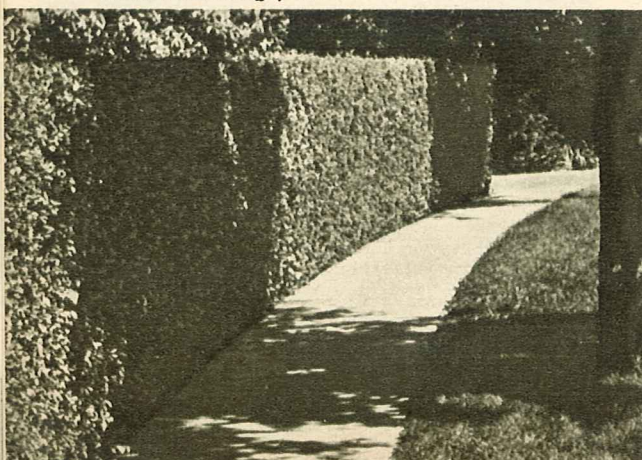

H 7 Rosa Multiflora Japonica—The conservation people recommend this for a living hedge where you have plenty of room, for erosion control and an excellent wild life refuge. However, we do not advise using it on small city lots because when not trimmed it makes a bushy, thorny plant 6 to 8 feet tall and almost as wide. Other hedges are better if you want a trimmed hedge. Has white flowers in spring followed by red fruits which the birds like. Hardy up to central Iowa. Plant 18 to 24 inches apart.

Winter-Green

The Perfect Hedge, Holds Foliage All Winter

H 154 Winter-Green (Euonymus Erecta, Small Leaf)—This shrub is very much like the Winter-Green pictured on Page 30. But its leaves are smaller and it grows hardly 3-feet tall and is almost as wide. Makes a very dense, bushy plant that makes an ideal hedge because it never needs to be trimmed. Also it holds its foliage all winter. At first the leaves are a rich deep green then gradually take on an attractive purple tinge. Thrives in sun, part shade and full shade. If you want a narrower or smaller hedge, just a trimming or two, a year, will give you exactly what you want. Handsome all year, spring, summer, fall and winter. Plant 18 inches apart. The 18 to 24-inch are heavily branched, and will give you a good hedge effect when planted. Winter-Green gives you an evergreen hedge at a fraction of the cost of Evergreens.

CLAVEY'S DWARF HONEYSUCKLE

A Perfect Hedge in Just One Year
Pictured and described on page 34

HARDY Privet HEDGE

H 2 Hardy Russian Privet (Amoor River North)—Is by far the most popular hardy trimmed hedge in the northern states. It makes a permanent hedge, lasting for generations. Not only adds beauty, it also protects your yard especially if you have a corner lot. It is fine for a division line between yards. Can be trimmed to any desired height, making a thick, dense hedge, without thorns, right down to the ground. Requires trimming only twice during the summer. But if you trim it 3 or 4 times, it becomes more dense and bushy. Leaves are rich, dark green and hang on until very late fall. Plant 1 foot apart.

H 9 Tartarian Honeysuckle—Thrives all over. Can be trimmed like a normal hedge. If not trimmed makes a magnificent, dense hedge screen 8 feet tall. Pink or creamy flowers in the spring, followed by bright red berries. Grows in full sun or part shade. Ideal for fast-growing flowering tall hedge or screen. Plant 12 inches apart for trimmed hedge, 2 to 3 feet apart if untrimmed.

CHINESE ELM

H 1 Chinese Elm—Is America's fastest growing hedge, making a good showing in just a few months. It is the first to leaf out in the spring and one of the last to shed in the fall. You can trim to any desired height from 3 to 10 feet, as a hedge or tall screen. The more you trim it the more dense and compact it becomes. We recommend that after planting, you cut off nearly all the top, leaving only 5 to 6 inches above ground. This will make a bushier, more dense hedge. Plant 8 inches apart.

LOVELY *Crape Myrtle* BLOOMS MIDSUMMER TO FROST

Hardy Pink Crape Myrtle

The South's most beautiful shrub, can now be grown farther north by planting this hardier strain. However, we do not advise planting it north of southern Iowa. Grow it just like Everblooming Roses, giving winter protection by mounding up dirt before cold weather comes. It blooms on new growth so it does not matter if the old top is entirely killed. The flowers have lovely clear colors with a soft crepe-like texture. They bloom the first summer after planting. However, they have one peculiarity. They sometimes are slow to leaf out the first year. They stay dormant for several weeks and you wonder if they are dead. But after a while the leaves come out and they soon start blooming. Crape Myrtle is one of the most beautiful of all shrubs. The foliage is glossy deep green and it blooms in the hot summer months when flowers are so welcome.

Pink Flowering Almond

Flowering Almonds

The Pink Flowering Almond, pictured above, is completely covered with bright, rosy-pink, very double flowers. The White Flowering Almond is very similar except the flowers are a pure snow-white. These Flowering Almonds bloom early, right after the Golden Bell. Makes a rounded bush 3 to 4 feet tall. Grows from coast to coast and Canada to the Gulf. Thrives in full sun or part shade. Our plants are grown on their own roots. This means extra vigor and also they will not produce "wild suckers."

THE *Sunshine* SHRUB At New, Lower Prices

\$ 48 Hypericum, Kalmianum. The picture below shows the neat, compact form of this grand shrub. It makes a perfect mound, 2 to 3 feet tall and 3 feet wide, very dense and bushy. We call it the "Sunshine Shrub" because of the cheery brightness it brings to home plantings. The bright, golden-yellow flowers, shown in the inset at right, are produced all summer long. The bluish-green foliage is attractive in itself. It makes a perfect single specimen, a wonderful border or low hedge and is attractive in a group planting. Very easy to grow, not particular as to soil, grows in full sun or part shade, even in quite dry places where most shrubs will not live. In severe winters the tops will die down. Next spring just cut off the old tops and new growth will come up from the roots. We believe this to be one of the very best flowering shrubs. Find a place in your yard where you can plant it this spring. You will be delighted at the beauty it will add to your home this summer. POSTPAID.

RED LEAF *Barberry*

America's Most Popular
Red Leaved Shrub

S 7 Barberry, Red Leaf is by far the most popular red leaved shrub in America. The foliage comes out a lustrous purple-red, becoming more brilliant in summer and in the fall turns a striking orange-scarlet. It has red berries which hang on nearly all winter, adding to the year-round beauty of this shrub. Makes a dense, compact shrub 3 to 4 feet tall, fine for foundation planting, groups, shrub borders, or as a hedge, trimmed or untrimmed. Its color is best when planted where it receives sun most of the day. Adds a distinctive color to any planting. Easy to grow, everywhere in America. Immune to rust.

THESE NEW *Summer Lilacs* BLOOM PROFUSELY AND CONTINUOUSLY

Four new Summer Lilacs (sometimes called Butterfly Bush or Buddleias), each the finest of its color. All bloom profusely and continuously from early summer to frost. No other shrub can compare with them for freedom of bloom. They make an attractive compact bush, 4 feet or so tall. The roots are hardy; the tops die down in winter, then come up again even more vigorously next spring. The lovely fragrant flowers are beautiful in the garden and fine for cutting. Plant in full sun or part shade. There is a place in every garden for these beautiful Summer Lilacs. Plant behind perennials and among shrubs. Strong, No. 1 field-grown plants. Postpaid.

VIVID COLOR *Azalea Mollis*

Imported from Holland

We are happy to announce that we found in Holland a superior strain of Azalea Mollis which not only has larger, brighter flowers but also is adapted to conditions in the mid-west which heretofore has been unable to grow this grand shrub. They grow 3 to 4 feet tall and just as wide. The lovely flowers cover the bush in May and June, giving a display of color unequalled by any other shrub. Prefers partial shade and a slightly acid soil. You can make soil acid by mixing Peat Moss (see page 6) or common sulphur (get at drug store) with your soil when planting. These fine plants are 10 to 18 inches tall, branched and will probably give you a few flowers this spring. Stands 10 to 15 below zero without injury. Postpaid.

FERN-LEAF EUONYMUS

\$ 39 **Fern-Leaf Euonymus** (Turkestanica). Here is one of the most rare yet beautiful shrubs we have ever seen. It was first called to our attention in Morden, Manitoba, Canada, where it has been growing for many years. Perfectly hardy anywhere in America. We have been growing more and more each year until now we have enough to offer it for the first time this spring. One of our most versatile shrubs, the Fern-Leaf Euonymus can be used in the shrub border, foundation plantings or it makes an ideal individual specimen. The foliage stays on all year, changing from rich green to bronze-purple in late fall, an attractive shrub every season. And in late summer the seed pods color bright pink which gradually open showing the bright orange red fruits, a colorful display at a time of year when most shrubs have finished blooming. The pictures above were taken in our nursery, a 3-year old plant, the same age plants as we send you in the 2 to 3 foot and 18 to 24 inch grades. They grow 4 to 6 feet tall and thrive in full sun or partial shade. Find a place in your yard where this shrub will help make your home more beautiful.

- 12 to 18 inches, Postpaid Each 1.75, 2 for 2.95**

BEAUTIFUL *Blue Hydrangea* NIKKO BLUE

\$ 55 Blue Hydrangea. We offer a new variety, Nikko Blue, which all summer has immense flower heads, often a foot across, that last for many weeks. In ordinary soil the flowers are pink. In acid soil, they are blue. You can make your soil acid by mixing in one half Peat Moss (see page 6). Or, you can water twice a month with a tablespoon of aluminum sulphate per gallon of water to make the color a rich blue. If you cannot get aluminum sulphate from your drug store we will send you some for 50c postpaid.

Does best in partial or full shade, even on north side of house. Grows only 3 to 4 feet tall making a well rounded shrub just as wide. A group of 2 or 3 will enhance the beauty of a picture window in your home. Where winter temperature goes below zero give protection just like roses by mounding up 10 to 12 inches of soil around the plant before severe freezing weather. We do not recommend planting north of central Iowa. Our plants are well rooted field grown (not small greenhouse potted plants). Becomes more popular each passing year.

COLOR CHANGING *Burning Bush*

\$ 32 Euonymus, Alatus Compactus—One of the most beautiful of all shrubs, becomes a different color with each season. Yellow flowers in May-June followed by red berries which are very attractive in late summer and fall. Through the summer the foliage is an attractive dark green. In the fall it colors brilliant coppery-crimson tinged rose. An unusual corky bark adds to the winter appearance of this marvelous shrub. Thrives successfully from coast to coast, the Gulf to Canada. Makes a compact, bushy plant 4 to 5 feet tall and 3 to 4 feet wide. Very fine for foundation planting or individual settings. Very attractive with the new modern homes. A shrub that is ornamental and attracts attention spring, summer, fall and winter. Has a place in almost every yard. The plants we send you are especially fine this spring. **POSTPAID.**

Burning Bush, *Euonymus Alatus Compactus*

Winter-Green Stays Green All Winter

\$ 155 WINTER-GREEN (Euonymus Patens)—One of the most attractive and versatile of all shrubs. *Lustrous, glossy green leaves stay on all winter*, especially when planted in part or full shade. Makes a shapely bush 5 to 7 feet tall but can easily be trimmed to any desired height. Bright red berries appearing in the fall, hang on into winter. Fine for foundation planting, as specimens, and a perfect background behind low shrubs, roses and perennials. Makes a wonderful hedge with its green foliage all through the winter. Thrives in sun or part shade, or even on the north side of house. Hardy here in southern Iowa but we do not advise planting farther north. Look over your yard and you will find spots where this shrub will help make your home more attractive. This spring they are extra fine, very well-branched. This fine shrub can be used instead of evergreens. Easier to grow, not as expensive, and grows faster. See Page 26 for Hedging Sizes.

POPULAR WHITE SNOWBALL

S 123 This old time favorite is not pictured, because everyone knows what a grand shrub it makes, 8 feet tall. In April-May it is completely covered with hundreds of the pure-white flowers which look like snowballs. Very hardy, does well in part shade or full sun.

2 to 3 feet, Postpaid..... Each \$1.85

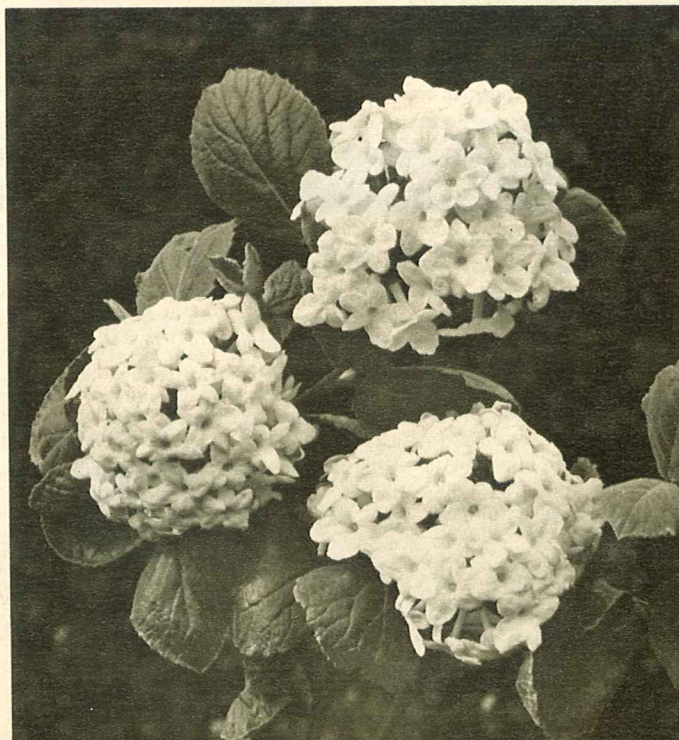

18 to 24 inches, Postpaid..... Each 1.50

FRAGRANT *Pink Snowball*

S 145 (*Viburnum Carlesi*). In spring this shapely shrub is completely covered with blooms so fragrant they perfume entire yard. Flowers open light pink, becoming white. A perfect shrub, 5 to 6 feet tall and just as wide. Deep green foliage colors bronzy-red in fall. Very hardy, grows in full sun or part shade. Planted from coast to coast. Makes a magnificent specimen and very attractive in any shrub planting.

12 to 18 inches, Postpaid..... Each \$2.45

Ornamental Shrubs and Trees To Beautify Your Home

Clavey's Dwarf Honeysuckle

CLAVEY'S Dwarf Honeysuckle

A PERFECT HEDGE IN JUST ONE YEAR

H 52 Clavey's Dwarf Honeysuckle—is particularly valuable as a low growing hedge. Plant them 18 inches apart this spring and **THIS SUMMER YOU WILL HAVE A HEDGE.** It makes a perfect hedge 3 feet tall and 3 feet wide that never needs to be trimmed. Or if you want a lower, narrower hedge, trim it just once a year at whatever height you wish. The picture shows what a bushy, attractive hedge it will make. In the spring it has small creamy flowers followed by red berries. Completely hardy and easy to grow either in full sun or partial shade.

Potentilla, Gold Drop

S 170 (Farreri). Pictured at right. A rare and most attractive low-growing shrub. Extremely hardy, makes a compact bush 2-feet tall with small fern-like foliage. Blooms June to October, bright golden yellow flowers. Prefers full sun. Far better than the common *Potentilla, Fruticosa*. Postpaid.

12 to 15 inches... Each \$1.50

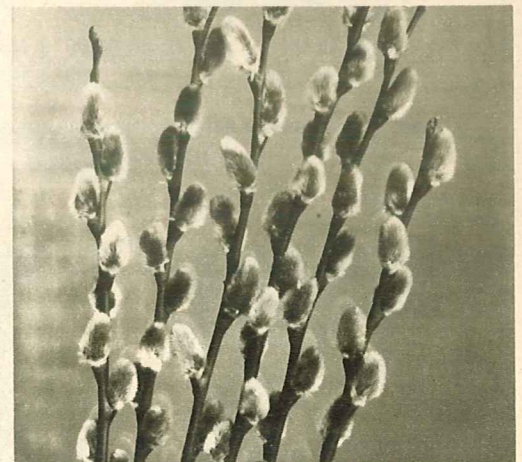

Potentilla, Gold Drop

Dwarf Cranberry Bush

S 146 (Viburnum Op. nanum). This never gets larger than 2-feet, almost perfectly rounded, compact and full. Makes a marvelous low hedge or border that never has to be trimmed as it grows so uniformly. Thrives in full sun or light shade. Perfectly hardy, easy to grow and thrives even in wet, heavy soils where few plants do well. Postpaid.

**10 to 15 inches,

3 for \$4.85**

Pussy Willow

HYPERICUM HENRYI

S 49 If this rare shrub just had a simpler name, it would rapidly become extremely popular. It makes such a neat, dense, rounded shrub 2-feet tall, perfect in shape. In the fall it colors gold and purplish-red and is always attractive right from the first leaf. It blooms from early summer to frost, bright yellow flowers, 2½-inches across. In cold states, the tops will die down over winter. In the spring you simply cut off the old tops and new growth comes up from the roots. We recommend this very highly as being one of the best low-growing shrubs. Grows in sun or part shade. Stands 15 degrees below zero with us. Postpaid.

12 to 18 inches..... Each \$1.50

S 156 French Pink Pussy Willow — In early spring the large, (1 to 2 inches long) silvery-pink catkins unfold in all their charming beauty. This is an improved, superior variety which makes an attractive shrub 10 feet tall. Ideal for tall screens or backgrounds. Cut the ends of the branches in February and bring indoors for bouquets.

LOW-GROWING ORNAMENTAL TREES

T 46 Doddsii Hawthorn (Crataegus)—A rare, beautiful low-growing tree that will stand out any place you plant it. White blooms cover the tree in spring. In early fall it is a gorgeous sight with brilliant, cranberry-red berries hanging in clusters. Makes a shapely tree 15 feet tall with luxuriant dark green foliage. Perfectly hardy and resistant to rust. In the Middle West and North plant this in place of Hollies. You get the same effect, bright red berries with dark green foliage.

INTER-STATE NURSERIES, Hamburg, Iowa

NEW FAST-GROWING

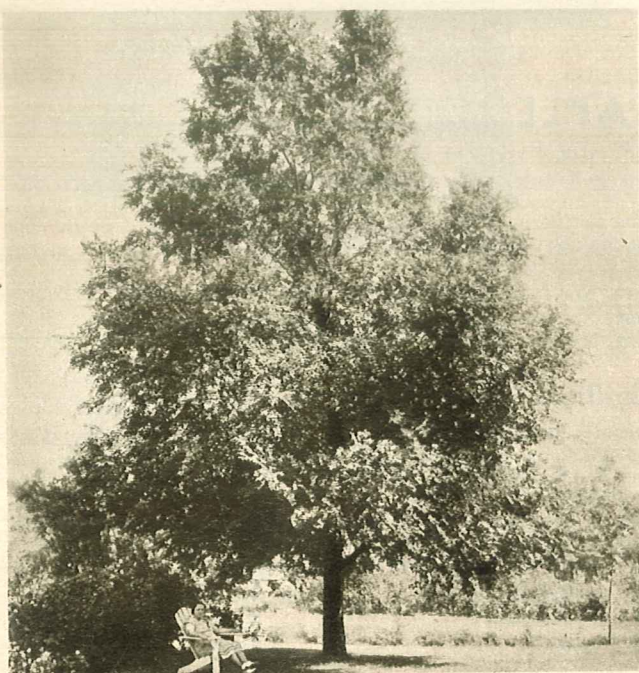

HAMBURG HYBRID ELM

T 3 This is an entirely new tree, a Hybrid Elm, the fastest growing tree we have. In just ordinary soil and under normal conditions, it grows 6 to 10 feet a year. It grows so rapidly that in just five years after planting, you will have a handsome shade tree. Neither winter's cold nor summer's heat bother it the slightest. And most important of all, it has proven to be absolutely immune to the phloem necrosis virus, the dreaded disease which is killing American Elm trees.

Makes a shapely tree with large, dark green leaves. Withstands very well wind and sleet storms. Perfectly hardy here. An amazingly rapid grower, there are countless thousands of homes where it will quickly bring shade and beauty, planted in the lawn or parking. This is a lasting investment, yet it brings quick returns. Plant this spring. They are entirely too large to go by parcel post. So we ship them, trimmed ready for planting, by express collect. We send along some extra stock to help pay the express cost.

A 5 to 6 ft. Chinese Elm Tree, 7 Years after Planting

CHINESE ELM

T 20 Because of its extremely rapid growth, the Chinese Elm has become popular. Under ordinary conditions, it grows 5 feet a year. In just a few years, it makes excellent shade. It is very valuable for those sections of America where most other trees will not live or thrive, where it is hot and dry, even in alkali. It seems to thrive even in the poorest soil. But in those sections where Maples, Oaks, Locust, and Elm are grown, we advise planting the Chinese Elm only for quick shade. There are hundreds of thousands of such homes, which would be more attractive and more comfortable if some of these quick-growing Chinese Elms were planted.

A WINDBREAK IN JUST 5 YEARS

MAKES YOUR HOME MORE COMFORTABLE, PROTECTS YOUR STOCK

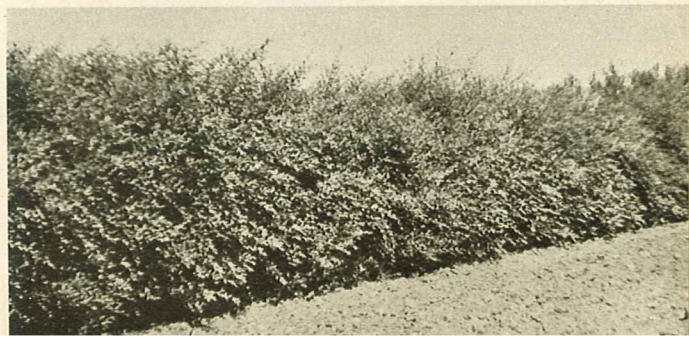

A windbreak around your home and farm buildings makes living more comfortable both summer and winter. It breaks up the dust storms and blistering hot winds and the biting cold winds and drifting snows. It will take less fuel to heat your home. Your livestock and poultry will show greater production and profit. Chinese Elm is the fastest growing, drought resistant, economical tree you can plant. In three years you will see a big growth, in 5 years you would not sell it for

hundreds of dollars. These young Chinese Elm Seedlings are especially fine for windbreak planting. Plant 5 to 6 feet apart. Two rows in zig-zag fashion help a lot, but three or four rows are better.

Shade Trees

FOR BEAUTY AND COMFORT

Silver Birch

T 14 Silver Birch (Cut Leaf Weeping Birch)—The gleaming white bark and graceful drooping branches with delicately cut leaves, give a striking beauty, summer and winter, unmatched by any other ornamental tree. Grass grows right up to the trunk. The white bark comes a year or two after planting. Does best in the northern, central and eastern states. A single specimen or a group adds distinction to a lawn. Beautiful yellow foliage in the fall.

BEATRICE LOCUST, Thornless

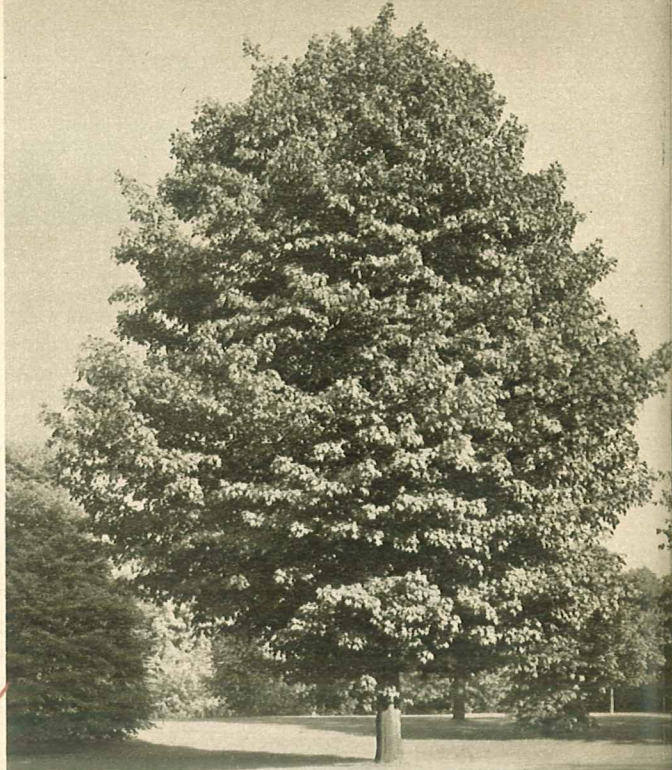

T 17 This is a new tree introduced by us Spring 1955 and sold only by us. The original tree is growing at the edge of Beatrice, Nebraska and is more than 50 years old. It is a magnificent tree, shaped very much like the American Elm, wide spreading at the top. It is the finest Thornless Honey Locust we have ever seen. Our trees are grafted right from the original. Grass will grow right up to the trunk. Most years it is entirely seedless but some years there may be a very few pods. Grows rapidly, does not sucker from the roots. Hardy, handsome, no thorns, easy to grow. A good replacement for the American Elm. Especially valuable for city planting as it withstands dust, disease, smoke and other difficult conditions. Foliage is feathery, fernlike, colors golden in the fall. These are 1-year old trees with 2-year old roots.

Sugar Maple, orange, gold and scarlet fall foliage

SUGAR MAPLE *orange, gold and scarlet fall foliage*

T 6 The Sugar Maple (also called Hard Maple) is native to almost every state east of the Rockies excepting the gulf states. It is a permanent tree that lasts for generations. There are many homes in America which are identified by their magnificent Sugar Maples. Our trees are the northern. This strain colors more attractively in the fall when its luxuriant foliage is marvelous with tints of orange, gold and scarlet. It makes a large, spreading, perfectly formed tree, of which you will be proud.

AMUR MAPLE, brilliant fall coloring

T 44 Amur Maple (Ginnala)—If you want the brilliant fall coloring of the Sugar Maple but have room for only a small tree, plant the Amur Maple. It grows only 15 feet tall, fine for planting wherever you want a large shrub or low-growing, ornamental tree. It makes a dense tree covered with lustrous green leaves which turn brilliant red in the fall. Add cream-colored flowers in May and red fruits in early fall and you have one of the most attractive of all ornamental trees. Completely hardy. We left the lower branches on these trees so they can be used as a large shrub or a low-growing tree.

PIN OAK The Most Majestic of Shade Trees

T 11 Everybody thinks the Oak is a grand tree. Now we are offering Pin Oak, the finest of all Oaks, at special prices. Careful records have shown that the Pin Oak, the fastest growing of all the Oaks, actually grows almost as fast as the American Elm. It is one of the most enduring of all trees. A tree planted now will be a great pleasure to you and for generations to come. For street and lawn planting it has no equal. It grows in symmetrical, pyramidal form and at maturity towers 60 feet high. The rich green foliage is deeply cut and colors to a glorious coppery-red in the fall. A sturdy, rugged grower, it adapts itself to all locations and is not bothered by insects.

BEAUTIFUL *Trees* FOR YOUR HOME

Scarlet Maple Brilliant Fall Coloring →

T 10 Scarlet Maple (Rubrum). In the fall, this is gorgeously colored. The leaves are a brilliant rosy-scarlet, much brighter than pictured here. In the spring, the tree is full of scarlet flowers followed by bright red seed. The spring and summer foliage is also attractive, deep green above and blue-green below. Makes a large, shapely, long-lived tree that is not so

dense but grass grows underneath. Very valuable for lawn and parking. Grows from the gulf to Minnesota, Coast to Coast.

White Clump Birch

White Clump Birch

Nature at Its Finest

T 8 White Clump Birch is a rare form, grown as a clump with 3 or more distinct trunks with only one root system. It gives a very attractive naturalistic effect to any yard. The bark turns white after 2 or 3 years and stays white winter and summer. The green foliage turns a pleasing yellow in the fall. Grows 25 to 30 feet tall and grass will grow right up to the trunks. Perfectly hardy, easy to grow, thrives everywhere except in the southern states. This is the most satisfactory of all birches.

Crimson
King
Maple

Crimson King Maple

T 7 Crimson King Maple (P.P. 735). Truly a King of the ornamental trees, it is distinctive, colorful, captivating. Far superior to Schwedler's Purple Maple. The foliage is a deep maroon-purple from the time it leafs out until the leaves fall. This rich color adds an exhilarating contrast to the prevalent greens. Fine for city planting, not harmed by smoke, gasses, dust. It will live for many generations, becoming more attractive each passing year. We have sold many thousands since we first offered it, spring of 1949. Now we are receiving enthusiastic letters of praise. The trees we send you are one year old top, 3 year old roots. They are especially fine specimens this spring. They will start branching the first summer and every leaf, every inch of growth will be a delight. Perfectly hardy and easy to grow. **BE SURE TO WATER YOUR SHADE TREES THOROUGHLY EVERY FALL.**

T 33 Purple Wave Flowering Crab (P.R.R.). Introduced spring 1954 and sold exclusively by Inter-State, this is, without doubt, the best, most attractive low-growing Purple Leaf Ornamental Flowering Crab. All season, spring to late fall, the foliage is a glorious purple with copper undertone.

Blooms profusely in early spring, lovely fragrant flowers of rosy-red, followed by red fruits in late summer and fall. Purple Wave makes a bushy, branched low-to-the-ground tree 8 feet tall and 8 feet or more wide, with attractive wave-like horizontal branches. Valuable in border plantings or as an individual specimen. Completely hardy, it will thrive all over America.

Hardest Magnolia

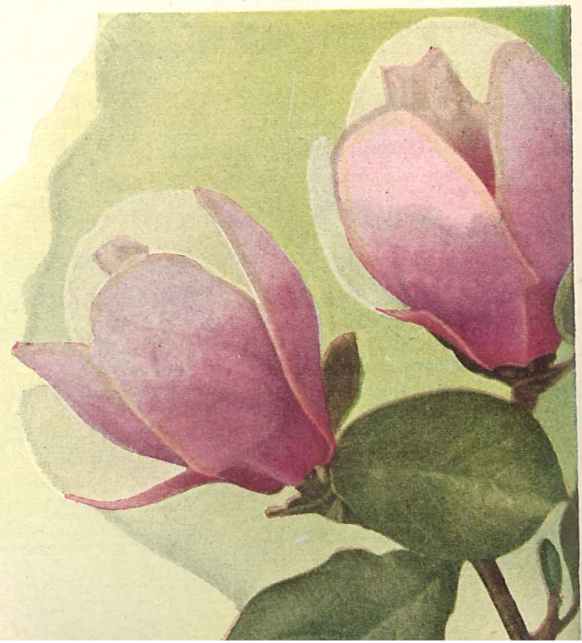

America's Favorite Flowering Tree

T 18 Magnolia, Soulangeana—This is the hardest Magnolia and many consider it the most beautiful of all flowering trees. People drive for miles to see them in bloom. One of the first trees to bloom in early spring, the delightfully fragrant flowers appear before the leaves. The blossoms are very large, often 8 inches across, purple-pink on the outside and white on the inside. Grows only 10 to 12 feet tall and starts blooming very young, often the same year planted. There are several fine specimens in Hamburg and in Omaha, Nebr. But we think this is the northern limit, as it requires sheltered locations here. In Missouri, much of Kansas, southeast Nebraska, Oklahoma, all Illinois except northwest part, Indiana, Ohio, and east, most of Michigan, all the southern states, it is marvelous.

The Greatest Roses

Charlotte
Armstrong

C 10 Charlotte Armstrong (P.P. 455). One of the world's best roses; winner of many honors. Magnificent in the garden because of its great vigor, disease-resistant foliage and freedom of bloom. Long streamlined carmine buds open into enchanting flowers of the loveliest cerise, beautiful at all stages. Long stems fine for cutting.

Large Specimen Plants Each \$2.50, 3 for \$6.60
Select 2-Year No. 1 Plants . . Each 2.25, 3 for 6.00

C 58 Peace (P.P. 591). The greatest rose ever created. The perfect buds open slowly into large, fragrant, fully double flowers. Its greatest charm is the changing panorama of colors. The buds are rich gold edged cerise. As the outer petals unfold, the gold changes to canary then lightens to creamy ivory. The cerise edge gradually deepens and becomes broader so the fully open flower appears a sparkling cerise with a creamy-yellow base. Last unusually long, beautiful at all stages, retaining its perfect form. A vigorous, healthy, free-blooming bush.

Large Specimen Plants Each \$2.75, 3 for \$7.20
Select 2-Year No. 1 Plants . . Each 2.50, 3 for 6.60

C 24 Chrysler Imperial (P.P. 1167). 1953 All America Award Winner. It may well prove to be the greatest red exhibition rose of all time. In color it is unmatched by any other red rose, a vivid, rich crimson whose true beauty and texture cannot be reproduced on paper. The long tapering buds open to large, high-centered flowers 4½ to 5 inches across with 40 to 50 velvety petals and very fragrant. Borne singly on stems, fine for cutting. The plant is sturdy and healthy with an abundance of dark green, semi-glossy foliage.

of All Time!

These 6 Roses on page 40 and 41 are truly the "cream of the crop." Each one ranks among the very best of its color according to all tests and ratings both in this country and throughout the world. One of these, Peace, is generally accepted as the greatest Rose ever created. If you have seen it bloom you will know why it deserves this distinction. Chrysler Imperial and New Yorker rate along with the famous Crimson Glory as the top red Roses. Charlotte Armstrong, Helen Traubel and Sutter's Gold all rate as the finest in their respective color class. It is impossible to capture their exquisite beauty on paper. You must see them in full, glorious flower to appreciate how outstanding they are. Be sure to plant them this Spring. In a few short weeks they will be blooming in your garden. Excellent for cutting with their long, strong stems. *All Inter-State Roses are guaranteed to please you when you receive them and also when they bloom in your garden this summer. All Roses are shipped Postpaid, trimmed for planting.*

C 61 New Yorker (P.P. 823). The enchanting fragrant unfading red flowers are borne in profusion on robust healthy plants, with long stems ideal for cutting. Grows perfectly with little care. The tremendous flowers often 6½ inches across make any garden a showplace. If you already have it, add more plants to your garden, if not, by all means try a few plants this spring.

Large Specimen Plants Each \$2.50, 3 for \$6.60
Select 2-Year No. 1 Plants Each 2.25, 3 for 6.00

C 187 Sutter's Gold (P.P. 885). This fine new rose not only won All America Rose Selection award for 1950 but also won the Gold Medal in the world famous Bagatelle trials in Paris, the first time a rose has won both honors the same year. The long pointed buds are bright yellow shaded orange and red. Open into high-centered flowers of richest golden yellow.

Large Specimen Plants Each \$2.50, 3 for \$6.60
Select 2-Year No. 1 Plants Each 2.25, 3 for 6.00

C 40 Helen Traubel (P.P. 1028). This lovely 1952 AARS winner has perfect buds which develop into large, well-formed flowers borne singly on long stems, fine for cutting. The color varies from bright porcelain-pink to luminous apricot-pink, depending on the season. A vigorous, healthy grower.

An All America Rose Selection Award indicated by this symbol  is the highest honor a rose

can achieve in America. The All America Selections system is a unique method for testing new varieties before they are introduced to the public. A rose has to be superior in every respect to win an award because it is tested by experts in trial rose gardens in all sections of the U. S. Not only are the flowers superior but also the plant and habit of growth. They cost but little more than other varieties and are well worth the difference.

when you receive it and also when it blooms this summer

If all of you had seen last summer the big fields of Inter-State's Roses, we simply would not have half enough. Large, sturdy, healthy, vigorous plants, full of magnificent flowers. No finer rose plants in all America and few their equal. Carefully dug and handled, they are now in our new exclusive Refrigerated Storage with ideal temperature and moisture control. We can keep these plants in dormant and perfect planting condition into June. But we advise planting as early as you can because the sooner you plant, the sooner they bloom.

C 118 Betty Prior (P.P. 340). Bright pink flowers all summer. 36 in.

C 196 Frensham. Our best red floribunda. Beautifully-formed buds come continuously from June to frost. 30 inches tall.

C 87 Goldilocks (P.P. 672). The first bright yellow floribunda. Fully double fragrant flowers in clusters from June to freezing. 24 inches.

C 192 Pinocchio (P.P. 484). Clusters of salmon-pink flowers all through the season. About 2 feet tall.

C 193 Red Pinocchio (P.P. 812). Clusters of lovely flowers, carmine shaded scarlet. 20 inches tall.

C 195 Summer Snow (P.P. 416). A mound of snow-white flowers from June until late Fall. Lovely, fragrant 2-inch flowers. 20 inches.

C 95 World's Fair (P.P. 362). The first rose to win AARS award. Velvety deep crimson. 24 inches tall.

Vogue

Vogue, 1952 ALL AMERICA AWARD WINNER

C 194 **Vogue** (P.P. 926), brings a new distinct color to the Floribundas, bright cherry-coral. Attractive buds open into perfectly formed, high centered flowers, 3 to 4 inches across. Delightfully fragrant. Makes a husky plant nearly 3 feet tall. Marvelous in a solid bed or a hedge. Perfect for picture windows. Attractive in your garden, beautiful in the vase. Cutting the flowers freely will stimulate more bloom. A perfect combination planted with Fashion and Circus. Postpaid.

Large Specimen Plants Each \$2.25, 3 for \$6.00, 12 for \$23.50

Circus, THE ONLY 1956 AARS WINNER

C 198 **Circus** (P.P. 1382) is the first multicolored Floribunda to win the AARS Award. The constantly changing panorama of colors will delight you. The perfect buds are bright yellow and orange becoming orange-buff with shades of pink on the outer petals which gradually develop into cerise when fully open. The hybrid-tea style flowers are fully-double, high-centered and delightfully fragrant. Makes a full, well-rounded bush 2 to 2½ feet tall. Ideal for solid beds, borders, a low hedge or planting in front of picture windows. Postpaid.

Large Specimen Plants Each \$2.75, 3 for \$7.20, 12 for \$28.50

Fashion, MOST POPULAR FLORIBUNDA

C 85 **Fashion** (P.P. 789) is considered the finest Floribunda ever introduced. It is the only rose ever to win 6 International Awards including the Top All-America Award for 1950. The vigorous, healthy plants are covered with big clusters of blooms from June to Frost. An excitingly different color in roses, warm oriental-red buds open into the loveliest sparkling coral-pink richly suffused with gold. Their exquisite old-rose fragrance fills the air. Hardy, makes a bushy plant 24 inches tall. Ideal for beds or borders, outstanding anywhere in the garden. Postpaid.

America's Finest Grandiflora Roses

Grandiflora is an exciting new class of roses. It combines the abundant bloom and rugged hardiness of the Floribundas with the wonderful bud form, long lasting, larger flowers and superb cutting stems of the Hybrid Teas. Makes a vigorous plant 3 to 4 feet tall.

QUEEN ELIZABETH

1955 AARS Award Winner

C 230 (P.P. 1259). This magnificent new rose presents a new color, a breathtaking blending of soft carmine rose and dawn pink, majestically set off by deep green, glossy foliage. The plant has exceptional vigor and disease resistance to assure you of lovely, fragrant flowers all summer long and for many summers to come, increasing in vigor and beauty every year. You will be thrilled with every bloom from early June until Frost. We consider it one of the greatest roses ever created. Postpaid.

BEAUTIFUL, EVERBLOOMING *Tree Roses*

Enjoy Roses, the Queen of Flowers, at eye level in unique, superlative tree form. All are everblooming, giving a continuous display of lovely, fragrant blooms from June to frost. The flowers are even larger, more beautiful and more freely produced than on regular bush roses. They are grown by budding the varieties 3 feet above the ground on a special tree rose stock. Our Planting Guide gives a simple method of winter protection. Each variety (in bush form) is described on pages indicated below. In case we are sold out of the variety you order, please indicate your second choice. Inter-State Tree Roses are the finest grown, guaranteed to please you when you receive them and also when they bloom this summer.

NEW 1957 AARS WINNER

Climbing Golden Showers

C 162 **Golden Showers (P.A.F.).** The first climbing Rose to win the All America Rose Selections Award in 16 years. It is truly an all-purpose climber that can be trained on a fence or trellis as a winter-hardy (except in the very coldest states it will need some protection) climber, or it makes a natural, self-supporting pillar Rose about 5 to 6 feet tall. However you use it, Golden Showers is certain to make your home or garden more beautiful. And it is everblooming, beginning with a grand display in late spring and blooming continuously until late fall. The fragrant, 4 to 5 inch flowers are a fresh daffodil yellow, much brighter than pictured. This great new Rose will become one of America's most popular climbers. Postpaid.

NEW, HARDY EVERBLOOMING CLIMBING ROSES

Bloom Spring to Frost

Dr. J. H. Nicolas

(Plant Patent 457)

C 165 This picture, made from a color photograph, shows the beauty and freedom of bloom of this remarkable new rose. From late spring to hard frost the fully double, 50 to 60 petals, deep rose-pink flowers are produced. Very fragrant, they come on long stems fine for cutting. Hardy as Paul's Scarlet and disease resistant. Very fine as a pillar rose. The most popular climber we ever sold. It produces flowers just as perfect as those from a bush rose. Fertilize with Ra-Pid-Gro, Vigoro, etc. The more it grows, the more it blooms. Will bloom this summer.

Gladiator, NEW—EVERBLOOMING

C 164 Gladiator (P.A.F.)—A new everblooming Climbing Rose with immense 5-inch high-centered flowers of a glowing rosy-carmine-red. It blooms and re-blooms from Spring to Frost. Has withstood below zero with us but we advise winter protection in cold states so as to take no chance of losing any of the wonderful flowers in following Summer. Strong grower, 8 to 10-feet tall, with blooms all over the plant. Delightfully fragrant.

Large Specimen Plants Each \$3.00, 3 for \$7.75

Select 2-Year No. 1 Plants Each 2.75, 3 for 7.20

Gladiator, below

INTER-STATE'S Climbing Roses

For mass display of color, hardly anything can equal climbing roses in full bloom. Used on porches, arbors, trellises and trailing over fences. All these climbers are hardy, but we recommend that winter protection be given in cold sections. Set 3 to 4 feet apart. Dr. J. H. Nicolas, Blaze, Paul's Scarlet, Gladiator and Coral Pillar are ideal for trellis. They are Pillar type and do not grow as vigorously as the others. Gold Rush, New Dawn and White Dawn grow more vigorously and can be used for trellis, porch, pergola or fence. City of York and Zephyr are ideal for pergola, porch or fence as they are such strong growers. We recommend using Ra-Pid-Gro (page 7) when planting and every 3 or 4 weeks during June, July and August. All climbing roses are **Postpaid**.

C 155 Blaze—An ideal pillar rose with clusters of brilliant scarlet flowers covering the plant in June and repeat intermittently all season. Holds this bright color in the hottest sun. Plant in good soil as the more it grows, the more it blooms.

Specimen, Each \$1.75, 3 for \$4.45
2-Year No. 1, Each 1.50, 3 for 3.75

C 153 Climbing Goldilocks (P.P. 1090)—Now you can enjoy the magnificent Goldilocks (Page 44) in climbing form. It is truly everblooming as it produces clusters of rich golden yellow blooms from June until Frost. The buds resemble hybrid teas in shape and open gracefully into fully double flowers often reaching 3½ inches across. It is extremely vigorous and hardy, will grow 6 to 10 feet in one year and **WILL BLOOM THE FIRST YEAR IT IS PLANTED.**

Specimen Each \$2.75, 3 for \$7.20
2-Year No. 1, Each 2.50, 3 for 6.60

C 154 Coral Pillar—This magnificent new everblooming rose is a perfect pillar and climbing rose. The flowers are large, a brilliant blending of rose, pink, carmine, gold and apricot. Hardly ever out of bloom from spring to frost. It is strikingly beautiful. It will bloom this summer.

Specimen, Each \$1.90, 3 for \$4.55
2-Year No. 1, Each 1.65, 3 for 3.95

C 161 Paul's Scarlet—This famous rose is the most popular red climbing rose ever created. A mature plant in full bloom is a sight that simply stops everybody who passes by. It is a solid sheet of blazing scarlet. The color does not fade but is as bright when last petal falls as when it opened. The flowers come in clusters on long stems. Plant on trellis or porch.

Specimen, Each \$1.45, 3 for \$3.75
2-Year No. 1, Each 1.25, 3 for 3.25

C 166 Zephyr (Zephirine Drouhin)—Here is a rose that really climbs. It will cover a porch, arch or fence. **IT HAS NO THORNS.** It is hardier than most climbers. In the spring it is covered with the large unfading American Beauty rosy-red flowers.

Specimen, Each \$1.75, 3 for \$4.50
2-Year No. 1, Each 1.50, 3 for 3.90

C 152 New Dawn—The flowers are large, double, a lovely apple-blossom pink, delightfully fragrant. They come on long stems fine for cutting. Blooms constantly from late spring to frost. An ideal pillar rose. Hardy. Will bloom this season.

Specimen, Each \$1.75, 3 for \$4.50
2-Year No. 1, Each 1.50, 3 for 3.75

Inter-State's ROSE GUARANTEE

We believe our roses are the finest it is possible to produce. They are guaranteed to grow and bloom for you this summer, except some climbers which bloom next year after planting. If they do not, notify us by August 1st, 1957 and we will replace them free.

Remember that roses are living plants and respond to good care and attention. With each order we send a Planting Guide. Just follow the simple planting and cultural instructions and you will have glorious flowers. Fertile soil and loving care means more and better blooms.

Use RA-PID-GRO (page 7) regularly for more and better flowers.

Famous

The Rose is rightfully called the Queen of All Flowers. None other can equal its fragrance, its colorful beauty, its grace, its freedom of bloom from spring to frost. Can you think of another hobby that will provide more pleasure, more beauty than growing roses? Each year many thousands buy from this fascinating selection of glorious, hardy, everblooming Hybrid Tea roses. They will commence blooming 7 to 8 weeks after planting. PLANT ROSES EARLY, the time when people are putting in early gardens. Plant 20 to 24 inches apart. With each order we send Planting Instructions telling you how to plant and care for your roses.

We wish that you could have seen last summer our large field of roses. There are none finer and few their equal. They matured perfectly and are now in our new exclusive rose refrigerated storage, with ideal temperature and moisture control. We believe it is the finest rose storage built, and will keep the rose plants in perfect, dormant planting condition into early summer. BUT WE ADVISE THAT YOU ORDER EARLY AND PLANT EARLY. The sooner you plant, the sooner you get flowers.

Those who prefer extra large bushes, will select the Large Specimen Plants. These are big and husky, well-branched and heavily rooted, the cream of the crop. However, we assure you that our Select 2-Year No. 1 Plants will satisfy critical buyers. They have made Inter-State Roses famous all over America. The Standard 2-Year Medium (No. 1½ grade) Plants are smaller than the 2-Year No. 1. They will bloom this summer and are a good value.

Prices on all roses on pages 50 and 51 (except Allure).

C 12 Allure (P. P. 886)—A new rose we introduced spring of 1950. We think that it is the finest rose of its color. In the first place the plant is so healthy, vigorous and free-blooming, with glossy leathery foliage. It won a First Certificate at the Famous Bagatelle Gardens. The buds are large, pointed, perfect form and gradually unfurl to a very large, high-centered flower with a pleasing fragrance. It lasts a long time. The color is a rich shining Neyron rose suffused with gold and tinted salmon. When fully open the flowers are 5 to 6 inches across. They come singly on long stems, very fine for cutting. Has very few thorns. It is far more beautiful than pictured on Page 42.

Specimen Plants, Each \$2.00; 3 for \$5.25
2-Year No. 1 Plants, Each 1.75; 3 for 4.65

C 22 Christopher Stone—A most exciting new rose—a brilliant, sparkling scarlet-crimson without a trace of blue. Shapely long pointed buds open into large attractive flowers with the true old damask rose fragrance. A healthy, vigorous grower and exceedingly free-bloomer. Stands lots of heat. One of the best bright red roses. Pictured on page 42.

C 42 Countess Vandal—The long, pointed, orange-copper buds will delight you. Without doubt, one of the finest roses in bud form. Opens into large, double, high-centered flowers of brilliant pink shaded salmon with yellow at the base of the petals. Makes a healthy, free-blooming plant. Fragrant. Unbeatable as a cut flower. Even more beautiful than pictured on Page 42.

C 21 Condesa de Sastago—Large, fragrant flowers with inside of petals red and outside yellow, creating a striking two-tone effect. An unusually healthy and vigorous grower and very free-blooming. Thrives and blooms under difficult conditions.

C 11 Crimson Glory—Pictured on page 43. America's favorite red rose. Perfect buds open into large, magnificent blooms of velvety deep crimson. So fragrant that only a few flowers will perfume a room. A healthy grower, it produces its beautiful flowers from late spring to frost.

C 25 Duquesa de Penaranda—A most intriguing color of orange-apricot, with deeper coppery tones, large pointed buds, sweetly perfumed and long lasting. A tall, strong grower with beautiful light green shiny foliage. One of the first varieties to bloom in the spring. Pictured on page 43.

C 26 Eclipse—We rate this one of the best of all yellow roses. The golden-yellow, streamlined buds are often more than 2 inches long ornamented with narrow, branching sepals. Very fine for cutting with their strong, erect stems. The vigorous, upright plants are in bloom almost continuously from June until Frost. Pictured on page 43.

C 27 Editor McFarland—All through the season the lovely fragrant, glowing pink flowers are produced on long, strong stems, fine for cutting. The buds are perfect. One of the finest pink roses ever introduced.

C 30 Etoile de Hollande—One of the grandest red roses of all time. The buds are simply perfect and they open into large, glorious flowers of velvety crimson. Very fragrant, fine stems for cutting. The bush is a strong, healthy grower and free-blooming.

Everblooming Roses

Plant This Spring
For Blooms This Summer

C 34 Frau Karl Druschki—The magnificent white rose that is loved by all. Immense long, pointed buds open into graceful flowers that are unsurpassed for form and the color is the clearest, pure white. Perfectly hardy. Such a vigorous grower you should plant them farther apart.

C 36 Golden Dawn—The gorgeous buds of yellow have splashes of carmine and open into large, fragrant flowers of rich yellow. Hardy, vigorous, free-blooming. The highest rated non-patented yellow rose.

C 44 K. A. Victoria—Absolutely perfect, fragrant flowers of ivory-white. An old favorite that even today is unsurpassed.

C 47 McGredy's Ivory—A magnificent creamy-white rose that is fragrant and deep-petaled. Buds are long pointed, opening into very large, double flowers. Many consider it the finest white rose. Pictured on page 43.

C 49 McGredy's Yellow—This is our favorite yellow rose. The color is so soft and clear and pure. The flower has a charm and grace all its own and entirely distinct. A strong grower and free bloomer. Pictured on page 42.

C 51 Mme. Joseph Perraud—An outstanding rose. A wonderful exhibition and garden rose. The long slender buds open into fragrant full flowers of nasturtium buff flushed orange. Very vigorous. Large, glossy foliage.

C 52 Mme. Jules Bouche—A very fine white garden rose. The sweetly scented blooms are produced all season and last a long time when cut. Exceedingly prolific bloomer.

Get-Acquainted Special

These are five of the best roses, vigorous growers, free-blooming. This Special Offer is made so that you can plant them in your own garden and find out for yourself the satisfaction, the pleasure, the beauty that Inter-State roses have brought to hundreds of thousands. Select 2-Year No. 1 Plants

C 53 Mrs. Charles Bell—A strong, healthy grower that is often called Blush Radiance. The flowers are a lovely luminous shell-pink, entirely different from all other roses. Fragrant. Blooms freely spring to frost.

C 55 Mrs. P. S. du Pont—From early summer until freezing this rose is a glorious sight with its rich yellow flowers. Long pointed buds, fragrant, profuse bloomer. It was the favorite yellow rose in our World's Fair Rose Garden in Chicago.

C 56 Mrs. Sam McGredy—Exquisite pointed buds open into beautiful, large, double, high-centered flowers of striking colors, scarlet, orange and copper. Fragrant, long stems fine for cutting. Free-blooming with attractive glossy foliage.

C 63 Pedrables—This fine white rose is large, often 5 inches across. The creamy buds open into pure snow-white fragrant flowers. A vigorous, well-branched grower and extremely free-blooming, all season through. We like it very much.

C 59 Picture—We consider this one of the very finest pink roses, a clear pink with just a trace of salmon to give it a warm glow. Delightfully fragrant. The blooms are perfect in bud and when open. Blooms continuously.

C 60 Pink Dawn—A new rose. Fine for gardening and cutting. Buds are lovely, and open into large, fully double flowers of clear, purest pink. Extremely fragrant. A vigorous grower, hardy and free-blooming.

C 62 Poinsettia—This free-blooming rose brings to you the brilliance, the glowing red color of the Christmas Poinsettia. Long pointed buds, ideally formed, fine for cutting, free-blooming.

C 64 Pres. Hoover—A glorious combination of cerise-toned orange, scarlet and yellow. Richly perfumed, long stemmed and free-blooming. One of the most beautiful roses ever introduced. Pictured on page 42.

C 66 Radiance, Pink—The great pink rose, planted everywhere because it has made good all over America. Fragrant flowers are produced abundantly all season.

Hardy, Rugged Roses

Here are five roses that the test of time has proven to be unusually hardy, healthy, vigorous and free-blooming. POSTPAID.

INTER-STATE'S

New ROSE DUST

Will keep your roses healthy

Guaranteed satisfactory or
money refunded

Convenient, Effective, Economical

See page 6 for Hudson Dusters

This is the best, most effective Rose Dust we know. A new but thoroughly tested formula contains DDT, Malathion, Captan and Sulphur. Highly recommended by rose authorities. It does not discolor flowers or foliage.

This Rose Dust contains the necessary chemicals for the control of fungus diseases such as Black Spot and Mildew, also aphids and leaf eaters. It is very easy to use, no mixing, no fuss, no bother. Clean, healthy foliage is essential to grow good roses, also other plants. Follow a regular dusting schedule, starting early just as soon as the plants are fully leafed out. Dust often, dust regularly and dust thoroughly. You will be astonished at how much better a healthy plant blooms. Complete instructions on every package.

Primarily intended for Roses, it is also effective on other plants. POSTPAID.

K 150 2½ Pounds Rose Dust and Fibre Duster for \$2.25

K 151 3 Pounds for \$2.15

K 152 5 Pounds for \$2.95

K 153 10 Pounds for \$4.95

NEW ROSE SPRAY

For Insect and Fungus Control

A concentrated formula containing Captan, Karathane and Rotenone that will control insects and fungus diseases of Roses and other plants such as Mums, Phlox, Evergreens, etc. Easy to use and economical too, you mix only 2 Tablespoons per gallon of water. One pound will treat 75 plants for the entire season. POSTPAID.

K 57 4 ounces for \$1.00

K 58 8 ounces for 1.85

K 59 1 pound for 2.95

C 67 Radiance, Red—America's great red rose. Vigorous grower, hardy, healthy, free-blooming, with a true rose fragrance.

C 72 Soeur (Sister) Therese—One of the best yellow roses. The flowers are a bright yellow with some petals edged carmine. The fragrant blooms come almost in candelabra effect. Healthy, vigorous, free-blooming.

C 75 Talisman—A glorious combination of orange-yellow and rose-red. The buds are long pointed, flower is double, high centered. The fragrant flowers are freely produced all season and are especially fine for cutting as they come on long stems. The fall bloom is exceptionally gorgeous.

C 77 The Doctor—Considered by many to be the most beautifully colored of all roses. Long, pointed buds open into simply enormous, yet graceful blooms, very fragrant. It is a pink with an iridescence, a sheen beyond description. Each flower is so perfect, so gorgeous, you will consider it almost priceless. Far more beautiful than pictured on page 43.

EVERBLOOMING FLORIBUNDAS

In the above picture is a planting of Floribunda roses in front of Climbing roses. Floribunda Roses are hardy, disease-resistant and long lived. They need but little care. The flowers come in clusters and bloom constantly from spring to freezing. Plant them in borders, solid beds, or in groups in front of shrubs and evergreens. They make a marvelous hedge. For cutting, just a stem makes a bouquet, and they last a long time when cut. A natural for picture windows. Plant 18 to 24 inches apart.

C 93 Dagmar Spath—Makes a bushy-upright plant over 2 feet tall that is loaded with the great clusters of snow-white flowers, semi-double and fragrant.

C 102 Dainty Bess—Strong, healthy grower and blooms freely. Large, single flowers of soft rosy-pink with wine-red stamens. True wild rose fragrance. About 3 feet tall.

C 90 Else Poulsen—Vigorous, healthy plants 3 feet tall that produce constantly clusters of the most beautiful bright rosy-pink flowers, semi-double, fragrant. One of the best bedding roses of all time.

C 94 Eutin—Great clusters (often 50 or more flowers) of very double, red flowers. Glossy, dark green foliage. Healthy, hardy, vigorous, free-blooming, fragrant. 24 inches tall.

C 88 Floradora. Blooms constantly from June to Frost of lovely geranium-red shaded salmon-rose. The flowers are fully double with 40 to 50 petals each. Makes a healthy, upright plant 2½ to 3 feet tall. Winner of AARS Award.

C 92 Improved Lafayette—For bedding and border this is hard to beat as the cheerful ripe cherry-red flowers are produced so abundantly all through the season. Semi-double, fragrant. 27 inches tall.

C 91 Pink Gruss An Aachen—We have yet to see anybody who does not like this great Floribunda. Makes a bushy, rather spreading plant about 18 inches tall with rich green leathery foliage. Large, fully double flowers, fragrant, exquisite orchid-pink. Perfect for corsages.

C 99 Red Ripples. One of our best red floribundas. Wavy-petaled flowers produced continuously on vigorous, healthy, 3 to 4 foot plants. A thrilling sight in full bloom.

C 117 The Fairy—Probably the most constant, most prolific bloomer of all roses. Sprays of small, double, shell-pink continually on sturdy, spreading bush around 3 feet tall. Hardy.

EVERBLOOMING BABY ROSES

These Polyantha Baby Roses are ideal for borders and solid beds. Many like them for cemetery planting because they are so hardy and require so little care. Bloom constantly from spring to frost. Grow only 15 to 18 inches tall. Plant 15 to 18 inches apart.

C 96 Chatillon—Enormous heads of vivid pink flowers. It always creates a sensation.

C 97 Gloria Mundi—A favorite for the picture windows because of its large clusters of brilliant orange-scarlet.

C 98 Sparkler—Always full of the bright crimson flowers. A favorite.

INTER-STATE'S

Colorful Daisies

M 241 Pyrethrum (Painted Daisy)—This is the superb Robinson strain, the finest we know. The flowers are larger and brighter colored, the most gorgeous reds, fine pinks and pure whites, all mixed to blend beautifully. Long stems fine for cutting. Blooms profusely in the spring and early summer. Grows about 24 inches tall. We are making a very special price so that you can plant them freely. The finely-cut foliage is attractive in itself when the plant is not in bloom. It can be used in bouquets and arrangements.

GIANT ALASKA

SHASTA DAISY— *Pictured below*

M 265 Few perennials can equal this for the astonishing number of cut flowers it will produce in June and July. Also attractive in the garden. Large, glistening white blooms with rich yellow center. Long 2-foot stems fine for cutting. Add just a little greenery and only a few of these flowers make a lovely bouquet. You can plant all Shasta Daisies either in full sun or with some afternoon shade. Strong, field-grown plants, that will bloom freely this season and even more next year. Daisies are one of our most popular perennials. With very little care or attention they will give you beautiful flowers for many weeks.

Each 40c, 3 for \$1.00 Postpaid

Giant Alaska Shasta Daisy

IMPROVED ESTHER READ

SHASTA DAISY— *Pictured Below*

M 267 For many years we have been searching for a double Shasta Daisy that would stand our winters. Here is one which has proven rugged enough to withstand our winter weather. The flowers are simply marvelous. Large, 3 to 3½ inches across, fully double, snow-white with a golden touch in the center. They commence blooming in early summer and continue right up into fall. The flowers come singly on long stems, fine for cutting. Each flower lasts a long time in the garden and also when cut. It is such a strong grower and free-bloomer, that you will get many bouquets **THIS VERY FIRST SUMMER.** And next summer a great deal more. Selected field-grown plants.

Each \$1.00, 3 for \$2.50 Postpaid

Improved Esther Read Shasta Daisy

MARCONI FRINGED

SHASTA DAISY— *Pictured below*

M 263 There are several lovely fringed Shasta Daisies but this is the only one that we have found which will live and bloom for years. The flowers are large, 3 to 4 inches across, with narrow, frilled petals, snow-white with a bright yellow center. Flowers are borne singly on long stems, long-lasting in the garden and also when cut. Grows almost 2 feet tall and blooms very freely in late spring and early summer. A hardy, healthy, vigorous grower that can be divided every 2 or 3 years. At small cost you can have many dozens of lovely flowers. Will bloom this summer. We send you hardy, selected field-grown plants.

Each 40c, 3 for \$1.00 Postpaid

Inter-State's Finest

"MUMS" ARE AMERICA'S FAVORITE FALL FLOWERS

Colorful, Long Lasting, Fine for Cutting • All Mums are Postpaid

M 840 Pink Quill. This new Mum from Lehman is wanted by all who see it. Very large, spidery quilled flowers 4 to 6 inches across (larger than pictured) of a delightful shell-pink with deeper center. Unique and attractive in the garden and simply marvelous for cutting. Makes a very bushy, rounded plant 2 feet tall. Starts blooming around September 25th. **Each \$1.00, 3 for \$2.50**

M 820 Crimson Glory. This is Lehman's sensational new red Mum. Almost exactly the same rich crimson color as the popular Crimson Glory Rose. Makes a rather upright, well-branched plant with striking deep red flowers 3 to 3½ inches across. Starts blooming in September and is a glorious sight for weeks. By far our best red Mum. **Each 75c, 3 for \$1.95**

M 827 Golden Thrill. (P.P. 1348). Introduced by Inter-State Spring 1954 and sold exclusively by us. Large, incurved flowers of bright golden-yellow, even larger than pictured, on rather low, spreading plant. If dis-budded the blooms are simply huge. Very free-flowering, starts blooming in early September and continues right up to freezing. A mound of gold for weeks. Without doubt, the finest early blooming, incurved yellow Mum. **Each \$1.00, 3 for \$2.50**

M 826 Frosty (P.R.R.). A new Mum introduced by Inter-State spring 1956. Large, incurved flowers, much larger than pictured, 4 to 5 inches across, pure snow-white when open. The buds have a delicate lavender tinge. Starts blooming in mid-September and in a few days is almost a solid mound of white. It is the best early blooming, incurved white. **Each \$1.00, 3 for \$2.50**

M 813 Aristocrat. Last fall this was one of the outstanding Mums in our trials which contained over 200 of the finest and newest varieties. It has everything expected of a great garden Chrysanthemum. Large, fully double flowers, 3 to 4 inches across; vigorous plant with healthy foliage; clean, lovely color; perfectly formed flowers and a prolific bloomer. From mid-September until freezing the 2-foot plants are covered with the most delightfully colored flowers, a deep cerise with overtones of bright rose. **Each 75c, 3 for \$1.95**

M 851 Golden Fantasy is brand new for 1957. Originated by the University of Minnesota, this distinctly different type Mum is certain to become one of our most popular varieties. The color itself is rewarding, a rich brilliant yellow. But the form is unique, resembling a huge greenhouse carnation. The 3-inch flowers cover the plant for several weeks beginning in mid-September. The most exciting new Mum we have seen in several years. You'll like it in the garden and it "Makes" a bouquet. **Each \$1.00, 3 for \$2.50**

Garden Chrysanthemums

We guarantee this collection of 12 Mums to be the finest in America

All of the Mums we send you are growing, potted plants which we have tested and found to be the best for outdoor planting. Mums are usually shipped later and separately from other perennials and nursery stock. All Inter-State Mums carry the following guarantee. When they bloom in your garden next fall, if you are not delighted, you may select from our catalog, without cost, anything you wish equal to the amount you paid us for the Mums. All Mums Are Postpaid.

M 822 Bronze Giant. This new variety is one of Lehman's very best. Huge flowers, 5 inches or more across, of glorious, intense bronze. The vigorous upright plants grow 30 inches tall and produce dozens of magnificent blooms of our favorite fall color. Blooms mid-September until freezing. **Each \$1.00, 3 for \$2.50**

M 825 Dr. L. E. Longley. One of the finest of all Mums and by far the best of its color, an exquisite rosy-lavender. Starts blooming in late August and is simply covered for weeks with lovely 3-inch flowers. **Each 75c, 3 for \$1.95**

M 858 Ruby Breithaupt. A late introduction of Dr. Kraus and we consider it one of his best. This variety created more interest than any other Mum in trials last autumn. And no wonder, with its immense, informal type flowers and rich coloring. The vigorous 30-inch plants with luxuriant, deep green foliage are an attraction themselves. Starts blooming in late September with flowers of creamy-white deepening to primrose yellow in the center. You will enjoy it in your own garden this fall. **Each \$1.00, 3 for \$2.50**

M 817 Butterscotch, another new Kraus masterpiece, was a thrilling sight to see here at Hamburg last fall. From mid-September until freezing weather in late October, people who visited our nursery were fascinated by its panorama of color. The first flowers are a pure golden yellow. Then, they become a deep golden amber, one of the finest of all fall colors. The large 3½ to 4-inch semi-incurred flowers are borne in profusion on the healthy, 30-inch plants. **Each 75c, 3 for \$1.95**

M 839 Purple Waters, a Lehman creation, is the best large flowering purple Mum we know. The perfectly double, 3 inch flowers completely cover the 2-foot plants from mid-September until freezing. Striking in the garden or in bouquets. **Each 75c, 3 for \$1.95**

M 834 Flamboyant. For the most spectacular coloring in Mums, plant Flamboyant. It creates a parade of ever changing color from late August until early October. The 3-inch flowers open a bright tangerine-red changing to warm orange and then golden bronze. A star attraction in any planting. **Each 75c, 3 for \$1.95**

Inter-State's *Four Queens* America's Finest Cushion Mums

The illustrations below of "Inter-State's Four Queens" and one of our large fields of growing Mums are made from direct color photographs (Kodachromes). The individual plants were photographed in this field.

Yellow Queen

Crimson Queen

Bronze Queen

Purple Queen

Visitors last fall were amazed at the spectacular beauty of our fields of Mums. These New Varieties of Cushion Type Chrysanthemums were particularly outstanding. In the first place, they make perfect plants, about two feet tall and two to three feet wide. So full of flowers that you cannot see the foliage. They start blooming in early September and continue right up to severe frosts.

They literally produce Bushels of Blooms. Marvelous coloring for the garden and you pick bouquet after bouquet and scarcely miss a flower. The flowers are two to two and one-half inches across and completely cover the entire plant.

We are so sure that these Four New Queen Mums will please you that we make this Guarantee—When they bloom this late summer and fall, if you are not delighted, you may select from our catalog whatever you wish equal to the amount you paid for them.

M 815 Bronze Queen—The flowers have perfect fall coloring, golden bronze with touches of copper and tangerine. A tremendous bloomer and the last flowers seem even more attractive than the first.

M 824 Crimson Queen—By far the finest Red Cushion Mum we have ever seen. The color is such a rich shining crimson. A perfect mound of bloom, about six inches lower than the other three varieties.

M 843 Purple Queen—When you see this for the first time, it really gives you a thrill. Most people never knew there was such a Mum. And there never was until this was introduced by us. No flower in your garden will create a greater sensation. The rich purple flowers are lovely from the first opening bud until severe freezes end the season weeks later.

M 853 Yellow Queen—The richest bright clear yellow, a color that lights up the entire yard. In the garden, in a bouquet, it is outstanding and a color that brings cheer and life. It is unequalled.

For Brilliant Fall Color in Your Garden or Bouquets

We maintain each year one of the most extensive Mum tests in America. This year we had on trial here at Hamburg, more than 200 named varieties and numbered seedlings. From this extensive trial and test planting we have chosen the Mums listed on this page and pages 56, 57, 58 as the very best. Plant some this spring and you will have hundreds of colorful flowers from mid-August until severe frosts. Mums make delightful bouquets with their gay colors and they last for days. All Mums are Postpaid.

Giant Flowering Mums

Your Choice, Alike or Assorted, 6 Mums Below, Each 75c, 3 for \$1.95 Postpaid

M 811 Adorable—The large, 3½ to 4 inch flowers are pure pink without a trace of magenta. This was the best of all the pink Mums in our trials last fall. 2 feet tall.

M 810 Apache—This new Mum by Dr. Kraus is rated one of the finest grown today. A blaze of color from mid-September to freezing. Makes a well-branched plant 2 feet tall, covered with large flowers, 4 to 5 inches across. The petals are somewhat quilled, a fire-cracker red suffused golden-copper.

M 819 Crowning Glory—This lovely new variety from Lehman was one of the best of all Mums in our fields last fall. Very large, fully double flowers 4 inches across, enchanting coral-apricot shading to nasturtium-orange at the center. Husky plants 3 feet tall.

M 833 Mohave Gold—Visitors to our nursery last fall were delighted with the size of this great new Mum, 4 to 5 inches across, but in the end it is the color that is so impressive, the brightest golden bronze we have ever seen. Covered with lovely flowers from early September until severe frosts.

M 847 Rosetone—From early in September until frost this great new Mum will provide bouquets of the most attractive shading of lavender-rose Mums you ever saw. The flowers are large, 4 to 5 inches across, on strong plants 2½ to 3 feet tall.

M 818 Muriel Rice—Fully double, 4 inch flowers of light primrose changing to deep cream as the flowers become fully open.

All 3 for \$1.15 Postpaid

Creeping Phlox, for covering bare spots

Gypsophilas Pictured at right

Mix a little lime with the soil before planting all Gypsophilas. All are hardy, prefer sunny spot and make bushy plants 2 to 3 feet tall.

M 149 Gypsophila, Bristol Fairy — Large panicles of small, perfectly double white flowers produced profusely all summer. A favorite for bouquets. Our plants are grafted.

Each 65c, 3 for \$1.85, Postpaid

PENSTEMON, Pygmy Rose

M 236 Grows only 12–15 inches tall, in sun or part shade. Spikes of bell-shaped rosy-lilac flowers June to September. Hardy. New. Scarce. Postpaid.

Each 60c, 3 for \$1.45

PENSTEMON, Rose Elf

M 235 One of the finest new perennials. A healthy plant with rich green foliage, then in June, July and August, it produces such an abundance of the lovely coral-pink flowers on graceful spikes 2 to 3 feet tall. You will love them in the garden and they are fine for cutting. Prefers a sunny spot but will grow in partial shade. Postpaid.

Each 60c, 3 for \$1.45

Below, Penstemon, Rose Elf

M 148 Gypsophila, Oldhamiana Pink—Masses of light pink flowers August to frost. Lovely in the garden, fine for cutting.

Each 40c, 3 for \$1.00, Postpaid

M 150 Baby's Breath, Snow White (Gypsophila Pan. fl. pl.)—In July-August, completely covered with very small double white flowers. Lovely in the garden, unequalled for bouquets. This is best for winter use.

Each 40c, 3 for \$1.00, Postpaid

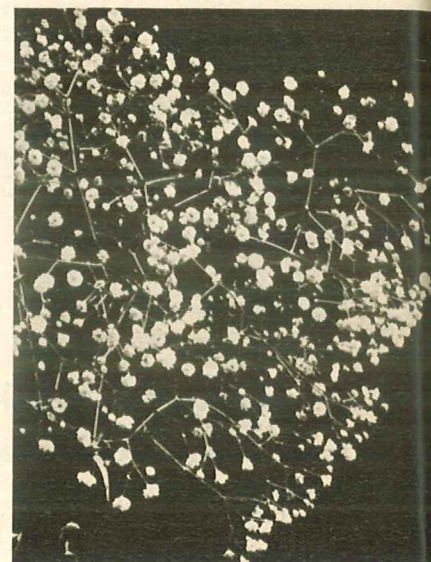

M 23 Achillea, Snowball (Ptarmica)—Makes a bushy plant 18 to 24 inches tall. Blooms all summer into fall. Clusters of the double, white flowers, lovely in the garden and extra fine for cutting. Hardy, easy to grow, in full sun or part shade.

Each 40c, 2 for 70c, 4 for \$1.25, Postpaid

M 26 Artemisia, Silver Mound is one of the most striking new hardy perennials. Grows less than a foot tall and 12 to 15 inches wide. The color of the fernlike foliage is the most pleasing, clearest silver-gray you ever saw. Wonderful for borders. Prefers a sunny location but does well in part shade.

Each 75c, 3 for \$1.85, Postpaid

INTER-STATE'S
EVERBLOOMING

Delphiniums

M 100 Cliveden Beauty—Many think this is the finest of all light blue flowers. Grows 3 to 4 feet tall and after the first great burst of bloom in early summer, it repeats at intervals. A healthy grower that lasts for many years. Lovely in the garden and very fine for cutting. **Each 40c, 3 for \$1.00, 6 for \$1.75, Postpaid**

M 101 La Martine—This fine plant should be in every garden. The rich dark blue flowers are so lovely in the garden and for cutting. A great mass of flowers in early summer and at intervals all summer. When you cut a flower spike, another grows out to bloom later on. A healthy grower, 4 feet or so tall, lasts for years. **Each 40c, 3 for \$1.00, 6 for \$1.75, Postpaid**

M 102 Pacific Hybrids—The individual flowers are very large, often 2½ inches across on spikes 3 to 4 feet long. The colors range from white, sky-blue to deep blue, purple, violet and exquisite shades of orchid-pink. The plants grow 5 to 7 feet tall. Cut the stems after the first great burst of bloom and they will repeat. **Each 50c, 3 for \$1.35, 6 for \$2.35, Postpaid**

NOTICE—Our experience shows that perennials do better when planted after the ground begins to warm up. Therefore, we ship perennials 2 weeks or so later than Roses, Shrubs and Trees which can be planted earlier. If you order both perennials and Roses, Shrubs or Trees, you will receive 2 or more shipments before your order is complete.

M 252 Salvia, Pitcheri—From midsummer to frost, this is the most attractive blue perennial we have. Grows 4 feet tall and the color of the flowers is a rich blue. Hardy, easy to grow in sun or part shade. There are not so many good hardy blue perennials. This is one of the very best. **Each 60c, 2 for \$1.00, Postpaid**

Coreopsis

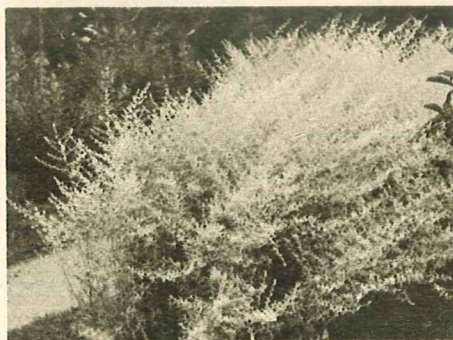

Golden Shower—Pictured below

At New Low Prices

M 89—One of our best hardy new perennials. The bright yellow star-like flowers, 1 to 1½ inches across, are produced from June to frost. Blooms freely right through summer's heat. The bright green, feathery foliage is attractive in itself. Makes a neat, bushy plant 24 to 30 inches tall that will brighten up a dull corner or add color to a border. Does well in full sun or part shade, in ordinary garden soil.

Each 50c, 3 for \$1.25, Postpaid

Below, Coreopsis, Golden Shower

Artemisia, Silver King

M 25 Artemisia, Silver King—This hardy plant is highly prized because of its frosty silvery-white foliage. It is attractive in the garden and much used in bouquets and arrangements. Also can be cut and kept for winter use. Grows 2 to 3 feet tall, in sun or a little shade, any ordinary soil. Once planted, it will come up year after year.

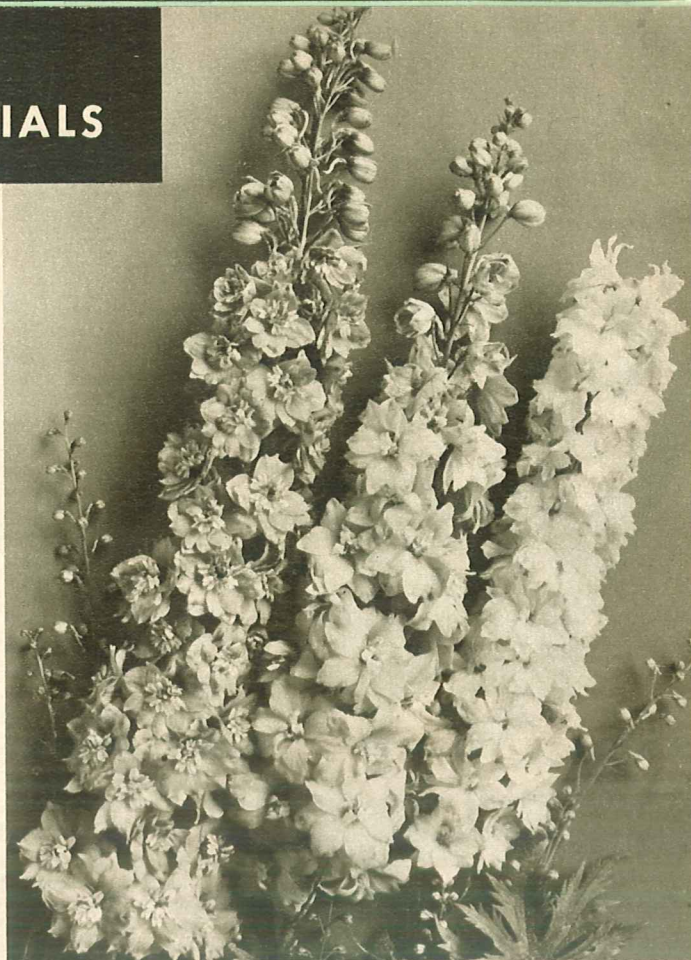

Each 50c, 3 for \$1.25, Postpaid

M 194 Linum, Heavenly Blue (Narbonense)—This has larger flowers than the common Blue Flax Linum. The color is a lovely azure-blue with a white eye. Blooms profusely through June and July. Makes a bushy plant 2 feet tall. **Each 40c, 3 for \$1.00, Postpaid**

M 224 Blue Stars (Platycodon)—Lovely, large, deep blue flowers that look like stars. Bloom all summer on graceful 20-inch stems. Hardy, lasts for years, coming up year after year without special care.

Each 40c, 3 for \$1.00, Postpaid

M 202 Lythrum, Morden Pink—The most popular variety planted in America. Makes a bushy plant 3 feet tall completely covered with bright pink flowers from June into September. **Each 60c, 3 for \$1.45**

Pacific Hybrid Delphiniums

Hardy Grenadin Carnations

These are becoming popular because they are not only lovely in the garden but are fine for cutting. The flowers are very fragrant and come on long stems. Bloom freely in early summer and at intervals thereafter. Grow 18 to 20 inches tall. They are hardy but in cold sections we recommend a light winter mulch to prevent alternate freezing and thawing.

M 239 Plumbago—Visitors to our nurseries always ask us the name of this plant as they see the long rows across the field. The open flowers are a rich blue, the tiny buds a bronzy-red, giving the entire plant a beautiful and unusual appearance. Always in bloom from July to frost. For an edging plant or a low-growing solid bed, it simply cannot be beat. Grows only 6 to 8 inches tall.

Each 65c, 3 for \$1.65, Postpaid

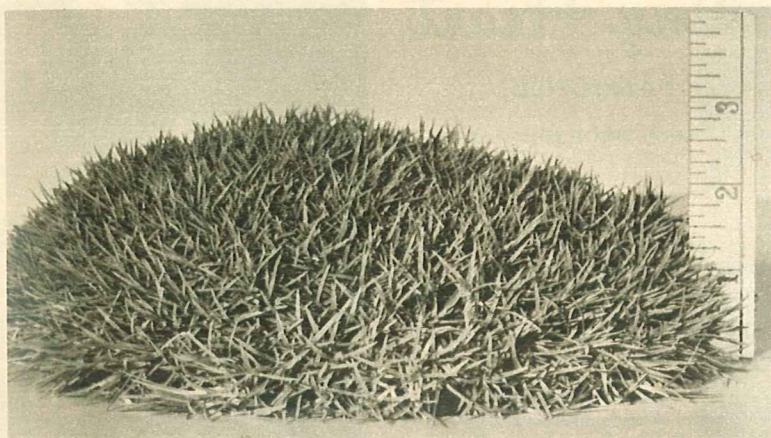

New Emerald Isle Achillea

M 21 Emerald Isle Achillea (Millifolium). These are grown from cuttings from one selected plant, which was chosen because of its perfect form and color. Develops into a rounded plant 12 to 15 inches tall which produces white flowers on long stems during the summer. But the real beauty of this plant is its habit of growth, and the rich green coloring of its fern-like foliage. In fact it closely resembles a fern, but, unlike a fern, it will thrive right out in the sun, even in dry locations. It will also live in partial shade. Ideal for symmetrical borders. Stays green late in the fall, even into winter. Very hardy and easy to grow.

Each 50c, 3 for \$1.35, Postpaid

ADD CHARM TO YOUR GARDEN

Dianthus Pinifolius, The Pin Cushion Plant

DIANTHUS PINIFOLIUS,

The Pin Cushion Plant, For Borders, Edgings, Rock Gardens

M 118 One of the most unique plants in America. It grows only 3 inches tall and up to 18 inches wide. The grass-type foliage is very narrow, a rich deep green and in mild winters stays green all winter. Perfect in rock gardens, for edging and borders. Thrives in sun or part shade. Blooms in early spring. Hardy, easy to grow. We send you growing potted plants which develop rapidly and in a few weeks will delight you with their perfect round form. This unusual perennial was offered by us for the first time spring 1956. **Each 60c, 3 for \$1.50 Postpaid**

Hardy Veronics

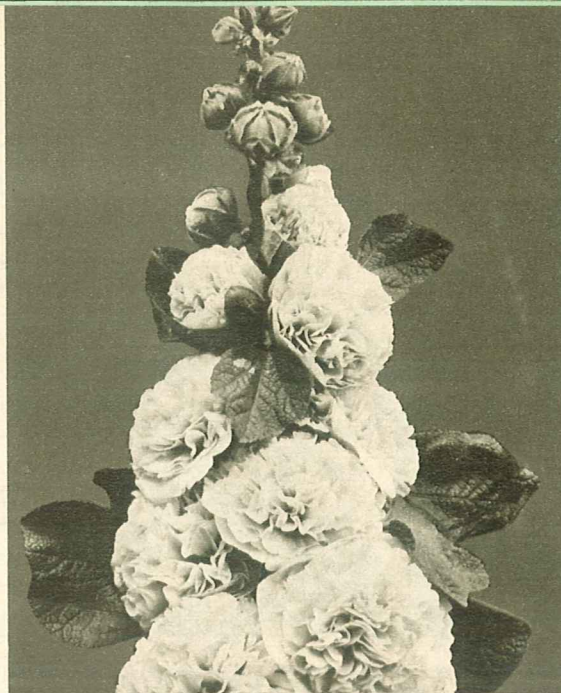

M 291 Veronica, Icicle—A new variety with, pure white flowers on graceful spikes 15 inches tall. Blooms from midsummer into fall. Makes a healthy, vigorous plant with the richest dark green foliage, attractive in itself. Hardy, easy to grow, in sun or part shade. Fine in the garden or in bouquets. The more you cut it, the more it blooms. **Each 75c, 3 for \$1.95, Postpaid**

M 289 Veronica, Sunny Border Blue—Should be in every garden. The deep blue flowers are produced from July into September on 18 to 24-inch stems. Hardy, it gets better each passing year. Especially fine in the garden border and excellent for cutting. **Each 65c, 3 for \$1.65, Postpaid**

Sedum, Dragon's Blood

SEDUM Dragon's Blood

M 130 A low growing perennial which is ideal for rock gardens, edgings, banks or borders. Grows only 3 to 4 inches tall and is covered with brilliant red flowers for several weeks June to August. Hardy, easy to grow in ordinary soil. This is an improved variety which we rate with the best. Postpaid.

Each 75c, 3 for \$1.95, 6 for \$3.45

LILY-OF-THE-VALLEY

M 193 Everybody loves these delightfully fragrant white flowers pictured above. They thrive in full shade on the north side of your home against the wall where few plants will live. They also do just as well right out in the full sun. We send you clumps of 5 to 7 Pips which will bloom this season.

Each 50c, 3 Clumps for \$1.25 Postpaid

M 227 Plantain Lily (Funkia Coerulea). Pictured above. Fine for shady places but it also grows in the sun. Grows 18 inches tall with attractive, large, deep green leaves. The flowers are large, bright blue and fragrant. Blooms freely in July and August.

Each 75c, 3 for \$1.95 Postpaid

M 228 Variegated Plantain Lily—Similar to the one pictured above only the leaves are attractively variegated with silvery-white. The lilac-colored, bell-shaped flowers bloom on 18 inch spikes. Grows in shade and is perfectly hardy.

Each 75c, 3 for \$1.95 Postpaid

Hardy Ferns

Many ask us "What can I plant in shady places?" Among the very best, are these Hardy Ferns. They thrive in the shade. That is their natural home. Perfectly hardy, they come up year after year.

M 120 American Maidenhair—Fine on north side. Grows a foot tall.

M 121 Hayscented—Grows in semi-sunny places as well as shade. 12 to 18 inches tall.

M 122 Interrupted—Good for foundation planting in shade or part shade. 2 to 4 ft. tall.

M 123 Lady—Pictured. Likes the shade. 1 to 2 feet tall.

M 124 Ostrich Plume—Especially fine for a shady, rather moist spot. 2 to 4 feet tall.

Bleeding Heart

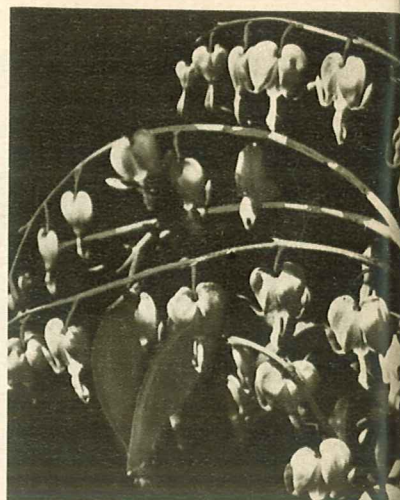

(OLD FASHIONED)

M 58 Bleeding Heart, Old Fashioned—A favorite in Grandmother's garden half a century ago, it is equally popular today. Grows 2 feet tall. Thrives in partial shade, but will grow in full sun. Attractive foliage. Graceful heart-shaped pink flowers in April-May. The plant becomes larger, more beautiful, each passing year.

Each 75c, 2 for \$1.35, Postpaid

M 60 Bleeding Heart, Fern Leaf (Eximia)—Lovely pink flowers are produced continuously from late spring right through summer into fall. Fern-like foliage is very attractive. Grows a foot tall in sun or shade. Hardy, easy to grow. Fine border plant.

Each 50c, 3 for \$1.25, Postpaid

Bleeding Heart, Old Fashioned

Fancy-leaved Caladium

For a continuous foliage display from late spring to frost, no other plant equals these. Easy to grow, in sun, partial shade, even full shade. In the fall before freezing weather, dig and store like Cannas. Or you can pot them for winter use indoors. Make stunning arrangements. Plant 4 inches deep in late spring after ground warms up. You can have Mixed Colors or Separate Colors, Red, Pink or White. These are first quality bulbs. Naturally the Large Bulbs have more eyes than the smaller and will produce more foliage. For an earlier start, it is best to pot the bulbs and keep them indoors until all danger of frost is past.

Penstemon Seeba Hybrids

NEW FOR 1957 • Sold only by Inter-State

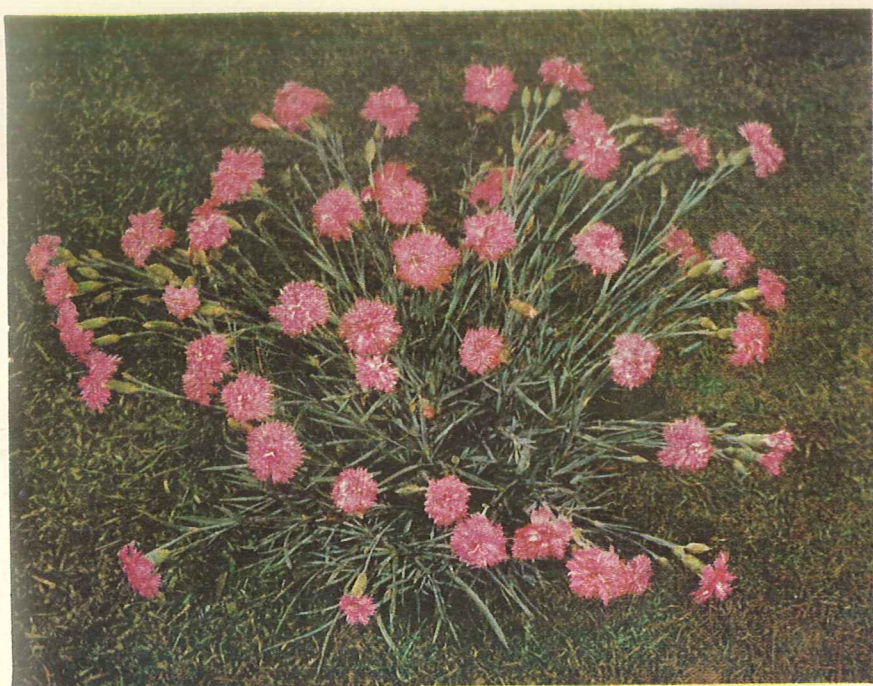

M 233 Penstemon, Seeba Hybrids. The picture at right gives only a suggestion of the glorious beauty of this new perennial. The colors range from pure white through shades of pink and lavender to deep rose all of which blend beautifully in long-lasting bouquets. And in the garden they are ideal for colorful, tall-growing backgrounds so necessary for the complete perennial planting. You get a long season of bloom beginning in June and continuing for weeks as the flowers gradually open from the bottom end of the spike to the top. When in full bloom, there will be from 2 to 3 dozen flowers open at once on the 18 to 24 inch spikes. The Seeba Hybrids are a result of a cross of two native penstemons. Perfectly hardy, they grow about 3 to 4 feet tall, and will come year after year with more flower spikes each season. Order early as our supply is limited. Be the first in your neighborhood to have this sensational new perennial blooming in your garden. Postpaid.

Each 60c, 2 for \$1.00, 5 for \$2.00

Dianthus, Pink Princess

ACHILLEA, Golden Plate

M 22 Golden Plate is a new variety that every woman who sees it, wants. It is attractive in the garden and simply marvelous for arrangements. Grows 3 feet tall with a large flat cluster of buttercup yellow at the top of each stem. Blooms all summer. We have found it very easy to grow. In fact, it grows so vigorously that we suggest you dig and divide the plant every third year. It prefers a sunny spot but will stand some shade. Any ordinary soil will do, needs no pampering. Cut when the flowers are fully yellow and they will keep perfectly for winter use. We suggest you order early.

Inter-State's New Hardy Perennials for 1957

Penstemon, Seeba Hybrids

Pink Princess

AMERICA'S FINEST DIANTHUS

M 114 Pink Princess, introduced spring 1956, is the finest new hardy Dianthus in many years. A creation of Dr. Hildreth of the U.S.D.A. Horticultural Field Station, Cheyenne, Wyo. The plant pictured is only a few months old. Allow it a year to become established and you will be amazed that it could possibly produce so many flowers. Develops into a plant over a foot across. Starts blooming in late April and for many weeks it is absolutely covered with dozens and dozens of the lovely fringed fragrant pink flowers. Grows less than a foot tall. Use it as a border, or a group, or anywhere you want a low-growing, free-blooming perennial of great appeal. We send you potted, growing plants, just right for planting, and ready to bloom. Priced reasonable for such a fine new perennial. We know every plant will bring us many orders from neighbors and friends. We have only 25,000 plants for the entire U. S. A.

For a Parade of Color

Columbine McKana's Giant,

1955 All America Winner

M 85 McKana's Giant Columbine is the first and only perennial ever to win the All America Seed Selections Award. Plant them in your garden and you will see for yourself this very spring why they won this coveted award. The flowers are huge, many 4 inches across, with 4 to 5-inch spurs, far larger than any other Columbine we have ever seen. The colors are simply exquisite, vivid yet not bold or gaudy, shades of red, rose, pink, yellow, cream, white, lavender, purple, blue, some self-colored, but mostly pleasing combinations. We assure you that they are far more beautiful and attractive and larger than pictured. Our field-grown plants will all bloom for you this spring, the Larger Select Plants will naturally produce more flowers. They grow 2 to 3 feet tall, thrive in ordinary soil and prefer slight shade. Hardy, they will come up year after year. Lovely in the garden and add grace and beauty to a bouquet. Grown in a grand assortment of colors, mixed, a beautiful harmonious blend. Postpaid.

Hardy, Garden Perennials From Spring to Fall

Japanese Iris KAEMPFERI, The Rainbow Iris

Called Children of the Gods in early days because of their gorgeous colors. Few plants can compare with them for spectacular beauty. Bloom in June and July. Large flat flowers, some as large as dinner plates, atop strong stems nearly 3 feet tall. The foliage itself is attractive. When planting, cover the crown with 2 inches of soil. Like a sunny spot, rich soil and abundant moisture, especially early in the season and when blooming. They like an acid soil (the average soil is slightly acid), and will not tolerate lime. Grown from coast to coast. Priced low for extra fine plants. This spring we can supply only a fine mixture of many colors: white, blue, purple, yellow, pink. POSTPAID.

M 182 Mixed Colors
 Each 50c, 3 for \$1.35, 6 for \$2.35

VINCA MINOR, our best ground cover

M 259 (Periwinkle). Flowers pictured actual size. This is an improved strain with more and larger flowers. It is our best ground cover. Glossy foliage stays green, summer and winter. A profusion of bright blue flowers in early summer. Fine for covering banks and bare spots. Thrives in full shade, even under trees where grass will not thrive. Excellent for edging and borders. We send you 4 divisions in a bunch. Plant these divisions 4 to 6 inches apart and in a year or two you will have a solid carpet of green. This Vinca not only is exceptionally good for planting in shady, hard-to-grow places but it also grows in full sun or part shade. Excellent to plant around Lilies as it protects their roots summer and winter. Especially here in the mid-west, it is the best ground cover we know. Postpaid.

NEW, BETTER, FALL BLOOMING HARDY ASTERS

INTER-STATE'S *Exciting,*

All the Lilies we list are hardy and under normal conditions will come up year after year. But we recommend that in cold sections you put on a winter mulch to prevent alternate freezing and thawing. They can be planted in full sun but afternoon shade will make the flowers even more beautiful and they last longer.

ALL THE LILIES WE SEND YOU WILL BLOOM THIS SEASON

MID-CENTURY HYBRID LILIES

B 88 An outstanding cross which was thought impossible until accomplished recently by Jan de Graaff. Very hardy, they grow and thrive everywhere even under adverse conditions. The range of colors is superb, shades of yellow from canary to gold, apricot, pinks, rose, salmon, many shades of red. The blooms come in clusters on strong stems 3 to 4 feet tall. Plant in a well-drained spot, full sun or partial shade, 7 inches deep. They will come up year after year, multiplying and increasing in beauty. Beautiful in the garden and excellent for cutting. We guarantee them to please you when you get the bulbs and also when they bloom this summer. Postpaid.

Top Size Bulbs (5 to 7 inches around)
Each 50c, 3 for \$1.35, 6 for \$2.25

Mid-Century Hybrid Lilies

NEW WHITE RUBRUM LILY

B 70 White Rubrum (Speciosum Album). The new, scarce, highly prized white form of the famous Rubrum Lily. The form is the same as the Rubrum pictured below but the color is snow-white with a golden green stripe through each petal, one of the most beautiful of all Lilies. Will bloom this summer, about 2 weeks later than Rubrum on strong stems 3 to 4 feet tall. Plant 7 inches deep in a well-drained location. Postpaid.

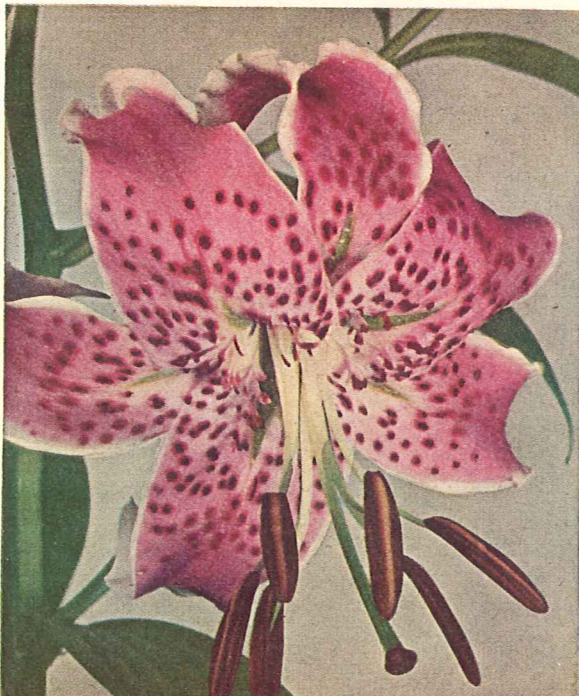

Selected Bulbs (6 to 7 inches around)
Each \$1.00, 3 for \$2.75

BEAUTIFUL RUBRUM LILY

B 65 Many think this is the most beautiful of all hardy Lilies. Flowers are bright pink edged white, with small maroon spots. Blooms in August and September on strong stems 3 to 4 feet tall. The reflexed wavy flowers are lovely in the garden and fine for cutting. Will bloom this summer. Please note we send you Giant Size Bulbs 8 to 9 inches around, which are far better than smaller sizes. POSTPAID.

IMPROVED REGAL LILY, America's Favorite

B 82 This Creelman Hybrid is the finest strain of Regal Lily we have ever seen. It is far better than the regular Regal. Larger flowers, more of them, richer color and more vigorous. Blooms in June-July on strong stems 3 to 4 feet tall. Great clusters of the lovely, fragrant flowers, a lustrous snow-white with a golden throat and tinged pink on the outside. Plant them 7 inches deep in a well-drained spot in full sun or part shade. They will come up year after year, increasing in number and beauty. Both sizes of bulbs **WILL BLOOM THIS SUMMER**, the Giant size producing more flowers. Plant some of this superior strain of America's Favorite Lily this spring. POSTPAID.

New, Hardy Lilies

GIANT OLYMPIC, America's Finest Hardy Garden Lily

B 79 Created by Jan de Graaff, Giant Olympic is truly America's Finest Hardy Garden Lily. The huge, trumpet-shaped flowers are 7 to 9 inches long and 5 to 6 inches across, blooming in great clusters on husky stems 4 to 6 feet tall. This is a special selected strain grown from seed which gives a pleasing variation of colors from cool icy green, shades of yellow, pink to white with a golden throat and shades of pink on the outside. Any of them will delight you when **THEY BLOOM IN YOUR GARDEN THIS SUMMER**. Starts blooming in July and continues for several weeks. Vigorous, fragrant, free-blooming, a grand Lily all over America. Plant in a well-drained spot 7 inches deep, in full sun or part shade. Postpaid.

Large Bulbs (6 to 7 inches around) . Each 60c; 3 for \$1.65, 6 for \$2.65

B 87 Enchantment (P.P. 862). Mr. Jan de Graaff considers this the most prolific, vigorous and one of the most beautiful of all his Lily creations. In late June and early July, it is a blaze of color, a vivid rosy-flame. Great heads of flowers, 4 to 5 inches across, on strong stems 3 to 4 feet tall. Plant, 7 inches deep. Postpaid.

Top Size Bulbs (5-7 inches around), Each 50c, 3 for \$1.35, 6 for \$2.25

B 83 Philippine Lily White Superior (Formosanum). A new improved strain with larger, purer white flowers. Starts blooming in mid-August and continues to frost. Delightfully fragrant, trumpet-shaped flowers, 7 to 8 inches long, come on strong stems 4 to 6 feet tall. Plant 7 to 8 inches deep. Hardy to northern Iowa. Postpaid.

Large Bulbs (4 to 5 inches around) Each 50c, 3 for \$1.35

B 84 Red Coral Lily (Tenuifolium). The small, fragrant, bright red flowers are so attractive in late spring and early summer. Grow 18 to 24 inches tall. Especially fine for rock gardens and nooks. Plant 5 inches deep. Postpaid.

Top Size Bulbs (4-6 inches around), Each 30c, 3 for 70c, 5 for \$1.00

Giant Olympic, above

GOLD BANDED AURATUM LILY

B 68 One of the loveliest hardy garden Lilies. The flowers are even larger than pictured, huge trumpets, 5 to 7 inches across. They are waxy white with small crimson spots and each petal has a center stripe of golden yellow. When established the stems are 4 to 6 feet tall with up to 25 flowers on a single stem. Blooms from late July into September. So fragrant that a single cluster will perfume a room. Plant 7 inches deep. **WILL BLOOM THIS SUMMER**. Postpaid.

**Giant Bulbs (8 to 9 inches around)
Each 75c, 3 for \$1.95, 6 for \$3.55**

Auratum Lily, below

Crimson Beauty, above

CRIMSON BEAUTY, Hardy, Thrive All Over America

B 80 The striking flowers of this fine Lily are much larger and more attractive than pictured above. The color is a distinctive crimson. Blooms freely in early summer, in upright clusters, on stems 18 to 20 inches tall. After it is established, it is nothing unusual to have 25 flowers on a single stem. Very hardy and easy to grow, thrives everywhere all over America. Plant 7 inches deep. It will come up year after year, for a lifetime, getting more beautiful each passing year. These selected bulbs will bloom this summer. Postpaid.

Inter-State's Glads

DOUBLY GUARANTEED

1. Guaranteed to please you when you get the bulbs.
2. Guaranteed to please you when they bloom this summer.

When you receive the bulbs, if you are not satisfied, return just one-half of them and we will refund the money you paid us for all of them. When they bloom, if you are not delighted, you may select from our catalog, without cost, anything you wish equal to the amount you paid us for the glads. Finest of all flowers for cutting.

NEW VARIETIES • BETTER COLORS • LARGER SPIKES

Here we offer you one of the finest selections of Gladiolus (Glads for short) in America. Many are new, all are good. The ratings mentioned under various varieties below are the results of the voting by the 1955 Gladiolus Symposium, which is made up of both Exhibition and Commercial growers. They have excelled in form, flower placement, vigor and color. Glad bulbs are ideal gifts for a relative or friend. We will ship direct to them, Postpaid, enclosing a gift card with your name.

Because we take great care in selecting our Glads we sell them by the millions, sending them to every state. We offer 2 sizes of bulbs. The LARGE are 1 1/4 to 2 inches across (diameter) and the MEDIUM are 1 to 1 1/4 inches across. All will bloom this summer, the larger bulbs producing bigger spikes. They are so easy to grow. Plant them 5 to 6 inches deep and 6 inches apart. Make your first planting when you make your early garden. Then make several plantings, 2 weeks apart and you will have the lovely flowers for many weeks. Takes around 75 days from planting to blooming. ALL GLADS ARE POSTPAID.

NEW 1957 ALL AMERICA GLADS

AT NEW, LOWER PRICES

These new All America Glads were selected after years of testing by Gladiolus judges from all sections of America. They were judged as to beauty of color, flower form and placement, flower opening, size of spike and vigor. They cost more than ordinary kinds but those of you who want the very newest varieties should plant some this spring. We guarantee them to please you. Postpaid.

Your Choice, 4 All America Glads, below

Large Size Bulbs, Each 50c, 3 for \$1.45, 6 for \$2.45

Y 93 Caribbean (P.A.F.). Here is a color combination entirely new in Glads. The large, distinctly ruffled flowers are a rich blue-violet with a deep violet throat accented by a small cream spear. The overall effect is one of unexcelled loveliness. Each vigorous, healthy bulb produces a perfect tall, strong spike.

Y 94 Maytime (P.A.F.). The gracefully ruffled deep, pure pink florets with their contrasting large white throats bring back the freshness of May-blooming flowers. Makes a tremendous spike 5 feet tall with 16 to 20 florets which have a silky sheen.

1956 ALL AMERICA GLADS See prices above

Y 91 Appleblossom (P.A.F.). Snow-white with a faint touch of cream in the throat and cool rose pink at the edges of the petals.

Y 92 Royal Stewart (P. P. 1339). The lightly ruffled florets are a radiant light red on exceptionally strong spikes up to five feet tall.

YY 97 1 Each of All 4 All America Glads, All 4 for \$1.75

GLAD VARIETIES

Y 13 Burma—Rated by the Gladiolus Symposium as the best of its color, a glowing rosy-red. Large, perfect, ruffled flowers. One of the greatest Glads of all time.

Glads By Color

This special offer is made for those who enjoy fine Glads by separate colors, yet do not care to bother keeping record of the names. The same beautiful varieties as listed on pages 71 and 72 are included, each color sacked separately. The MEDIUM BULBS are 1 to 1 1/4 inches across (diameter) and the LARGE BULBS are 1 1/4 to 1 1/2 inches across (diameter). Both sizes will bloom this summer but the larger bulbs produce longer spikes. WE GUARANTEE BOTH SIZES TO PLEASE YOU, WHEN YOU GET THE BULBS AND ALSO WHEN THEY BLOOM THIS SUMMER. We have selected the six most popular colors. If you bought these very same Glads by name, they would cost you considerably more. **Postpaid.**

	3 for	6 for	12 for	25 for
Large....	35c	60c	\$1.00	\$1.75
Medium..	25c	40c	.70	1.25

Y 43 King David—This has been a show winner since it was first introduced. The rich, velvety purple flowers have a faint silver picotee. The tall, tapering spikes reach over 4 feet tall.

	3 for	6 for	12 for	25 for
Large....	40c	70c	\$1.25	\$2.25
Medium..	25c	45c	.85	1.50

Y 44 Leif Erickson—We call this new variety the "Chartreuse Glad." The buds are a delicate chartreuse opening to lovely ruffled flowers of deep cream. It is rated the No. 1 Cream both by the exhibition and commercial growers. A vigorous, healthy variety with 7 to 9 flowers open at once. For something new, unusual and beautiful plant some this spring.

	3 for	6 for	12 for	25 for
Large....	50c	90c	\$1.65	\$2.95
Medium..	40c	70c	1.25	2.15

Y 42 Lipstick—This grand new Glad is a lovely light pink with a rosy-red plume in the throat. Flowers are large, nicely ruffled on tall, straight spikes.

	3 for	6 for	12 for	25 for
Large....	40c	70c	\$1.25	\$2.25
Medium..	25c	45c	.85	1.50

Y 50 Miss Wisconsin—One of the most beautiful Glads ever originated. The color is a truly exquisite rose. Lovely in the garden and superb as a cut-flower.

	3 for	6 for	12 for	25 for
Large....	40c	70c	\$1.25	\$2.25
Medium..	25c	45c	.85	1.50

Y 51 Mother Fischer—This and Florence Nightingale are rated as the finest of all white Gladiolus. Both are magnificent. Every bulb of Mother Fischer will produce a perfect spike of beautifully ruffled flowers as pure white as new fallen snow.

	3 for	6 for	12 for	25 for
Large....	50c	.90	\$1.65	\$2.95
Medium..	40c	.70	1.25	2.15

Y 54 Noweta Rose—Carl Fischer, one of America's top hybridizers, considers this his most sensational Glad. A true Grand Champion. Straight, strong spikes often 5 feet tall with flowers 5 to 6 inches across, ruffled, a sparkling deep lavender-rose. Plant the bulbs an inch or two deeper than others because the spikes are so tall and heavy. Pictured on page 70.

	3 for	6 for	12 for	25 for
Large....	50c	90c	\$1.65	\$2.95
Medium..	40c	70c	1.25	2.15

Y 58 Pactolus—This new Glad is the most spectacular and brilliantly colored we have ever seen. Reminds you of a bright setting sun in an amber evening. The flowers are nicely ruffled, a glowing apricot-gold with brilliant orange-red blotch.

	3 for	6 for	12 for	25 for
Large....	40c	70c	\$1.25	\$2.25
Medium..	25c	45c	.85	1.50

Y 60 Patrol—This is a luscious golden-buff, opening 8 to 9 blooms on a shapely formal spike. It is the highest rated of its color and the 6th rated of all Gladiolus.

	3 for	6 for	12 for	25 for
Large....	40c	70c	\$1.25	\$2.25
Medium..	25c	45c	.85	1.50

Y 62 Picardy—For many years this was America's most popular Glad. The color is a beautiful light salmon-pink. You may have some but you always want more.

	3 for	6 for	12 for	25 for
Large....	50c	60c	\$1.00	\$1.75
Medium..	25c	40c	.70	1.25

Y 64 Purple Supreme—The large, rich purple flowers with a fine silver edging are placed perfectly on tall spikes. You will come back and look at it time and time again.

	3 for	6 for	12 for	25 for
Large....	35c	60c	\$1.00	\$1.75
Medium..	25c	40c	.70	1.25

Y 67 Red Charm—Without question this is one of the very best crimson Glads grown today. The flowers are large, perfect form, many open at once and come on tall straight stems, all reasons why it is the highest rated deep red.

	3 for	6 for	12 for	25 for
Large....	40c	70c	\$1.25	\$2.25
Medium..	25c	45c	.85	1.50

Y 74 Salman's Glory—The name is confusing. Salman is the name of the originator and not the color. In fact it is a huge creamy-white with a large red blotch edged yellow. Big, stately, tall spikes.

	3 for	6 for	12 for	25 for
Large....	35c	60c	\$1.00	\$1.75
Medium..	25c	40c	.70	1.25

Y 75 Salman's Sensation—America's top rated blue Glad far better than Ravel or Blue Beauty. The spikes are simply huge, up to 5 feet tall with 15 to 20 florets of enchanting violet blue. This is truly the "sensation" of all Mr. Salman's great Glad introductions.

	3 for	6 for	12 for	25 for
Large....	50c	90c	\$1.65	\$2.95
Medium..	40c	70c	1.25	2.15

Y 65 Sans Souci—Far brighter than pictured on page 70. We picked this new scarlet—as the best of all the new red Glads. Its easy grace, perfect form and glowing color makes it a standout in any planting or any bouquet. Fast becoming an all time favorite with the florists. You will find it on the Grand Champion table at every show.

	3 for	6 for	12 for	25 for
Large....	50c	90c	\$1.65	\$2.95
Medium..	40c	70c	1.25	2.15

Y 79 Spic and Span—Recognized as the greatest of all Glads regardless of color. This Grand Champion is the highest rated of all Glads both by Exhibition and Cut Flower Growers. It has everything a winner should have, beautiful flowers, perfect form, wonderful spikes, excellent grower and rich color. Produces 20 or more ruffled, deep pink flowers on extra long spikes which never crook. Pictured on page 70.

	3 for	6 for	12 for	25 for
Large....	35c	60c	\$1.10	\$1.95
Medium..	25c	40c	.75	1.35

3 GREAT NEW GLADS FOR 1957

Here are 3 of the finest Glads ever created. They have all of the qualities necessary to be 1st Prize Winners at the Shows; tall, strong spikes with 16 to 24 florets each, perfect flower placement, large flowers (4 to 6 inches across), breathtaking colors, charming ruffles and most important of all, healthy, vigorous bulbs. Every bulb will produce a perfect spike 4 to 5 feet tall. These 3 Glads are available only from Inter-State and the originator and sold for the first time this spring. Be the first to have these new Glads blooming in your neighborhood. They will make you the envy of every Glad lover who sees them. These bulbs are guaranteed to please you when you receive them and also when they bloom this summer.

Postpaid Prices on the Following 3 Varieties, Alike or Assorted

	Each	3 for	6 for	12 for
Large Bulbs.....	50c	\$1.25	\$2.25	\$3.95
Medium Bulbs.....	35c	.90	1.45	2.65

Y 34 Golden Sunshine—Here is the yellow that glad lovers have been waiting for. Huge, 5 to 6 inch flowers of the most pure golden yellow we have ever seen. When enough bulbs are available, we predict it will become America's favorite yellow.

Y 45 Innocence—Huge spikes with 20 to 28 flowers of the most delicate shadings of lavender and pink. Each floret opens perfectly for a grand display of breathtaking color for many days. The name portrays perfectly the pure, clean color of this sensational Glad.

Y 66 Rose Spire—This is a certain Blue Ribbon Winner with its tall, stately spikes and large ruffled flowers of enchanting rose-pink with ivory throat. We rate this the very finest of its color.

Y 73 Spotlight Yellow—Now and then a new variety is created which seems to stand head and shoulders above everything else. Here is just such a Glad. Large blooms of perfect form. The color is a clean, clear, yet brilliant yellow with small red mark in the throat which greatly enhances its beauty.

	3 for	6 for	12 for	25 for
Large....	40c	70c	\$1.25	\$2.25
Medium..	25c	45c	.85	1.50

Y 76 The Rajah—We rate this new Glad as the finest, most beautiful of all purples. The tall spikes are almost shoulder high, with large ruffled flowers of lustrous true-purple. Makes an ordinary bouquet a prize winner. Every bulb will produce a perfect spike.

	Each	3 for	6 for	12 for
Large....	20c	50c	90c	\$1.65
Medium..	15c	40c	70c	1.25

Y 80 Tivoli—The highest rated of all medium pink Glads. Large flowers of the loveliest, most beautiful pure pink come on strong spikes nearly 5 feet tall.

Large....	50c	60c	\$1.00	\$1.75
Medium..	25c	40c	.70	1.25

Grow Prize Dahlias

Dahlias are the largest and most beautifully colored of all the late summer and fall flowers. Easy to grow, we send simple planting instructions with every order. For exhibition, nip off the side branches allowing only a few main stems to grow. For lots of flowers, nip the ends of the main shoots when only a foot or so tall, making them branch. A young, small to medium-size bulb will do much better than a large, sappy, over-grown bulb. Even though Dahlias are planted late, we suggest that you order them early. They will keep perfectly in a moderately cool place, until planting time. ALL DAHLIAS ARE POSTPAID.

Just look at these low prices for fine Dahlias
—All will bloom this late summer and fall.

Giant Dahlias

B 6 Avalon—We rate this the best all-around yellow Dahlia. Perfectly formed large flowers freely produced on strong stems. Starts blooming early in the season and keeps it up until frost. Never fails to please you. **Each 60c**

B 17 Commando—Immense, deep flowers almost a foot across of enchanting lilac-blue. One of the most spectacular Dahlias we have seen. It certainly has won many blue ribbons. . . . **Each 65c**

B 24 Sunrays—New and very scarce. The huge, 10 to 12 inch flowers are a gorgeous buff-bronze. When this blooms in your garden you will call your friends and neighbors to show off this magnificent Dahlia **Each 75c**

You who delight in raising large blooms will want these six outstanding Dahlias. Give them a little attention and you can grow flowers as large as dinner plates, 8 to 10 inches across, and brilliant as a beacon light.

B 15 Mrs. George le Boutillier—Here is one everybody likes, especially the men. Giant 10 inch flowers of rich crimson. Without doubt the greatest of all reds. **Each 60c**

B 21 Rosy Morn—This new variety is absolutely the finest giant pink we have ever seen. The loveliest, brightest, glowing pink. Very free blooming on strong stems. **Each 75c**

B 13 Kemp's White Wonder—The best all purpose white we know. The flowers are large, perfect shape, freely produced on strong stems, all through the season. **Each 60c**

INTER-STATE'S Color Dahlia Special

OUR 4 MOST POPULAR COLORS.
LARGE FLOWERING, FREE-BLOOMING

For those who do not care to keep the names separate but nevertheless want fine Dahlias these are ideal. These are all large flowering, free-blooming, but they are labeled as to color only. Moreover, we have found from years of experience these are the four most wanted colors in Dahlias:

1 Pink 1 Yellow 1 Red 1 White
BB 2 All 4 for \$1.35 Postpaid

MIXED DAHLIAS

Choice mixture of fine large flowered Dahlias

BB 31 4 for \$1.00 Postpaid

Show (Ball) Dahlias

These are also called Ball Dahlias. They are small, 2 to 3 inches across. Tremendous bloomers, from early in the season to frost. The flowers come singly on long stems, attractive in the garden and especially fine for cutting. Every day, in season, you can cut a bouquet. The colors are so clean, bright and cheerful, and blend beautifully. Plant them freely, you will be richly rewarded.

Your Choice Alike or Assorted Postpaid

B 36 Pink B 37 Red
B 38 White B 39 Yellow B 42 Lavender Blue
Each 35c, 4 for \$1.15

BB 40 One Each Above 5 Colors for \$1.25 Postpaid

Button Dahlias

These Button (Pompon) Dahlias have small flowers 1½ inches across, perfect in form. Produced continuously for many weeks. Beautiful in the garden, fine for cutting, rich glowing colors. The bulbs are smaller than the larger varieties but it is astonishing how freely they bloom.

B 4 MIXED COLORS Each 30c, 4 for \$1.00 Postpaid

Plant Inter-State's Large Flowering

Giant Cannas

For Continuous Bloom Early Summer to Frost

No other flower will give as brilliant a display all summer and fall as a bed or border of Cannas. WE SEND YOU BIG, EXTRA FINE BULBS. These larger bulbs will produce more and better flowers. Plant them in full sun in good soil when the ground warms up in late spring. Do not plant too early or they will rot in the ground. Water freely in dry weather. Plant 2 inches deep and 18 inches apart each way. As the picture shows, Annuals (see pages 75 to 79) make fine borders for Canna Beds. Among the best are Comanche Petunias, Royal Carpet and Carpet of Snow Alyssum, Persian Carpet Zinnias, Red Head Marigolds, Bachelor Buttons and Nasturtiums. All Cannas are Postpaid.

B 90 **City of Portland**—Beautiful, large flowers of rich, rosy-pink with deep green foliage. Grows only 3½ feet tall.

B 91 **Richard Wallace**—Clear bright yellow. Large flowers right up to frost. Green foliage, grows 4 feet tall.

B 96 **Pink Giant**—The finest pink canna we know. Large heads of broad petaled flowers, a bright glowing pink. Green foliage. 4½ feet tall.

B 97 **President**—For many years this has been America's favorite Canna. All through the season it produces large bright red flowers. Grows 4 feet tall. Green foliage.

B 94 **Red King Humbert**—Large, brilliant orange-scarlet flowers until frost. Purple-coppery-bronze foliage, 4½ feet.

B 98 **Yellow King Humbert**—Large flowers of golden yellow heavily flecked with red. Green foliage. 4½ feet tall.

TUBEROSE

Mexican
Single Flowered

B 299 Flower spikes 30 to 36 inches tall, with very fragrant, waxy-white flowers from July to frost. Very fine cut flower as a single spike will perfume a room. Often 20 or more flowers on a single plant. Grows in full sun or part shade. Plant the bulbs outdoors after all danger of frost is over and the ground has become warm, covering with 2 inches of soil. For earlier blooms, you can start them indoors in pots and transplant outdoors when danger of frost has passed. They are attractive in the border and excellent for cutting. Dig in the fall and store just like Glad bulbs. Our Large best quality No. 1 Bulbs will produce far more flowers than the small No. 2 size.

3 for 60c, 6 for \$1.00

All-America Seed Winners

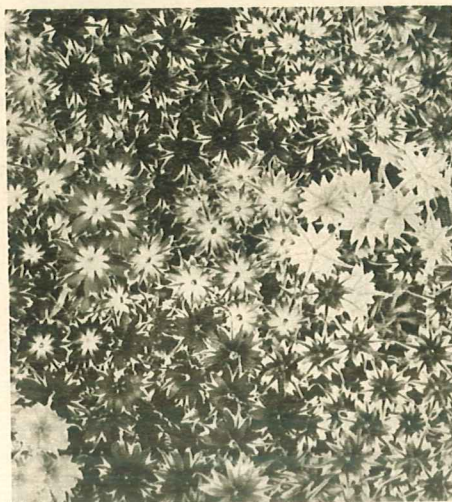

PETUNIA, GLITTERS, 1957 All-America Winner

858 Petunia, Glitters—This new F 1 Hybrid is the first real red and white bicolored Petunia to win an All America Award. Makes a compact plant only 8 inches tall, excellent for bedding, borders and edgings. The 2-inch flowers cover the plants from late spring to frost. And it is lovely in arrangements. The red and white star effect is remarkably uniform in all Glitters' flowers. This was the brightest Petunia in our trials last season, a Fire Chief red with pure white stripes. Healthy and vigorous.

Pkt. (150 seeds) 50c

**All-America Winners
are chosen after careful
selection and testing**

PHLOX, TWINKLE, 1957 All America Winner

860 Phlox, Twinkle—This new annual phlox is simply covered with a twinkling mass of star-shaped flowers from July to Frost. Makes a delightful bedding or edging plant only 6 inches tall. Comes in an enchanting array of mixed colors, shades of pink, salmon to rose, reds, lavender and purple, some solid colored, others in brilliant bicolor combinations.

Pkt. 50c

1957 ALL-AMERICA SPECIAL

ALL-AMERICA SPECIAL

**1 Pkt. Petunia, Red Satin
1 Pkt. Zinnia, Blaze
1 Pkt. Alyssum, Royal Carpet**

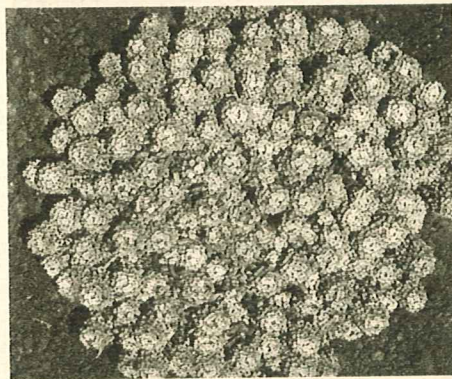

**856 All 3 for only 85c
Postpaid**

Zinnia, Blaze, 1954 All-America Winner

807 Zinnia, Blaze—The only All-America Winner for 1954. Newest, most vivid of the Giant Hybrid Zinnias. This fiery beauty is outstanding for the uniform doubleness of its fluffy, quilled petals. Blaze bursts into bloom with a profusion of brilliant mandarin-red flowers which become scarlet-orange as the flowers attain size, over 5 inches across. Grows from 28 to 32 inches tall. Delightful in the garden or bouquets.

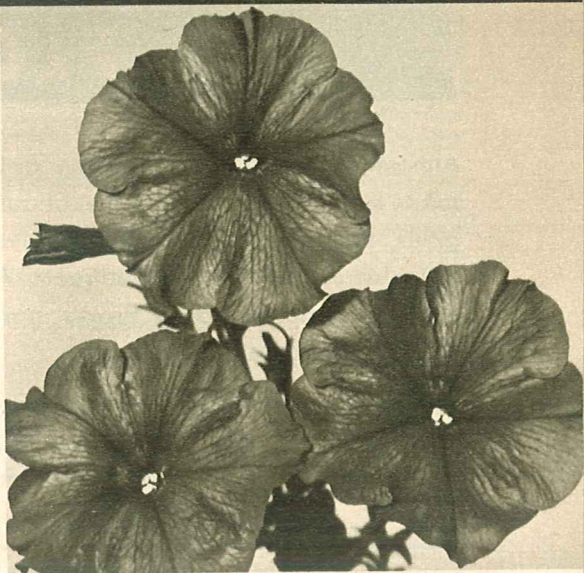

Pkt. 25c

Alyssum, Royal Carpet

805 Alyssum, Royal Carpet—All-America Winner for 1953, the first time an Alyssum ever received this coveted award. Grows only 2 to 3 inches tall and spreads to 10 inches across. It is a perfect ground cover and because of its uniform growth makes a perfect edging along walks, beds or borders. Fine for rock gardens. The flowers are an unusually lovely violet and blooms constantly up to frost. Easily grown. For a perfect combination plant with Alyssum, Carpet of Snow (page 79).

Pkt. 25c

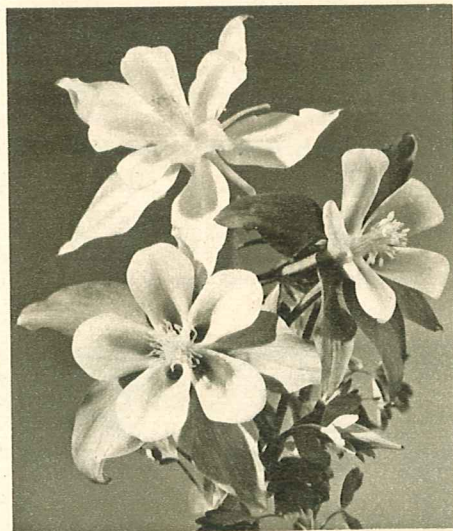

PETUNIA, RED SATIN, 1957 All-America Winner

859 Petunia, Red Satin—This new All America Winner is the richest red of all Petunias. It is even more brilliant than Comanche, a lively bright orange-red. Red Satin is a F 1 hybrid multiflora type that blooms constantly all summer and fall up to frost. A vigorous grower that makes a compact mound about a foot across and less than a foot tall. By far the outstanding red Petunia in our trials last summer.

Pkt. (150 seeds) 50c

**854 1 Packet Each of All 6
All-America Winners Listed
on This Page for only \$1.75
Postpaid (Value \$2.35)**

Columbine, McKana's Giant, 1955 Winner

852 Columbine, McKana's Giant—This 1955 Winner is the first perennial to win an All-America Selections Award in 18 years. The large, showy flowers come in a mixture of vivid colors including white, cream and rose, yellow and red, yellow and violet. They blend perfectly adding a graceful touch to any garden display or bouquet. Grows 2 feet tall. Flowers are 3 to 4½ inches across and 4 inch spurs. Seed planted in early spring should bloom the first year but the second season brings flowers in their full glory.

Pkt. 35c

INTER-STATE'S GUARANTEED-TO-GROW FLOWER SEEDS!

Almost every gardener wants a flower garden. It takes such little space for the beauty and pleasure it gives, not only for the color it gives to the garden, but also for cut flower bouquets. Any home is more beautiful when it has a flower garden. A few cents will furnish flowers all season.

We offer you the finest, most popular flower seeds, personally selected and thoroughly tested. These are the finest that money can buy. Complete planting instructions are on every packet. The figure following the name gives the average height in inches when in bloom. ALL SEEDS ARE POSTPAID.

Free!

Make your seed order total \$2.00 or more and we will include free some packets of seeds worth 30c or more.

ASTERS

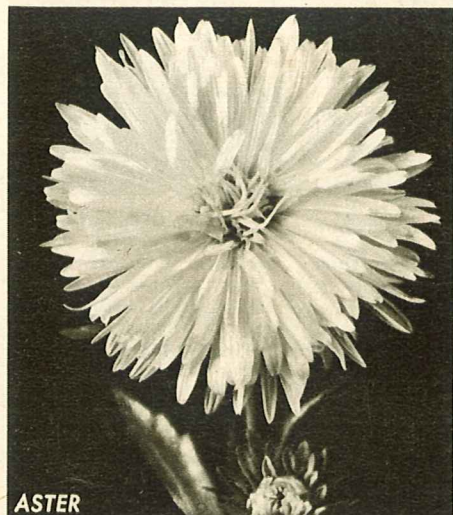

For Late Summer Beauty

Wilt Resistant Asters—If you have had any trouble raising Asters, try our 'Wilt Resistant Strains. They are much more vigorous and productive, giving an abundance of cut flowers. We offer only the Wilt Resistant Strains as they have proven the most satisfactory.

117 Aster Double Mixed, Wilt Resistant (30)—Our mixture of many double varieties gives a lovely variety of colors for home gardens and cutting. **Pkt. 15c**

116 Aster, Giant Branching Mixed, Wilt Resistant (30)—Their branching habit and vigorous growth give a profusion of bloom and vivid colors. Very double. **Pkt. 15c**

112 Aster, Early Giants, Mixed, Wilt Resistant (20)—This is a very early type of Giants of California that blooms 4 to 5 weeks ahead of the regular strain. The flowers are extremely double in an extra choice selection of colors. You will find it outstanding for your garden and perfect for cut flowers. **Pkt. 15c**

803 **Zinnia, Persian Carpet (16)**—All-America Award winner in 1952. Flowers only 1½ inches across in perfect form, like a tiny dahlia, ranging in color combinations of gold, bronze and orange. **Pkt. 25c**

257 **Zinnia, Pompon or Lilliput (20)**—The rich, bright colors make this baby Zinnia very popular. **Pkt. 15c**

ZINNIA GARDEN Postpaid

Ortho-Polka
Burpee's Giant Hybrids
Giant Dahlia Flowered Mixed
Pompon or Lilliput Mixed

Blooms all summer to frost.

900 All 4 Packets for only 60c

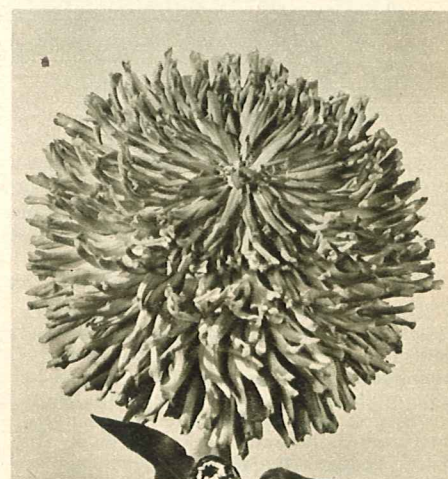

New Ortho-Polka Zinnias, above

250 Zinnia, Ortho-Polka (36)—A brand new Zinnia for 1957. Far superior to Peppermint Stick Zinnia, with flowers twice as large (4 inches across) and brighter colors. The broad, fully double flowers come in the most striking color combinations such as pink, rose, red, or purple with white; red, orange, scarlet with yellow and many others. The plants are vigorous, healthy, drought resistant with strong, long stems for cutting. **Pkt. 25c**

804 Zinnia, Burpee's Giant Hybrids (36)—These new Burpee Hybrids are the loveliest and largest Zinnias ever created. Immense fluffy, ruffled flowers with graceful curved petals, entirely free from stiffness and harshness. Shades of orange, unusual pinks, carmine, rose, vermillion, scarlet, corals and many others, all alive with color.

A Packet with over 100 seeds for only 25c

Zinnias, Burpee's Giant Hybrids

MARIGOLDS

Bloom July to Frost

166 Marigold, Parisian Hybrids (12)—Distinctly new and much earlier than other strains. Every bloom blotched or striped in all the colors and tones known to Marigolds. Very rich green foliage with blooms that will average 2½ inches across. Free blooming and fully double. **Pkt. 15c**

163 Marigold, Burpee Gold (30)—Gives an abundance of glorious deep orange double blooms, 3½ inches across. The long petals are loosely arranged. Blooms and foliage are entirely odorless. **Pkt. 15c**

170 Marigold, Yellow Supreme (30)—Creamy yellow blossoms of the carnation flowered type. **Pkt. 15c**

165 Marigold, Red Head (12)—All-America Winner. Especially fine for borders because the plants are so compact and completely covered with flowers. First the blooms are a rich, mahogany-red, changing to auburn then to bronze and gold, petals are curved with gold reverse. **Pkt. 15c**

806 Marigold, Glitters (32)—All-America Winner. Chrysanthemum-flowered with bright lemon-yellow flowers, fluffy and 3 inches or more across. They certainly light up your garden and very fine for cutting. Blooms from early summer until frost. **Pkt. 25c**

164 Marigold, Crackerjack (30)—One of the finest new Marigolds in years. Far superior to the Sunset Giants, larger flowers (4 to 5 inches across), more striking colors. The flowers are uniformly large, fully double, held majestically above the attractive foliage on strong stems. The color range is superb, primrose, yellow, gold to bright orange. Prolific bloomers, several days earlier than Early Sunset Giants. Be sure to include this new Marigold in your flower garden this spring. **Pkt. 25c**

PETUNIAS

Easy to Grow—Always in Bloom

Petunia (12)—Easily grown, blooms early and continuously until frost. Improved colors make beautiful beds and borders. The balcony types are best for window boxes.

195 Balcony Mixed—A mixture of all assorted colors. **Pkt. 15c**

189 Celestial Rose—Low growing compact mounds of bright rose with a small white eye. By far the most satisfactory of the medium pinks. **Pkt. 15c**

187 Exquisite Mixed—A special mixture that we believe will please the most critical gardener, large flowers and selections in a wide variety of colors. Blooms freely. **Pkt. 15c**

190 Flaming Velvet—A large deep velvety-red, an excellent bedder. **Pkt. 15c**

191 Fire Chief—1950 All-America Winner, a brilliant red. Popular in bedding, borders, edgings and window boxes. **Pkt. 15c**

188 Purple—A large flowered beauty with deep purple blooms. **Pkt. 15c**

FINEST NEW HYBRID PETUNIAS

Below we list 4 wonderful new Hybrid Petunias. In our trials these four and Red Satin and Glitters on page 75 were outstanding. Vigorous, compact, uniform plants that bloomed constantly from early in the season until frost. Not just a few blooms but the entire plants were covered with the lovely flowers. Ideal for beds and borders. If you start the seeds indoors, plants will be ready to set out when warm spring weather arrives.

875 Apache—Simply exquisite, a warm, sparkling rosy-red. **Pkt. (150 seeds) 35c**

801 Ballerina—1952 All-America Winner. Large flowers, 3½ to 4 inches across of glowing salmon-pink. Considered the finest single Petunia ever created. **Pkt. (150 seeds) 35c**

876 Paleface—A late 1955 All-America Winner of pure white, slightly ruffled. By far the finest white Petunia we ever saw. **Pkt. (150 seeds) 35c**

851 Petunia, Prima Donna—An All America Award Winner for 1955. The giant pink flowers, 3½ to 4 inches across, are delightfully waved and fringed, lovely in the garden or in bouquets. **Pkt. (150 seeds) 35c**

LARKSPUR

Tall Spikes of Graceful Beauty

158 **Larkspur, Annual Mixed (30)**—One of the finest annuals, ideal for both garden color and cutting. Gives a more continuous bloom if the faded blossoms are cut off.

Pkt. 15c

Larkspur, Giant Imperial (30)—An ideal type for cutting with long flower stems, branching from the base. Your choice of the following.

160 A **Blue Spire**—Deep blue. **Pkt. 15c**

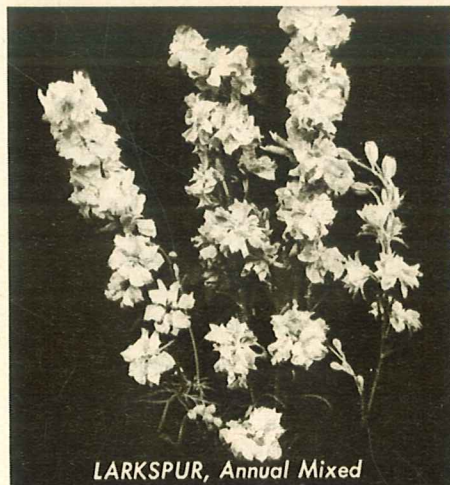

160 B **Carmine King**—Carmine. **Pkt. 15c**

160 D **White King**—Pure white. **Pkt. 15c**

160 E **Lilac King**—rich lilac. **Pkt. 15c**

304 **Larkspur, Rosalind (40)**—A new color in Larkspur, rose with just enough salmon to create a most pleasing shade of rose-pink. Base branching, practically non-shattering, excellent for cutting.

Pkt. 15c

LARKSPUR, Annual Mixed

NASTURTIUMS

Thrive in the poorest of soil

172 **Nasturtium, Dwarf Mixed (10)**—The most popular dwarf annual, easy to grow in poor soil, and blooms for weeks. In rich colors, fine for beds and borders.

Pkt. 15c

173 **Nasturtium, Dwarf Semi-Double Gem Mixed**—A wide range of pastel and sharp colors. **Pkt. 15c**

175 **Nasturtium, Double Glorious Gleam Hybrids**—Large, Double, sweet-scented blooms in striking colors. **Pkt. 15c**

174 **Nasturtium, Gleam Fiery Festival**—A new deep luminous scarlet that you must try this year. An exciting brand new color to brighten your garden. **Pkt. 15c**

SCABIOSA

SCABIOSA

Easy to grow, ideal for cutting

Scabiosa, Mourning Bride (Old Maid's Pincushion) (36)—The blooms of our re-selected strains are almost round and shaped like a ball. Centers are tight with finely cut petals and many layers of crinkly overlapping guard petals. Long stems of cheerful colors make these ideal for cutting. Long lasting in water and blends in so well in a mixed bouquet.

316 **Scabiosa, Giant Rosette (36)**—A glorious new Scabiosa color, a deep, lovely rose, with extra large flowers on long stems which are fine for cutting. **Pkt. 15c**

315 **Scabiosa, Blue Moon (36)**—An entirely new type of Scabiosa with broad, wavy petals of a rich deep lavender blue. Long, wiry stems ideal for cutting. **Pkt. 15c**

214 **Finest Mixed**, lovely colors. **Pkt. 15c**

All **3** for **35c**
POSTPAID

MORNING GLORY, Imp. Heavenly Blue

292 **Morning Glory, Imp. Heavenly Blue**—Clarke's Strain. The large, lovely, true-blue flowers with a lighter throat give a mass of beauty. Fine for trellis or arches. A coarse gravelly soil and a southern exposure gives an abundance of morning bloom until frost. **Pkt. 15c**

293 **Morning Glory, Pearly Gates**—Silver Medal Winner in 1942 All-America Selections. The flowers are a lovely lustrous white with creamy shading deep in the throat. They average 4½ inches across. Vines are covered with bloom from mid-summer to frost. A wonderful companion for Heavenly Blue. **Pkt. 15c**

306 **Morning Glory, Scarlett O'Hara**—The All-America GOLD MEDAL Winner that has created so much interest. The rich, wine-red flowers of good size are freely produced and last longer. **Pkt. 15c**

307 **Morning Glory, Darling**—A new, annual climber with flowers of intense red with pure white throat, as large in size as Scarlett O'Hara. Makes a rapid growth. **Pkt. 15c**

"Complete Your Garden with these Inter-State Annuals"

103 African Daisy, Hybrids Mixed (15)—Compact, bushy plants with white, orange, gold and salmon blossoms from July to October. Very fine for cutting. **Pkt. 15c**

107 Alyssum Procumbens, Carpet of Snow (4)—The dwarf, white, edging plant that is so desirable. Blooms all summer and fall. Each plant is a compact mass of snow-white blossoms. **Pkt. 15c**

122 Alyssum, Violet Queen (6)—A new dwarf compact variety bearing beautiful bright violet flowers all summer and fall. It is a pleasing contrast to the white flowering alyssums. **Pkt. 15c**

118 Bachelor Button, Double Mixed (20)—An abundance of double, colorful flowers July to frost. Fine for cutting. **Pkt. 15c**

123 Calendula, Pacific Beauty Mixed (24)—A new class of Calendula that is more heat resistant and much improved over the old fashioned Pot Marigold. The extra large blooms are dark orange with a scarlet sheen. Excellent for cutting. **Pkt. 15c**

127 Campanula, Cup and Saucer, Canterbury Bell (20)—An easily grown biennial that gives a profusion of blue, rose, and white flowers. **Pkt. 15c**

129 Canterbury Bell, Annual Mixed (24)—Blue, pink, rose, violet, and white flowers in late summer and autumn. A fine border flower. **Pkt. 15c**

130 Carnation, Chabaud's Giant Imp. (16)—Our most popular early flowering clove-scented carnation. The robust, long-stemmed plants give continuous bloom. **Pkt. 15c**

131 Castor Bean, Ricinus (120)—Tall-growing background plant with ornamental foliage. Useful for screening alleys and unsightly places. **Pkt. 15c**

808 Cosmos, Fiesta (30)—Winner of the All-America Selections Award for 1952. Brings a new color to the Cosmos family, bright orange petals are flashed with scarlet. Flowers are semi-double, ruffled, with lacy foliage. Makes a compact plant 2½ feet tall that blooms all summer long. Showy in the garden and excellent for cutting. **Pkt. 25c**

Cosmos, Fiesta

139 Cosmos, Radiance (48)—A top All-America winner, a new combination of two new colors. The petals are deep rose with a rich crimson eye and a bright yellow center. It has a neat, compact erect growth habit and as a cutflower is unsurpassed. Long stems. Blooms all summer. **Pkt. 15c**

141 Cosmos—New Extra Early Sensation Mixed (48)—A new strain that blooms two weeks earlier than other varieties. A full color range of very large flowers. **Pkt. 15c**

124 Celosia, Pampas Plume (30)—Large, feathered plumes of many bright colors, bronze, copper, gold, sunset and reds, on long stems. Blooms right through hottest summer weather. Striking in the garden and fine for cutting. Grows about 3 feet tall. **Pkt. 25c**

303 Dahlia, New Dwarf Hybrids (20)—This new strain of Dahlias is selected to give a higher percentage of true doubles and a much wider range of colors. **Pkt. 15c**

145 Dianthus, Pinks, Heddewigii Dbl. Mixed (12)—The freely-produced flowers of crimson, purple, pink, and white are fine for cutting. **Pkt. 15c**

Celosia, Toreador, 1955 All-America Winner

850 Celosia, Toreador—This All-America Winner for 1955 is much brighter and richer red than the other crimson-colored cockscombs. It grows about 2 feet tall concentrating most of its flowering in a huge, center comb. The foliage is light green, a lovely contrast with the brilliant color of the comb. Blooms from midsummer until frost. Lovely in the garden, attractive as a cut flower or can be dried for winter bouquets. **Pkt. 35c**

148 Four O'Clocks, Marvel of Peru (24)—Flowers of red, yellow, lilac and white. The glossy foliage and profuse bloom make it an attractive border plant from July until frost. **Pkt. 15c**

154 Gypsophila, Annual Baby's Breath (15)—This improved London Market strain gives an abundance of large, pure white flowers. Make several plantings for continuous bloom. **Pkt. 15c**

183 Pansy, Giant Superb Mixed (6)—A large flowering strain in a beautiful color range. **Pkt. 15c**

308 Pansy, Super Swiss Giants (6)—For size, color, and free blooming qualities this garden favorite is unsurpassed. **Pkt. 15c**

196 Poppies, American Legion (30)—Brilliant scarlet that brightens your flower garden. Blooms the same time as Larkspur (page 78) so when planted with Blue and White Larkspur, it makes a colorful display. Reseeds itself making it last for years. The best red poppy. **Pkt. 15c**

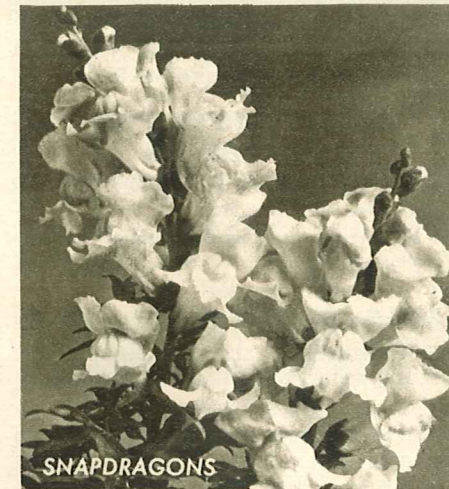

PAINTED DAISIES

182 Painted Daisies, Finest Mixed (18)—The annual Chrysanthemum is easily grown and loved by all. Early blooms, choice colors. **Pkt. 15c**

209 Portulaca, Rose Moss, Dbl. Mixed (4)—Our unsurpassed, choice doubles. Delicate green foliage simply covered all season with bright colored flowers. The flowers resemble small roses and in dry weather are at their best. **Pkt. 15c**

225 Snapdragon, New Tetra (30)—These new Giant Ruffled Tetraploid Snapdragons are the largest flowered of all. Distinctly ruffled with richer, brighter, clearer colors, beautiful tone blendings and combinations. You will be amazed at their striking beauty. **Pkt. 15c**

SNAPDRAGONS

226 Snapdragon, Super Giants, Rust-proof (30)—A mixture of our own selection, taller in habit than the California type and bearing larger blossoms. **Pkt. 15c**

228 Strawflowers, Everlasting, Mixed (20)—Our own collection of many kinds especially selected for your winter and decorative bouquets. **Pkt. 15c**

243 Salvia, Splendens, Globe of Fire (16)—Continuous blooms of brilliant scarlet for your borders, beds and window boxes. **Pkt. 15c**

244 Tithonia, Torch—Waist high, bushy plants with brilliant orange-scarlet, single, dahlia-like blooms. Ideal for background and also a good cut flower. **Pkt. 15c**

248 Verbena, Giant Hybrids (10)—Fine for borders, beds, porch boxes and among tall growing plants like Lilies. Bloom all summer and fall. All colors mixed. **Pkt. 15c**

INTER-STATE'S TESTED, GUARANTEED-TO-GROW

Vegetable Seeds!

Our Seed Guarantee

We guarantee our seeds to be of the best quality and to grow in your garden. Otherwise, we will replace them free.

When you see this mark (*) before the name of a variety, it means that we recommend it especially for quality and productiveness in the home garden. The number following the name indicates the approximate days from planting until ready for use. Complete easy-to-follow Planting Instructions are printed on every seed packet.

IMPORTANT NOTICE...

If you order both Seeds and Nursery Stock, please write your Seed Order on a separate Order Blank or sheet of paper. Seeds and Nursery Stock are not shipped together. Be sure to write your full name and complete address, plainly, on both sheets. ALL SEEDS ARE POSTPAID!

FREE! Make your SEED ORDER total \$2.00 or more and we will include FREE some packets of seeds worth 30c or more.

K 23 Nitragin Only 25c

Be sure to inoculate your Beans, Peas and Sweet Pea Seeds with Nitragin. It greatly increases the yield. A garden size packet is enough to treat 3 or 4 pounds of all 3 seeds.

BEANS

One packet of Bush Beans will plant 25 feet and 1 pound 140 feet.

DWARF GREEN POD BUSH BEANS

*401 **Burpee's Stringless Green Pod** (50 days)—Our most popular bush bean. It cannot be beat for table use or canning. Its quality, productiveness and tenderness have never been surpassed. Stringless.

Big 3 Oz. Pkt. 20c; ½ Lb. 40c; 1 Lb. 70c

*400 **Greencrop** (52 days)—New for 1957, All America Award Winner. Makes strong, upright plants from 18 to 24 inches tall simply loaded with long, large, straight beans. Pods are absolutely stringless, dark green with brittle flesh of the highest quality. Try it in your garden this spring.

Big 3 Oz. Pkt. 30c; ½ Lb. 60c; 1 Lb. \$1.00

*403 **Tendergreen Improved** (53 days)—The round, dark-green pods are 6 to 7 inches long, straight, stringless and high quality. Extremely heavy producer. Fine for eating fresh, canning and best of all varieties for freezing.

Big 3 Oz. Pkt. 20c; ½ Lb. 43c; 1 Lb. 75c

DWARF WAX POD BEANS

*406 **Brittle Wax** (54 days)—By far our best yellow-podden bean. Superb quality, very early and highly productive. The long, round pods are perfectly stringless at all times, very tender, light yellow. Many think this the finest quality of all beans, wax or green.

Big 3 Oz. Pkt. 20c; ½ Lb. 45c; 1 Lb. 80c

905

BEAN SPECIAL

**Have Earlier,
Larger, More
Tomatoes
by using
Blossom-
Set**

You will have Earlier, Larger, Meatier and More Tomatoes by using "Blossom-Set," an approved plant hormone. Tested by U.S.-D.A. and leading universities. Easy to use, just mix with water. It makes the fruit set better, prevents the falling of the first blossoms. The tomatoes will ripen 2 weeks or more earlier. The plants will produce larger, firmer, meatier fruits with fewer seeds, better flavor and richer color. Use it also on CUCUMBERS, EGG PLANTS, PEPPERS, SQUASH. Makes them produce more and better. Full instructions on the bottle. Guaranteed satisfactory. Postpaid.

2½ Lbs. Bug-Dust-O-Cide and Duster \$1.95

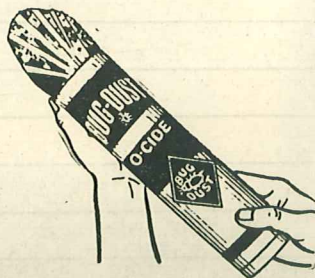

The new, improved duster is a sturdy fiber container, easily operated by pumping stroke, as illustrated.

1. NON-POISONOUS TO HUMANS AND DOMESTIC ANIMALS WHEN USED AS DIRECTED.

2. MULTI-PURPOSE—Has a triple action on certain insects—as a stomach poison, a contact poison and as a repellent.

3. EFFECTIVE—Satisfied users everywhere recommend Bug-Dust-O-Cide.

4. EASY-TO-USE—ready to apply—no mixing, no fuss or bother.

INTER-STATE PRINCESS TUBEROUS BEGONIAS, from Belgium's best quality growers, are the two-in-one flower sensation of America. You can have gorgeous outdoor bloom in summer and lovely indoor bloom in winter, ALL FROM THE SAME BULBS. No other flower can equal them for sheer exquisite beauty. A bed of them will provide a continuous, beautiful display of flowers from early summer until frost, for a shady spot in your garden. And, when they are through blooming in the fall, you can pot them for winter flowers indoors. These are the double, Camellia-type blooms, even larger than pictured, of perfect form and carried erect on strong stems. The flowers are perfect for bowl or saucer use.

Pictured above are the actual, average size bulbs you will receive. The larger size bulbs (1½ to 2 inches across, diameter) will produce more flowers than the medium size (1¼ to 1½ inches across). Both will bloom this summer. We recommend the larger bulbs especially for growing indoors. If you want bulbs for indoor planting, PLEASE WRITE THIS ON YOUR ORDER. They can be shipped around January 15th. Otherwise bulbs will not be shipped until planting time. We send instructions for growing indoors and outside. POSTPAID.

If bought by name these Glads would cost 3 times as much or more.

Gladiolus are the finest of all flowers for cutting and so easy to grow. Customers from coast to coast have written us telling how delighted they are with this collection. We believe it is the finest mixture in all America. It is strictly high-class, hand-made by us from fine named varieties. Contains all the gorgeous Gladiolus colors, from white to almost black, with many shades of red, pink, yellow, lavender, purple, orange, blue, and the lovely blends. When they bloom this summer you will recognize many of the varieties described on pages 71 and 72. The flowers are large, 4 to 6 inches across, many ruffled, on tall sturdy stems. The bulbs are first-quality, state inspected and measure 1 to 1 1/4 inches across (diameter). Glads are so easy to grow, all over America. Just plant them in ordinary soil, 5 inches deep. Make your first planting in early April. Then plant at 2 week intervals until middle of July. You will have flowers from mid-June to frost. Easy-to-follow Planting Instructions sent with each order. Plant plenty, how handy it is when you can go out in your garden for a needed bouquet. Also, why not send a collection to a relative or friend? Send us the name and address and we will ship direct, postpaid and enclose gift card with your name.
